CATTLE—The market was devoid of excitement or any special nettivity this week, but as the ripply was unusually light, being estimated at five to six hundred , ead, last weeks prices were fully sistained. The demand was compractively light, being confined altogether to butchers and government contractors, and if the receipts had been up to the usual average, prices would, undoubtedly have given way, and the general impression among drovers and dealers is that sooner or later there will be a "break down" in the market, and a "lot up in prices.
