SPECIAL NOTICES.

CLARK'S LIVER PILLS.—With cor rect principles and tested knowledge, you are sick all over. It may burst out in Pimples or Sores or in some active disease, or it may merely keep you Restless, Depressed and Wretched, for weeks. You cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vicorous action, restoring the health and expelling disease. Hence it "literally cures a variety of complaints which are caused by impurity of the blood, such as Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Sore or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Humors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis, or Venereal Disease, Liver Complaint and Heart Disease. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which have been sold, until the name itself has become synonymous with imposition and deceit. We therefore warn the people against "Sarsaparillas" and intend to supply such a remedy as shall rescue the load of obloquy which rests upon it. We do not pretend that AYER'S CHERRY PECTORAL is the only remedy for Coughs, Colds, Consumption, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useful in allaying pain and the suffering of his victims. The world knows them.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by R. A. FAHNESTOCK & Son, and by all Druggists. ly16:mwfsawsod

(FROM YESTERDAY'S EVENING GAZETTE.)

Sunday Liquor Selling in Reserve Township.—A Reckoning to be made.

Any one who will take the trouble to visit, on Sunday, the locality known as Troy Hill, and the places adjacent thereto, will be startled at the amount of tippling indulged in, and the ease and facility with which beer, wine, and all kinds of intoxicating liquors can be obtained. There is no respect whatever shown for the Sunday liquor law, and the sales on that day are by far the most profitable of the week. Complaints of this illegal traffic were made to Mayor Morrison some time ago, and he authorized his police to take such steps as would secure the abatement of the evil, by causing the arrest and punishment of all those engaged in selling on Sunday. Since then sufficient evidence has been obtained to convict at least a baker's dozen of those engaged in the illegal traffic, and warrants are soon to be issued for their arrest. The penalty for Sunday liquor selling is a fine of fifty dollars, with the cost of suit—and the Mayor is determined to impose the penalty in every case of violation. There is no class of offenders in the community better able to stand the fine than those engaged in keeping open bars on Sunday. A fifty dollar fine, once or twice a year is nothing compared with the profits of the trade. A huckster, who pays a fine of five dollars for buying a little lot of vegetables, or a few pairs of chickens, feels the penalty, but it is not so with the majority of those who sell liquors on Sunday. They are generally prepared to pay—indeed, we do not remember one case to have been committed in default. Two or three Sundays serves to square the account and take the risks for a whole year, the profit, we enormously large.

Mayor Morrison takes another view of the case, which is worthy of note. He states that the drinking men of the community, in consequence of the inducements held out, resort to the locality above mentioned, get full of fighting whisky, and come down into the upper wards and raise serious disturbances, bringing discredit upon the city and its officers. This being the case, he deems it his duty to extend his police regulations "over the line," and see that the law is either respected or the violators arrested and punished.

The Shooting of Thomas Madden—Coroner's Inquest.

We have already reported the facts connected with the death of Thomas Madden, who was shot by Frederick Faulkner, watchman at Hays & Co's Coal works, at Six Mile Ferry, on Friday night last, while in the act of riding off a horse which he had stolen from the stables. Coroner Clawson empannelled a jury, and the following testimony was given before the inquest:

Dr. George McCook testified that he made a postmortem on deceased; that he came to his death from the effects of a bullet wound—the ball having been found in the abdomen. It entered at the right side of the spine, passed through to the left, and lodged in the muscles of the left side.

Robert Wilson, one of the proprietors of the coal works, testified that he was called upon Friday night, about nine o'clock, by the Watchman (Faulkner) beating on the door. He stated that he had shot a man, who was trying to steal a horse. Witness went out and inquired where the man was, and Faulkner said he was lying on the road below the house. Went to him and found him lying on his face, apparently dead; turned him over and he groaned. The watchman said he had better send for a doctor, and the witness told him to take the stolen horse and go for Dr. Blackburn, which he did. The witness found the wounded man to be Thomas Madden, lately employed by Hays & Bro. Witness then made arrangements to have the wounded man taken to his house.

J. H. Hays, jr., corroborated the above statement, and also stated to the jury that Faulkner had special directions to guard the stables, and not permit any one about the works to take out a horse except upon the authority of a written order.

The jury then adjourned until three o'clock, to hear the testimony of two witnesses, who could not be present at the morning examination.

Killed at an Oil Well.

An accident occurred at the well of the Dunkard Creek Petroleum Company, on the Brown farm, on Wednesday of last week, which resulted in the death of Mr. William Loech, of Beaver county, Pa. When drawing the tools, Mr. Leech was guiding the rope on the bull-wheel shaft, his attention was attracted to something else, and forgetting his danger, he let his hands run down the rope to the shaft. In an instant his hands were caught and he was wound up on the shaft, the rope passing over his hands, arms, neck and head. He lived about twenty-four hours after the accident, and expired about 12 M., on Thursday. He leaves a wife and six children—all girls, who were dependent on his labor for support. The Stockholders are requested to call at the office of the company, corner of Wayne and Penn streets, and contribute something toward bearing his funeral expenses, and the relief of his family. The money will be received by Mr. Johnston, of Beaver county.

Another Railroad Change.

John J. Houston, Esq., General Freight Agent of the Pittsburgh, Fort Wayne and Chicago Railway Company, has resigned the position, and goes to New York to take charge of the general freight department of a large transportation company of that city. The character of the services rendered by Mr. Houston, and the esteem in which he has been held by the officers of the road, are duly acknowledged in the following resolution, passed by the Board of Directors:

Resolved, That the Board accepts with regret the resignation of John J. Houston, as general freight agent, who has been identified with the freight department of this line of road for the past ten years. Commencing his services in the infancy of the enterprize, and leaving it in its assured strength, to which he has greatly contributed by the fidelity, experience and judgment with which he has discharged his arduous and active duties during his ten years of service.
