We are requested to correct the mistake of come who suppose the "Library Hall Company" and the "Acadeumy of Music" are one and the same. They have no connection with each other; the latter, being projected under a charte precured last winter, is intended for the oper-and the drama only. the Weish and Kelly Case—The Law Relating to Professional Thieves—Opin-ion of Judge Stowe. This morning, Judge Stowe delivered an opinn in the Welsh and Kelly habeas corpus casethe act relating to the commitment of "professlocal thieves" in this county. The judge decides that the defendants were lliegally commitd inasmuch as they were not arrested at any Cartain James T. Chalfant, of the 11th regl ment, Pennsylvania volunteers, and who ha f assembly, but in consequence of developmen ande upon the hearing in regard to the robberg of Dr. McCandless, the court orders that the defendants both be held to answer that charge, and that Dr. McCandless be held in the sum of 1,000 to appear and prosecute the case. The where are escaped, and was aderwards capture in endeavoring to make the coast; from Columbia he was taken to Danville, North Carolin and f.om thence to Charlotto, where he again made his escape on the 17th of February, was again taken and this time confined in the Libby Frison, from which place he with the other prisoners with him, was released on the 32 of April. ollowing is the decision : This is a proceeding by habeas corpus under the act of 13th of March, 1863, and its supplement of 20th of March, 1863, relating to the ar-

ment of 20th of March, 1863, relating to the ariest and imprisonment of professional thieves.

SECTION 1. "If any person shall be charged
on oath or affirmation before the Mayor (of the
etry of Pittsburgh) with being a professionalthiof, and who shall have been arrested by the
police authorities at any steemboat landing, railroad depot, church, banking institution, broker's
office, place of nabile amusement, anction roan,

ful purpose, he or she shall be committed, &c.

The second section gives to parties so committed the right to apply to any Judge of the
Court of the United States for a writ of habeas some sheep and bit others. The dog was killed, but before being killed, bit Mr. Bull and his lit-lie girl. Another dog bit a little girl, a boy and a man in Saybrook. The dogs proved to be mad, a man in Saybrook. The does proved to be mad, and the sheep have become mad, and flears are entertained in regard to the persons bitten. The firsh of each patient has been removed from the parts bitten. The sheep act in a remarkable manner while in spasma. Sometimes they will drop as if shot, lying perfectly still; at other times jump up and go to eating. They snap and bite in a very unabseptike manner. Don't of the United States for a writ of haboas corpus, and directs that on the return theroof, here shall be a reheating of the evidence, and impowers the ludge either to modify, discharge for confirm the commitment.

Several exceptions have been taken to the proceedings before the Mayor, all of which we deem immaterial, as involving matters not the subject of review here. The case comes before has to be heard simply upon the existence which Congress, at last session, passed an act providing that any person, whether an inventor of an assignee, for whom a patent was ordered, to Then first as to the statute: The act requires

Then first as to the statute: The net requires; that the party committed be not only a single state a "professional this;" that he be four franchat y as one of the following places, with a mean landing, railread depoi, thurch, barring institution, proker's office, places of purious and one meat, ancient moon, store or crowded attentional fare," for an animoful purpose, and be then amount of the active base bothing to do. It is for us to give it a construction and there arrested. With the merits of the act we have bothing to do. Defendant's autorneys have taken exception to the defendant's being arrested before the charge required by the act was made. We think this objection allogether unfounded. The obvious intent of the act is, that parties may be arrested without information or warrant, and the charge made afterwards. And the plain grammatical obstruction of the act. It reads: When a person chall be charged, dec., who shall have been arrested," and such a construction is necessary to give effect to the act. because

tion is necessary to give effect to the act, because the party must be arrested while frequenting the places specified, and to require an affidavit before arrest, of the facts justifying it, would be ineffective. be ineffective.

