I also applied to two Doctors, who visited me atmy house and gave me some medicine, but it would not do, I could not get well. Over a year ago I got an advertisement of your Lindsoy's Blood Scarcher, made by yourself. When you sold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me, and used it according to your directions. I then called to see you again when you said I could not expect much benefit from one bottle. I bought it, one bottle and took it home with me, and used it according to your directions. I then called to see you again when you said I could not expect much benefit from one bottle. I bought it, one bottle at a time, until I had used five bottles. After this quantity wa used, I was entirely well of the Piles, which had tortured me for Itworty years. In other respects my health is improved, and I am as well-as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of the return of the disease. I can do any kind of farming now without work he Piles coming down and hurting me. I can pilch hay, chor wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood Scarcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was, and do not know the value of your medicine. You may publish this-if you like. Testerday was, without doubt, one of the most disagreeable days out of door, we have had for a logg time. A drizzling rain fell all day without ceasation, and the streets and sidewalks: were covered with a mixture of anow, underlaid with a heavy sheeting of ice, which rendered navigation bothumsafe and unpleasant. The river commenced to awell again yesterday afternoon, and last evening it was rising rapidly with scatt tea feet in the channel by the pier marks. Both the Monongachia and Allegheny rivers were clear of ice at this point last night; the gorgo in the latter stream at logan's Eddy had not given way at dark, but it was thought that it would do so during the night. A dispatch from Oil City late yesterday afternoon-riports a heavy gain as having fallen at that piace during the greater part of the day, and the snow was rapidly disappearing.
