Special Dispatch to the Pittsburgh Gazette. East LIBBUTT, Nov. 2, 1860. CATTLE—The downward lendenry of the mar-ket for Reef Cattle, noted at the date of our last report, has continued still further, and perhaps in an increased measure; for, while last week the high grades were not affected, the doulne this week embraces all qualities, the medium and com-mon, however, more than the better once. This is owing to continued heavy arrival, a scarcity of buyers, and, as the impression seems to prevail that prices must still further recede, shippers are operating with great caution, buying sparingly, and then only at the lowest figures.
