He is one of the most popular man on the river, and is universally celecuted for his gentle-manly deportment and sterillag character. That he will well and faithfully discharge the duties of the office, no one who knows him can for a moment doubt. There is a filteres and propriety in this oppointment, aside from the merits of the man. The period Pittaburgh has had an in-spector, in the period of Mr. Crawford, and Cincinnati has had hers in Mr. Shield-giving the office thus far to the two extremes of the district. It is but just, therefore, that the mid-dle of the district should have a representative. Row on Third Street--A Female on the Rampage--Five Men. Cut. The body of a man was found in the Mon at a late hour. A ball had been given at Lon gahela river, at the mouth of Turtle creek, beton's, and faller it was over one of the men deow Fort Perry, on Wednesday last, horribly mangied and disfigured, occasioned, as it is sup-posed, by its contact with floating ice, and by the body being borne over the data. The skull was crushed; one les, below the knoe, mished, with the foot merely hanging by a tendon, and one and hroken. He appeared to be about 45 sired to accompany one Chara Flsher to her home. Attempted Larceny. A bold case of house breaking was bronght to light in the Third ward, last evening. It ap-pears that a woman namel Schmidt, residing on Clay alky, had been alsont from home, and on returning was suprised to find a fellow inside, having gained access through one of the win-dows. - She gave the alarm, and officer Kemp was soon on the ground, and went in paranit of the guilty party, whom he took into ensiody; but before he gat him to the watch-home he managed to give the officer the ally, and, being fleet of foot, excepted. The officer, however, kept a sharp lookont for the fugling and an horr or two later succeeded in hils prisoner. He was taken to the watch-home, where ho gave his name as J. Brickman, but he is bettar known as "Duch I'nd," under which sookrigwet be has figured frequently as Collins Park, as a pedes-trian. Judge Sterrett, however, having some dobbts la reference to the law, instructed the jury to find a verdict of guility, reserving the question of law until he could consult with his is wither Judges. This immoring, in the Court of Quarter. Sessions, a full bench being present, Judge Sterrett ordered the verdict to be set aside, thus stuataining the view of the law which Maj. Invom had taken. This deckion is of some im-portance, as it asequines that, ander the law as it bow stands, the giving of presents in connec-tion with the sale of hooks, or any other article of value, is not an ladietable, offense.
