SPECIAL NOTICE.

CLEANSE THE BLOOD.—With corrupt, discolored and vitiated blood, you are sick all over. It may burst out in Pimples or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as *Scrofula* or *King's Evil*, *Tumors*, *Ulcers*, *Sores*, *Eruptions*, *Pimples*, *Blotches*, *Boils*, *St. Anthony's Fire*, *Rose or Erysipelas*, *Tetter or Salt Rheum*, *Scald Head*, *Ring Worm*, *Cancer* or *Cancerous Humors*, *Sore Eyes*, *Female Diseases*, such as *Retention*, *Irregularity*, *Suppression*, *Whites*, *Sterility*, also *Syphilis*, or *Venereal Diseases*, *Liver Complaints* and *Heart Diseases*. TRY AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and distrust. Still we call this compound "Sarsaparilla" and intend to supply such a remedy as shall prove by its virtues the falsity of those which upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is meant to cure, so we can only assure the sick, that we offer them the best alterative compound we can produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.
AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of *Coughs*, *Colds*, *Bronchitis*, *Influenza*, *Croup*, *Bronchitis*, *Incipient Consumption*, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evil, deaths or its virtues. The world knows them.
Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by B. A. FAHNESTOCK & SON, and by all Druggists.

RELIGIOUS INTELLIGENCE.

The minutes of the last Old School Presbyterian General Assembly are just out, from which, among other interesting items, we gather the following: Synods, 35; Presbyteries 135; Ministers, 2,301; Churches, 2,039; Members added on examination and certificate, 18,856; total number of communicants reported, 239,450; baptisms, 12,513; whole amount of contributions for congregational and benevolent purposes, $2,797,699.

——In the letter of Dr. Stevens, Episcopal Bishop of Pennsylvania, to the clergy and laity of the diocese, he thus speaks of Bishop Potter, lately deceased in California: As a preacher, he was forcible, clear and eloquent; as a legislator, he was sagacious and far-sighted; as an executive officer, he was prompt, active and unfaltering; as a bishop, he was eminently wise, conservative and efficient; as a man, he was noble in mind and body; as a citizen, loyal and patriotic; as a christian, humble, godly in conversation, spotless in life, resting alone on Christ for pardon and peace.

——Considerable interest is felt by people generally to know what the Catholics are doing. The following paragraph will throw some light upon the subject. The report of the Catholic Society for the Propagation of the Faith, for the year of 1864, just published, shows that the receipts for the year were 5,006,041 francs, an increase of 301,544 francs over the previous year. Of the receipts, 68 per cent., or above two-thirds, are from France; 8 per cent. from Italy; 8 per cent. from the British Isles, and a like proportion from all North America; 5 per cent. from Germany, and 6 from Belgium. Spain yields only 7,995 francs, and Russia and Poland but 004, &c. The various dioceses in the United States give 41,456 francs, or about $8,000, of which New York gives 75 per cent., and Brooklyn 10 per cent. Canada gives about $10,000, and South America nearly $8,000. The receipts from all America are 209,371 francs, and the expenditures 1,074,351, or five times as much. The whole expenditure of the year was 4,038,414 francs, of which two-thirds was in Asia, one-fifth in America, one-fifth in Europe, and one-tenth each in Africa and Oceanica. More than one-half of the expenditure in America is in the United States. Of the French dioceses, Paris gives 255,769 francs; Lyons, 548,955, and Cambray 150,446. Of the Italian, Naples gives 38,525, and Rome 27,022.

——The Rev. Dr. Nicholson, who went to Mexico last year, on a tour of observation, under the appointment of the Foreign Mission Committee of the Protestant Episcopal Church, has returned. He reports quite favorably in regard to missionary work in that country, and has inaugurated a mission station already, without waiting for the usual formalities in such matters. In Hayti, it is represented, the Protestant Episcopal Church is likewise making considerable progress.

——The Bishop of London stated at a recent meeting, that £229,875 had been raised of the "Bishop of London's Million Fund," for the spiritual wants of his diocese, and that thus 102,000 out of the destitute million of his diocesans had been provided for. The Bishop seems confident that the sum will be raised, which would be almost enough to remove the spiritual destitution within the pale of the Established Church.

——From recent intelligence received from Denmark, we learn the Methodist Episcopal church at Copenhagen, which is the admiration of all beholders, will be ready for dedication some time the coming fall or winter. Consul Dolner is doing all he can to further the object.