A number of objections were also made to the receipt of certain facts in evidence on the hearing, with the understanding that we would consider them, when we came to examine the whole consider them, when we came to examine the whole sider them, when we came to examine the whole case preparatory to a decision on it. The conclusion we have come to relieves us from laying any stress upon our views upon the admissibility of the cridence excepted to by the defendant's attorneys, and renders it unnecessary that we should now re-consider them. We may say, however, without intending to express any decisive opinion, that the original impression of the propriety or overruling the defendant's objections and hearing the evidence, remains unchanged. Infanticide.—The remains of an infant but a few hours old were found in an old graveyard at Ashland; O., on last Monday. The body has been partially consumed by the hops that are allowed to roam undisturbed over that graveyard. We hope that the authors of this innuman act may be brought to light, and dealt with according to law.

changed.

The testimony shows that defendants were strested at the Monoagahela House, in this ane tesumony shows that defeadants were arrested at the Monoaghelas House, in this city. This is a botel, they were stopping then as guests, and were eating their supper at the time the officers arrived, in search of another person suspected of larceny. We find no fault with the officers, they did what they believed to be their duty, well, and deserve credit for their activity and pertinactive. But the act will not justify us in holding the defendants, notwithstanding we may be fully convinced from the evidence that they are all they are said to be. They were not arrested in any place specified by the act as executal to justify their commitment to prison. It is evident that a Hotel should be one of the places specified, but it is not. Public satety we think requires it; (and we express the hope that the next legislature may amend the law to meet the emergency) our dety however. TROMAS W. PARRY, practical flate Roofer, and Bealer in American Silate, of various orders. Office at Alexander Laughiln's, near the Walter Works, Pittaburgh, P. Roaldence, No. 75 Pfice street, Orders prosphy attended to. All work warranted water proof. Repairing done at the shortest notice. sately, we think requires it; (and, we express the hope that the next legislature may amend the law to meet the emergency) our duty however is to enforce the law as we find It; and not to surp the place of the legislature by making law.

The well settled rules for the interpretation of this one, and compel us to say that the arrest, was not made at such place as fills the requirements of the Act of Assembly, and that defendants are therefore entitled to be discharged from crastedy under these commitments.

But while such is our conclusion in reference to these cosmolitudes in investigation, which imperatively domain that beds the defendants is estill detailed in custody and held to answer a charge of larveny of the property of Dr. A. G. McCandless, at the Sanitary Fair in Allegheny City, in last June.

We therefore order that James H. Welsh and Wm. Sanford, alias Scotty, alias Kelly, he related in custody of the keeper of the juil of Allegheny county, to be by him safely kept until they are discharged by due process of law, and we fix the bail witch may be given, in the case of James H. Welsh as \$3000, and in the case of William Sanford at \$3000, and it is codered that Dr. A. G. McCandless be held in \$1000 to appear and proceeute said charge. the roof is not atused after it is put on.

Reduction.—Our Irlend, Mr. John Weler, No. 126 Federal street Allegheny, when in the cast when the glorious news of the capture of litchmond and the surrender of the robol General Lee was neceived, and taking advantage of the panic produced, and knowing the re-action that would follow, made very heavy purchases of the finest spring and summer goods at about one-half of the old phices. Some of the finest cloths, casaimeres and vestings are included in his stock, which he is prepared to make up to order, on short notice in the latest styles, and at correspondingly low rates. A choice assortment of furnishing goods and ready-made clothing will also be found at his slegant establishment. Our Allegheny friends should give him a call. ecute said charge.

It would seem that certain tovern keepers can ot resist the temptation to sell liquor on Sulay, notwithstanding the great risks which they are compelled to run in so doing. Warrants ave been issued for the arrest of William Chadwick, of Grant street, and D. McDonough, of the "Traveler's Home," Wylie street, charging the "Traveler's Home," Wyle street, charging them with selling liquor last Sunday. There are warrants out for the arrest of other parties, charged with a similar effense. When a 'raid's is made upon these violators of law, they close up for a time, and old topers find it a very difficult matter to get their accustomed "injas" on Sunday, but as soon as the excitement subsides they open up, one by one, and there is free access through the back doors to the inflisted. This is a difficult crit to contend with, and requires the strictest vigilance on the part of the officers. Fire at Turtle Creek. We learn that a serious fire occurred at Turtle Creek, at two o'clock this morning, resulting in the destruction of Mr. Joseph B. Hezlop's store.
