Commander. HE TURNS STATE EVIDENCE.

STARTLING DISCLOSURES. Preparations for an Insurrection, A PLOT TO MURDER GOVERNOR MORTON.

The Northwest to be a Seperate Confederacy. âo., âo., âo.

Naw Yosk, Nov. 4 .- Horace Heffern, Deputy rand Commander of the order of the Sons of Liberty in Indiana, who for some weeks has been on trial here, for participation in a treasonable conspiracy, to day turned State's evidence, and made startling revelations of the schemes of the order. He said nobody but Democrats had the order. He said nobody but Democrats had ever been admitted into the order, or would be if they applied. He also confirmed the previeus evidence of a military organisation in the order, and of the appeniment of a Major General to command it. Dr. Bowles, one of the accused, was commander-in-ohief, with a staff, of which Dr. James B. Wilson, recently arrested, was Adjutant General. He said that a committee of thirteen was appointed to prepare for an insurrection, and that the insurrection was intended to release the rebel prisoners in the North-west, arm them from government areassis, overturn the State government, kill Governor Morton, or hold him as hostage for captured insurrectionist, and then form the North-west into a seperate confederacy. He said he was told by Adji. Gen. Wilson, of Bawles' staff, that \$500,000 had been sent by rebel agents in Canada, into the North-west to purchase arms for the Urder, and that \$500,000 had been left in Indiana, in the hands of Dodd and Jno. O. Walker, State agens. Wilson showed Heffren \$1000 hr received agents. Wilson showed Heffren \$1000 hr received agents. Wilson showed Heffren \$1000 hr received aletter, signed "One of the Men," declaring that the writer and his associates were sworn to kill him and would do it.