——An official member of the Centre Street African Methodist Episcopal church, Louisville, Ky., offered either to subscribe $4,000 towards building a new church edifice, or take the present building and erect a new one, fifty nine feet by ninety, all complete except frescoing, painting, rolling, etc., on condition that they would furnish cushion, carpet and in every respect completely furnish it. The latter was accepted, and the plan will be carried out next year.

——Dr. Jacobus, (of Allegheny) now on the Continent, while in London heard "Father Ignatius" preach. During the service his would-be monk wore all the dress of a Benedictine Monk, with shaved head and bare feet, and though the service was intoned with none of the pomp of the English Church, yet he preached a very plain, practical sermon, from the text, "We spend our years as a tale that is told." The doctor says he urged his hearers to seek Jesus as the only hope, and whether in prelance or in truth, Christ was preached. The publication of the series of letters of Prof. Jacobus in the Presbyterian *Banner*, under the captain of "A Pittsburger in Europe," ought to increase the number of its readers.

——In the circular issued by the "committee on Freedmen," appointed by the last O. S. General Assembly, headquarters in this city, by the pastors and people of the Presbyterian Church, it is stated there are now more than forty missionaries and teachers in the field. The expense of maintaining this force is a little more than $3,000 per month. There is in the treasury now about $4,000—of this sum but $500 came in to the treasury during the month of June. An urgent appeal is made by the committee for liberal contributions.

——The contributions for the month of June to the various Boards of the Presbyterian Church amount in the aggregate to $53,688.16.

LOCAL AND STATE.

A Public Park for Allegheny.

The subject of a public park was incidentally brought before the Councils of Allegheny, at their meeting last night, but postponed without any definite action. The city of Allegheny, unlike any other city in the Union, has broad and beautiful grounds, most eligibly located for a park, and the only thing remaining to be done is to enclose and beautify these grounds. That this work has not been accomplished years ago is a matter of great surprise, and much to be regretted. The present generation might now be enjoying all the pleasures and benefits of a public park, equal to any in the country; but, alas! we fear that most of them will "go the way of all flesh" before the park is made.
Some efforts have already been made towards improving the common grounds, but they scarcely deserve the name of "improvement." The South Common has been enclosed, trees have been planted, grass grown, and the place has been changed from a barren waste to a green enclosure. But while this is the case, there has scarcely been an approach towards making the grounds what they ought to be. They are "green," to be sure, but that is about all. The President of the Select Council, in reply to an intimation that some of the South Commoners were getting their supplies of hay from this source, remarked that last year he gave the hay to a man for cutting the dock out of it, and wished to make the same bargain with him this year, but he declined, alleging that no horse would eat the hay grown on that ground! And we have no doubt that such is about the case.
Our ideas of a park suggest gravelly walks, elegant drives, sylvan streets, babbling fountains, umbrageous bowers, fairy grottos, beds of flowers, and all that can please the taste and gratify the eye. When the common grounds are made "a thing of beauty," then, and not till then, will they become "a joy forever." The present mode of improvement" by piecemeal must be abandoned, and a thoroughly comprehensive system adopted. We agree with the suggestion of a member of the Select Council, that if the business of beautifying the commons is to be given into the hands of half dozen different committees, or trustees, the job will be most effectually spoiled. The grounds, although extending around a large part of the city, are connected together, and susceptible of being beautified and improved as a whole, and the work ought to be done under the direction of a single Committee, or Board of Commissioners. This strikes us as being decidedly the proper view of the subject, and if the people of Allegheny ever have a park worthy of the name, they will abandon the present hurtful plan, and adopt a liberal and comprehensive system, under a single Board of Commissioners.

An Old Forger Again in Trouble.

On the 21st of January, 1862, a successful forgery was perpetrated upon the Exchange Bank, of this city, by a noted forger named Walter Patterson. It appears that, on the day above specified, Patterson presented a check at the bank, purporting to have been drawn by Charles Churchman & Co., on the Girard Bank of Philadelphia, and payable to James C. Carey or bearer. The check was for $1,600, was dated "Philadelphia, January 15th, 1863," purported to have been marked "good" by Lehman, Teller of the Girard Bank, and was endorsed by J. C. Carey. By means of this check, Patterson succeeded in swindling the Exchange Bank out of $740. He made good his escape, but was subsequently arrested in New York, for similar offences perpetrated there. He was tried, and we believe convicted, but for some reason judgment was suspended and he was finally rest
