PROM VESTERBAT'S EVERIES GAZETTE.) Attempted Suicide. This morning, between three and four o'clock man named Harlow B. Kibbs was brought to the Mayor's office, with a terrible gash in his broat, and very much prostrated from loss o ittend the man, sewed up and dressed the wons. u a very expeditious and skillful manner, and he parding at the Drover's Home, in the Ninth His mind had become deranged, and he imagined that there was a mob after him for the purpose of taking his life—it having been alleged, as he imagined, that he abused a young girl so that she's died. His fears so preyed upon his mind that he thought he would be caught and instantly killed, and he escaped from the Drover's Home and fied to Lawrenceville, on Monday evening, where he stopped at the house of Mr. Hart. Hetwen three and four o'clock in the morning he waked Mr. Hart up, and handed him a short letter, addressed to his wife at "Palmer Station. Massachusetts." His throat had then been cut, and his beard was filed with coagulated blood, and he was very much prostrated. The floor of his room was also covered with blood. In this condition he was leed with he acknowledged fifteen dollars from her, and stated that he had been sick, but was now better. No mention was made of the attempt upon that there was a mob after him for the purpose stated that he had been sick, but was now better. No mention was made of the attempt upon his life. The knife was found in his room, and the duliness of the blade alone prevented him from severing the jugular vein and thus placing himself beyond the reach of surgery. His mind is still wandering, but he appears much composed at times, and with proper treatment will probably precurer. He will be sent to one of the hospitals.

Home for Soldiers' Orphans. We have already alluded to the institution of a Home for Buldiers' Orphans in this city, giving a detailed statement of its organization, loca ion, etc. The corporators held a meeting on Monday, and after receiving a report of the nanagement since its organization, proceeded o an election of officers. The following gen-lemen were elected: President, Charles Knap-Vice President, James P. Barr; Treasurer, Go V. Cass; Secretary, R. J. Grace. W. Cass; Secretary, E. J. Grace.
We glean from the report that the institution is in a fourishing condition, and contains at present thirty dree orphans and destitute children of soldiers, who are well fed, clothed and educated. Over one hundred applications have been made which the managershave been beligted to refuse. No more can be accommodated in the building. The Soldiers' Orphan Home is intended to fifted surport, sheller and instruction to the children of the United States soldiers, who have died in the service of their country, as well as to the children of those soldiers who have

here mained in the same service as to be here-pable of extending to their little ones that assist-sace which they would otherwise cheerfully give them. It is also intended to give a temporary home to those children of soldlers whose pabir to afford them a proper support The following is a copy of a letter addressed or General Casa, President of the Pittaburgh Lanler, Esq., of New York, chalrman of the for the sale of new stack :

Dixas Sm: The Board of Directors of the Pittel urgh, Fort Wayne & Chicago Railwa Company, has decided upon the class of in provenerate, and the attent of expediture for construction and equipment to be made between this dute and the next annual meeting of steel and bondholders. The whole amount thus t be expended, including payments on worldone since January 1, 1835, will in no event exceed \$1,000,000. ceed \$1,000,000.

All of the stock necessary to be sold, in addoramings of the road, to meet liabilities incurred and to be incurred, has already been disposed of, and no further issue of new stock will be made for any purpose, until after an account has been rendered of the operations of the year, to the stock and bendholders, at their annual meeting in March 1560. to the stock and consumers, as their animal meeting in March, 1860. It is now quite certain that the traffic of the road will yield, after paying operating expenses, sinking fund, and dividends, a large sum, to be hewored to paying for construction and ad-litional equipment. Truly yours, G. W. Cass, President.

In Luck. Our fellow-citizens, I. G. Sproul, James Kennedy, H. G. Watson, James W. Kennedy, and James M. Snowden have struck ile. Some few weeks since they bought eight acres of land on S gar Creek, Venango Co., at what seemed a pretty Shippen well was struck on land adjoining, of hancing the value of this purchase enormous A proceeding in equity was taken against to purchasers by Meers. W. D. and E. Rinelin purchasers by Mesers. W. D. and E. Ruehart, John Hays and others, contesting the title, and special injunction prayed for. A hearing on the case was had on Thursday, at Franklin, before the Court of Common Piezs of Venango county, and the injunction was refused. Probably over \$60,000 worth of property was involved in the case, which was signed by C. Heydrick, for plaintiff, and by J. D. Hancock, late of this city, for the defendant. The day before the argument, a well was struck on the land in disputs, which it is said will produce interty barries por day of the heavy lubricating oil, equal in value to three times the same amount of the ordinary oil. Recruiting in the 23d District. It appears from the official figures in Captali rker's office, that the number of men put int the service in that district, under the last call, was 1,208. The quota of the district was 1,770 men, and the deficiency at the time recruiting ceased was only 572. We doubt whether any other district in the State can show as cleror a record as this. The business of recruiting was admirably managed in every detail, and it is quite probable that if a draft had been ordered, the 23d District would have filled her quota and escaped entirely. The result, as above stated, is creditable alike to the Board of Enrolment and the people of the district at large.

Conficated.—Among those who were most persistent in their demands for sixty cents per pound for butter, in the Allegheny market, this morning, was a young from one of the norther townships. He wouldn't sell-for a cent less than sixty cents—that was his price, and those who didn't like to pay that needn't buy. The weigh-master happened along, and testing the young man's weight found it light, and conficated no less than eight pounds! It is usually the case that those who have the lightest butter put on the heavist price. Hamorous Lectures. -- Prof. Dubols, a ht
