An Atteged Case of Raps.

We noticed a day of two since the fact that Justice Ammos, of East Birmingham, had committed Michael Ridelsepoefer to jail to answer charges of rape and affiliation, brought against him by Mary Moschell. Another charge, that of adultery, has been brought, and a committenent to answer it will be lodged against him. The prosecutiva slieges that in October. 1864, whilst along at the house of her brother. In-law, on Wyls street, (on the hill) defendant came there, street her and accomplished his purpose by faces, she beling unable to resist him. She did not fell her relatives what had happened, but confided the circumstance to a woman in the seighborhood. Some time after, being pregnant, she entered suit before Alderman Buder sgainst defendant, but the matter was sattled upon a bond to pay her sixty dollars within a given time being executed. Herchild was born June 19th, 1865, at which time the bond, then over due, had not been paid. The defendant induced her to go to the country, representing that unless she did so' sie would have to go to jail for costs. Upon these representations being made to him, Justice Ammon took her informations against Ridelschoefer for rape and affiliation, and it having heen ascertained that his married, a charge of acultery has been brought. The prosecutivit is deformed and crippled to such an extent as to be unable to resist such yiolence as she alleges was offered her. The case, should it ever go to trial, will develope some singular features.

The defendants were arrested and held for a hearing this morning. After a follativestigation of the case by the Justice, Menzer was required to find buil in the sum of \$300 for his appearance to answer at Court.
