Of this the A. & P. red scres, and there is yet to be developed a large amount of its best territegy. The working interest in the two wells known as the Clark and Banks wells, on the John Buchanan Farm, is likewise owned by the A. & P. It is plain from the rect, that the Allegheny & Pittsburgh Oil Co. is in a very "bealthy condition"—an assertion that can act truthfully be made in regard to a number It has been estimated that the business men o It has been criticated that the business men of the largel North field on the first of January property in merchandles to the amount of five hundred millions in currency. This has shrunk one hundred and fifty millions by the decline in prices. On the other hand, the fall of goldfrom 224 to 160 has advanced the value of our four hundred and fifty millions greenlacks eighty-one millions, and has enhanced the value of our seventeen hundred mil ions United States bonds three hundred and six Editions. In other words, the business communi-ty has lost about one hundred and fit; millions, and the holders of Government; bonds and legal tenders have gained about three hundred and gai trauers millions. The interesting question eggity-seven millions. The interesting question that now commands the attention of the moneyed world is a simple one. ne need be deceived in regard to his preparatio DR. GRO. H. KRYSER: I became afflicted Piles about twenty years ago, and every year th were growing worse, so as to trouble me very much se much so at times as to u niit me for work. Sees mes I was so had that I could not do anything o count of them; they came out on me as large asa ickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever coul-hear of or read of in circulars and pamphists that ell in my way, but I could not et cured; some

ut afterwards they would return again as bas age ever. I also applied to two Doctors, who visited me atmy house and gave me some medimine, but it would not do, I could not get well. O'ver a year ago I got an divertisement of your Lindsey's Bleod Searcher, made by yourself. When you sold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bettle and took it home with me, and used it according to your directions. I then called to see you again when yought I could not expect much benefit from one bottle. I bought if, one bottle at a time, until I had used five bottles. After this quantity wa used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been will now for six months, and there is no appearance of the return of the disease. I can do any kind of farming now without work he Piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood Searcher I kept on taking it until I got sirely well. I consider it my duty to make my seas known to the sountry for the benefit of others whe may be suffering as I was, and 40 not know the sale of cour medicine. You may unknite this si may be suffering as I was, and do not knew the raine of your medicine. You may put you like. I live in Wilkins township, pleased to natisfy any one of the truth of this est;
