United States LIFE Insurance COMPANY, OF NEW YORK.

Established March 5, 1850.

Capital & Assets, \$3,000,000

E. J. ROSS, Agent,

Petroleum Centre, Pa.

This Company,

Being one of the oldest and most reliable in the United States, affords ample security, not only by its large assets, which on Jan. 1st, 1906, were already 52 1/2 per cent over its liabilities, but also by the PERSONAL LIABILITY OF THE STOCKHOLDERS TO MAKE GOOD ANY DEFICIENCY, a security not afforded by any other Cash Company.

Dividends are Declared Annually!

And may be used to assist in paying Premiums, to afford additional insurance, or to secure paid up policy after they have been in force for a number of years, as explained in our pamphlet, or they may accumulate at compound interest to increase the sum insured.

EVERY FATHER Should secure a Policy as early as possible, as none but healthy persons can be insured. And it is his moral duty, to provide in the safest way for his family, which he cannot do better, than by a Life Insurance. Money invested in business may bring more interest for a while, but it may all be lost, and the family is thus left destitute. Jan 7-11.

New York, Jan. 27. The Tribune's Washington dispatch has the following: Gen. Grant is strongly opposed to the pending Alabama claims treaty. The following is the position towards it in his own words: "The treaty is unjust to the United States, because it assumes to measure the injury inflicted upon this country by the money value of ships actually destroyed, whereas the chief damage to our commerce was in our ships being driven from the seas by Anglo-Rebel pirates. In addition to the sympathy extended by the English Government to the South, pro-oged the war at least a year, and for all lives lost and money expended for the time England is directly responsible. The treaty proposes to settle all these things by the payment of the value of a few ships."

The Lawrence, Mass., American (General Bank's District) of the 23d inst., referring to the controversy about General Grant having been ordered to supercede General Grant says: We happen personally to know that the official photographs are now in the hands of General Grant.

Three burglars, with stolen property in their possession valued at \$3,000, were arrested by Capt. All these parties, who are supposed to constitute regular burglars in gang, were committed to await trial.

During Saturday night between \$2,000 and \$3,000 worth of silks were stolen by burglars from a store in Catham street, and the thieves escaped with their plunder. The typhoid fever was reported under thorough control.

Ed. R. Hatch, of Conneaut, Ohio, offers for \$20,000 to ride gaily over Niagara Falls, any day next summer, as he believes the descent to be possible, easy, and safe—in all of which, except the third condition, we herewith record our own implicit faith.
