MONDAY, Maich 20, 1855.

The time and attention of the great majority of our Crude Oil dealers is still absorbed in endeay-orig fo Cand out the loss they have suntained by the late freshet in the Allegheny river, as no advices either by telegraph or mail have yet been received from Oil City. We are in hopes, hovever that the reports which prevailed to-day, about the heavy losses suntained are greatly exagerated, about the heavy losses suntained are greatly exagerated, and that although bad enough at best, later intelligence will put a different aspect on things. Another thing to be taken into conwitten in the suntained of the s icked up along the river banks both above and elow here, and arrangements have been perfected by heich, all the oil so obtained will be restored to be right in agrees. "Get out of debti-get out of debti" is our adlice to merchants, manufactures, and business
men, and then, though the decline in the east value
of your commedities has fallen, and you count
your means by hundreds, where you did by thousands a ball year ago, remember you own optime,
and relatively areas well of as aver.

If you are out of debt, it matters less what you
hold, though the decline will be greater in some
things than others, if you are involved, sell, and
sell now, until you are certain that the continger
ey cannot arise, when it will be necessary for your
good name, to put you goods or access at pacio
prices Remember too, that quiet, steady contraction, will prevent panie, and in due time the old
standard may at length be reached, and we all
breathe free again. oy which, all the oil so collined will be restored to the rightful owners, minus their proportion of the expense in having the measures referred to carried tandard may at length be reached, and we all results free sgain.

Communication with the East by wire has not been resumed: we cannot rely upon the quotations of to-day as any evidence of what to-morrow will be. We have worked in the dark all day, having to gold or stock reports from New York or Phila-Stalaha. Special Dispatch to the Pittsburgh Garette.

Allegorery Fratory, March 20 - 220 Mis.
Allegorery saused among merchants by the crash in gold, the sects of a future panic to sell at such low rates. The Rebellion passes out of existence rapidly, and those who count upon gold haiting at 150, or any premium which will enable parties doing ouniers upon recilit to saddle their losses upon the consumers of goods, recken without their host. Buyers of merchandise act upon the conviction that gold as to sell still lower, and they purchase nothing that they can do without, a process sure to leave goods unsold, or force them to market at rates equal to the fall in specie.

DAILY REVIEW OF PITTSBURGE MARKETS. Baltimore Market, March 18. MODIAT, March 20, 1865.

The week has not opened very auspiciously for business, if to-day may be taken as a fair criterion. There seems to be a panickly feeling prevailing in all departments of trade, and with sellers greatly in the ascensency, prices, as a general thing, are weak and dropping. Flour-The market gave way to-day, and sm: in the ascensency, prices, as a general thing, are weak and droppling.

GRAIN—There is scarcely enough doing in either Wheat or Bailey to establish quotations. One dealer informed us that he was paying \$1.760.80 for the former and \$1 for the latter, and for the present these may be regarded as the nominal quotations. Corn is very dull and drooping; sale of 100 bush in Ears, at \$1, and 100 bush prime do from atore, at \$1.20. Oats dull and drooping; sale of 1 car on tack, at 76c.

PROVISIONS—Ba:on continues very dull and we again reduce our quotations—19019/4 for Shoultied.

(Fain—Wheat, to-day only 660 bushels white and 2700 bushs red received, with sales of 200 bushs white at \$2,50. and 1800 bushs red at 2,45. Corn, 400 bushs offered, with sales of 700 bushs mixed wife at 1,35, 1160 bushs white [at \$1,426],45; and 1000 bushs yellow at 1,466],42 per bushel. Oats, 6300 bushs offered; small sales reported at \$56,030 weight. we again reduce our quotations—19019½ for Shoul-iers, 18621½ for Ribbed Sides, and 23½624 for Zhear do, and 23 for Sugar Gured Hams. Lard is utll and prime kettle rendered is offering at 22. dull and prime kettle rendered is offering at 22. Nothing doing in Mess Perk.

FLOUR—The demand for this commodity continues very light, and the market is dull and noglected and drooping. One firm reports having sold 180 bbls Extra Family at from \$10,2561,050 R bbl, and these may be reparted as the ruling rates for the first part of t RIVER INTEL LIGENCE.

whe need be deceived in regard to his preparation Dr. Gro. H. Keyshe: I became afflicted Piles about twenty years ago, and avery year the were growing worse, so at te trouble me very much so much-toat times as to unfit me fer work. Some interest is as so had that I could not do anything o account of them; they came out on me as large ass hickory nut. I had tried a great deal of medicine for them. I used to bury and take whatever coul hear of or read of in circulars and pamphlets that fell in my fax, but I could not et curect sometimes they would do-mesome good for a little while, ut afterwards they would return again as had as ever. I also applied to two Dectors, who visited me atmy house and gave me some medicine, but it would not do, I could not get well. Over a year ago I got an advertisement of your Lindsey's Blood Searcher, made by yourself. When you fold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me, and used it according to your directions. I then called to see you again your directions. I then called to see you again your directions.
