PROPOSALS.

PROPOSALS FOR BITUMINOUS COALS.—Sealed Proposals will be received at the office of the Philadelphia Gas Works, No. 20, South Seventh street, until noon of Friday, 24th of April, 1863, for supplying the whole or part of seventy thousand tons of Bituminous Coals, suitable for the manufacture of illuminating Gas to be delivered on the railroad tracks of the gas works, at the Twenty-second and Ninth Wards, in the following quantities: seven thousand five hundred tons in each of the months of June, July, August, 1863, and January, February, March and April, 1864.

The coals must be delivered clean, dry and of a quality approved by the Engineer of the Gas Works as equal to the sample on which the contract is let.

The proposals must describe the particular variety of coals intended to be supplied and the location and name of the mine or pit from which they are to be raised. If they are of a kind not now or recently used at these works, samples for trial of not less than fifty tons must be delivered at the works on or before the 7th of April next.

The gross ton of 2240 lbs will be adopted as the weight intended in the proposals, unless the contrary be expressly stated.

The Trustees reserve the right to accept any proposals in whole or in part, or to reject all, as they may deem best for the interests of the Trust; and in event of failure on the part of any contractor to deliver the coals, according to his agreement, both in quantity and quality, the Trustees reserve the right to buy elsewhere, whatever quantity may be required to meet the deficiency, and charge to the contractor any loss or damage arising from such failure.

Payments will be made monthly, in two equal instalments, at four and six months after the specified periods of delivery, the 15th of each month being taken as the average of the monthly deliveries, or at the option of the Trustees, will be made at earlier dates, with legal interest off.

Should contractors prefer to make deliveries earlier than required, they may be received, so far as they can be conveniently stored, but payments will be made to date from the time specified in the contract.

Security for the fulfillment of contract will be required, and such proposal must name the amount and character that will be offered.
