RIVER INTELLIGENCE.

The difficulties to recede steadily at this point, though there is still an abundance of water for all navigable purposes. The weather yesterday was clear and pleasant, and seemingly settled.

The arrivals since our last report, inside the Argonaut No. 2, from Cincinnati; Highlander from St. Louis, and the America from Dubuque. There are other boats about due, and will doubt-less arrive in the next day or two.

The Argonaut No. 2, we learn, was the only depar-ture, Capt. Cloud was making preparations to leave for Cincinnati, flying Packet, and would doubtless get off during the evening. The last named boat is in government employ, and arrived from Paducah on Sunday, loaded with negro troops.

We learn that in consequence of the high water on the Muskingum river, the Emma Graham has been compelled to lay over one trip, and will, therefore, not leave Cincinnati here until Sunday night next.

Business was almost wholly suspended at the various landings, and consequently, there was but very little unemployed variety at hand. We expect to see considerable activity to-day, however, particularly at the Allegheny wharf, as all of the regular packets appear to be in port this evening.

The entrance America, which arrived here yesterday, belongs the trade, we believe; of making the trip through trip up the Upper Mississippi, this season.

It is not certain, as yet, where the America will locate for, but Capt. Gooding will make up his mind in the course of a day or two. The possibility is, however, that she will lead for Nashville, should sufficient inducement offer.

The Leon can, Capt. Cox, will be ready to receive freight for St. Louis and all intermediate points in a few days. The severe illness of Capt. Cox, which is now lying very low at Brownsville, will prevent his resuming command for a few days.

The Reveno, Capt. W. H. Evans, is now leasing for Pittsburgh, and will have dispatch on Wednesday. Capt. Jas. Miller, late of the Carondelet, is to be found in the Nevada's office.

The Ruskin was at Louisville on Friday, loading for Memphis, and among other items she received one hundred tons of oil cake for New York. The Ruskin left here the same day for St. Louis.

The St. Louis Democrat of Thursday says:

Capt. David White, of this city, has bought from Capt. Pat Yore, three-fourths of the Maria Denning for $43,000. The Denning was built at Cincinnati, March, 1865, cost $49,000, carries 1,500 tons, and has capacity for two or three regiments of troops.

Mr. J. C. Bryan has bought from Dr. Lamme, of St. Joseph, three-fourths of the steamer Calypso, at the rate of $36,000 for the entire boat. Mr. Bryan has taken possession of the office.

MEDICAL.

PILES! PILES! PILES,

PILES,
CURED!
TWENTY YEARS' STANDING,

Below will be found certificate from one of the most respectable citizens of Wilkins township, regard to

Dr. Keyser's Lindsay's Blood Searcher.

The Doctor's certificates are within reach, and need be deceived in regard to his preparation

DR. GEO. H. KEYSER: I became afflicted Piles about twenty years ago, and every year th were growing worse, so as to trouble me very much so much so at times as to unfit me for work. Some men I was so bad that I could not do anything o account of them; they came out on me as large as hickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever send hear of or read of in circulars and pamphlets that fellin my way, but I could not ot cured sometimes they would do me some good for a little while, ut afterwards they would return again as bad as ever. I also applied to two Doctors, who visited me at my house and gave me some medicines, but it would not do, I could not get well. Over a year ago I got an advertisement of your Lindsay's Blood Searcher, made by yourself. When you sold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me, and used it according to your directions. I then called to see you again when you said I could not expect much benefit from one bottle. I bought it; one bottle at a time, until I had used seven bottles. After this quantity was used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of the return of the disease. I can do any kind of farming now without work he Piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood Searcher I kept on taking it until I got entirely well. I consider it my duty to make this known to the country for the benefit of others who may be suffering as I was, and do not know the value of your medicine. You may publish this if you like. I live in Wilkins township, and will be pleased to satisfy any one of the truth of this cer; I taste they wish to call on me.
ELLIOTT DAVIS.
December 26th, 1864.

Look out for the name of DR. GEORGE H. KEYSER on the outer of the bottle, and pasted over the cork also for his stamp on the United States stamp on the top of the bottle, to prevent being imposed upon by a spurious article which is in the market.

CATARRH!

DR. R. GOODALE'S

CATARRH REMEDY

If prevention is the very seat of this terrible disease, and exterminates it, root and branch, forever. Dr. GOODALE is the first and only person who ever told the world what Catarrh really was, where it commenced, and what would cure it.
Dr. GOODALE has spent a lifetime in battle with this fell disease, exploring its secret ambush and making known to the world the fact the Catarrh, which has for years defied the skill of a search of medical men and authors in this country and in Europe, can now be cured, with the same certainty that morning follows night. Thousands, who tried every known cure in vain, have been permanently cured by Dr. GOODALE'S CATARRH REMEDY, and now praise it in the most extravagant terms of praise.

Call at our nearest agency, or send a stamp for a pamphlet. Revised and prepared by R. GOODALE, M. D., New York.
