 The Income Tax of the 22d District. A recapitulation of the lists of the several subivisions of the Twenty Second District, now in he hands of H. A. Weaver, Esq., Assessor, ex-

nibits the following summary of the amount of come tax to be paid for the year 1864 includng licenses, and the tax on carriages, watches, planes, silver plate, etc. : --- 15,160 29 --- 25 544 45 ..81,221,154 95 Serenade. Yesterday evening the "Great Eastern Brass

and," under the leadership of Professor Jacob Rohre, serenaded Brig. Gen. S. B. M. Young, at his residence, corner of Rebecca and Mulberry cets, Allegheny. The band being composed shiefly of his immediate neighbors, the complient was given him as a token of respect and tratitude for the eminent services which he has endered to the country, as well as a hearty welrenered to the country, as well as a nearty well-come on his return to his home and family. The General responded in a nest and appropriate speech, thanking them for their cordiality and good feeling.

The "Great Eastern Brass Band" can be con-sidered as a local institution of the lower part of sucret as a local institution of the lower part of the First ward of Allegheny, its members being nearly all attaches of the various steel and fron foundries recently built on Rebecca street. Un-der the lead-rable of Professor Jacob Robre they have attained such efficiency as to cope with any band in the two cities.

Pittsburgh M. B. Conference. The minutes of the last annual session of this ody are just out, from which we gather the folowing interesting facts: The members and pr ationers of the Church within the bounds of bationers of the Church within the bounds of the Conference number komething over forty thousand, being a slight decrease of about seven hundred. The decrease is mainly owing to the war. Church property in 1864 was valued at \$857,600, and in 1865 at \$1,035,750. Parson ago property also has increased in value. Claims of preachers \$120,607, and their receips \$119,amounted to \$19,720. In 1865 the noble sum of \$50,473 was contributed—nearly four times as much as four years ago. The Bunday scenos tas-tistics show an increase, and are as follows: Of-ficers and teachers, .6671; scholars, 33,730; vol-umes in library, 110,196; scholars in infant classes, 7,214.

Plitsburgh and Allegheny Ladies' Prayer Book society. The annual meeting of this Society was held in this city some time since, at which ime the Rt. Rev. Thomas H. Vail, Bishop of Kansas, preached a discourse suitable to the oc-Asias, preached a discourse suitable to the occasion. From the report we find 1,234 Prayer
Books have been distributed hereabouts and
points in the West carring the past year. Also,
600 Soldiers' Prayer Books were donated to
no-Tale, etc. The receipts to aid the Society
in this work, actionated to \$351. In connection
with the report prayer on is made to a sermon
delivered by Bishop. Stevens, of the Episcopal
Diocese of Permarkshia, before the Society, from
which it appears that the Prayer Book was used
for the first timb wast of the Allegheny Mountains, by Washinging, while encamped in 'Portains, by Washinging, while encamped in 'Porwashingion, while encamped in at the Great Meadows.

A New Softens of Food-Supplix.—The London Loncet, in a recent number contains an article regarding a new source from which valuable food can be obtained, which, to the masses of Great Britain, promises to be a blessing of no ordinary moment. In the great pearpas and fertile plains of South America, thousands of the very best beef cantle are yearly slain merely for their hides and tailow, the fiesh being left for the brasil of the condors of the Andes, and other birds of prey. The dearness of food in England, however, has etimulated adventure to preserve this waste, and within a recent period large importations of jerked beef from Rio Janelro have been received in London, the price of which at three-pence per pound, yields a profit. Governow Werls, of Londaina, is getting into very serious trouble with the loyal people which at three-pence per pound, yields a profit.

GOVERNOR WRILS, of Louislana, is getting
into very serious trouble with the loyal people
of the State. They allege that he has an understanding with the robels, which makes him a
virtual conspirator against the Government.
Under his direction, election curoliments have
been made, known to embrace many men exempted from the Amnesty Proclamation.
Large contracts recently given out, have fallen
into the hands of leading robels. Saveral prosecutions commenced for civil offenses committed during the war, have been prevented by his
interference.

The case of Wadworth and others vs. the Chicago and North-Western, Railread, being an application for an injunction restraining that company from operating the Gelens and Chicago Union Railroad which was consolidated with the North-Western, has been on trial here for several days in the United States Circuit Court. The prevalent impression that a majority of the troops have been paid off by the Givernment is erroneous. On the first of January last the pay rolls embraced the names of 1,200,000 men, of which aumber but about 250,000 have as yet been paid.

The returning rebels don't meet with much favor in West Virchola. In Marion county the citizens have entered suits against them, and in many instances prosecuting them for horse stealing. One conviction has already been had, and the "raider"—the "chivalry"—sent to the penticentary at Wheeling.

Brices the munificent bequest of Admiral Du-post, various inquiries have been set adjost in re-gard to the amount of prize money secured to some of the leading officers in the navy during the rebellion. It is stated that several of the most prominent realized from four hundred thousand to seven hundred thousand apiece.

NATCHEZ, Misalssippi, is said to contain a population of about 15,000 souls, a number nearly double her population before the war. Business in all respects, save the said of cotton, is very likely there. GOTEBNOR STONE, of Iows, made a speech at Krobuk a few days ago, in which he took strong grounds against President Johnson and his policy of reconstruction.
