STS. PETER AND PAUL'S (CATHOLIC) CHURCH.

Mass at 10 1/2 a. m. Vespers and Benediction of the Blessed Sacrament at 4 p. m. Catechism at 2 p. m. JAMES DUNN, Pastor.

The Post Office at Titusville is to be removed to the Herald building when the new postmaster assumes the duties of his appointment.

The Rochester House, under its new management, is progressing successfully, and evidence is fast accumulating that an experienced man is at the helm.

At the head of our columns will be found the religious directory for Petroleum Centre, published for the information of those among us who are not acquainted with the time for holding church services.

W. J. Innis advertises elsewhere a card, "Caution to Oil Operators." Mr. Innis is the patentee of Sucker Rod with Socket Points, and cautions oil operators against infringing on his rights.

The management of the Velocipede Rink in this place has changed hands, Mr. R. J. Darron having disposed of his "buggies" to another. The school will be continued in Akin's Billiard Hall.

We have heard it stated and then contradicted, that McKean Buchanan and his fair daughter, Virginia, would visit Petroleum Centre with a theatrical troupe. We hope they will visit us but we are not prepared to say they will.

There is not a day passes but that inquiries are made for rooms to rent both for families and single gentlemen. In there no way to relieve this want; it would increase all kinds of trade and largely add to our population.

S. Reynolds & Co., of this place, have sold out their coal yard to J. M. Sharp, of Oil City, a gentleman well and favorably known in the oil region. The former gentlemen are to remain with us and embark in other business.

If you wish to know who does the largest business, and where you can make your purchases at reasonable figures, just look over the columns of the Record and see who advertise. They are the ones to deal with, as you will find by experience.

Yosemite Bitters, which have been favorably recommended by physicians in this region as a tonic, is being introduced in other States, and when its valuable properties are more generally known, its sale will be worldwide. It is manufactured by J. W. Downer & Co., of Petroleum Centre.

A slight fall of snow last night has made it decidedly wintery to-day, which reminds us of the quotation, "Winter fingers in the lap of Spring." However, good dame Spring admits that her yoke is easy and her burden light, so we soon hope to see the white mantle disappear.

A rustic, describing Louisville, said the finest residence there belonged to Mr. M. E. Church, whose name was cut in big letters over the door, and there was a sharp-pointed chimney on the house two hundred feet high.

We notice in the Titusville Herald a card announcing that a new drug store has been started in that place by Henry White & Co. We are pleased to learn of the fact, and are confident that the business, under the direction of Mr. White, an experienced druggist, a gentleman who has been thoroughly educated in the business, and is generally acknowledged to be one of the best druggists in the oil region, will certainly be a success.

W. C. MORELAND, of Pittsburg, well known in the oil region, is on a visit among his friends in this section. He was serenaded last evening while stopping on the Story Farm, by the Columbus Cornet Band, and received the compliment in a neat and appropriate speech.

The time allowed by law for making income returns expired March 31st. A penalty of 50 per cent. may hereafter be assessed against persons who have neglected or refused to make such returns to the sub-district in which they reside.

OPERA HOUSE TO-NIGHT.—Prof. Johnny Sweeney, Bob Bettle and Ben. Hogan hold forth this evening at the Opera House. They will give a grand sparring exhibition and to those who admire exhibitions of this character, the entertainment will be interesting.

Do not forget the Quarterly Meeting at the M. E. Church commencing to-day.—There will be a love-feast at 6 1/2 o'clock tomorrow morning, public preaching by the Presiding Elder, Rev. J. Leslie, at 11 o'clock, after which the Sacrament of the Lord's Supper will be administered. The Sunday School will hold its quarterly meeting at 3 o'clock in the afternoon.

CONNECTICUT.

The politicians will be busy in Connecticut this week. On Monday next, an entire State ticket, a new legislature, and four Congressmen are to be chosen. The Fifteenth Amendment will be presented to the new Legislature, so that in this instance at least, the people will have a chance of voting for members with some reference to the question.

TIGHT TIMES IN THE EAST.

According to a New York correspondent of the Philadelphia Ledger "the money pressure is beginning to tell beyond the brokers' offices and bank parlors of Wall street." The correspondent represents that the merchants can only effect loans with the utmost difficulty, even by paying extraordinary rates of interest, and the consequence is much embarrassment in commercial circles, which, if not speedily relieved, may be productive of serious trouble. There are strong suspicions that the stringency is, in good part, artificial, and that the large amount of currency now going forward to Philadelphia, Baltimore, &c., are not required there to meet legitimate demand.

Dogs.

Hydrophobia and its attendant horrors, has revived the anti-dog sentiment in almost every section of the country. Wise city fathers are importuned to make stringent laws and not without reason. We do not wish to be behind the times, so we call upon the authorities to do something to abate the dog nuisance and shield our people from the terrors of hydrophobia. In most towns in Massachusetts owners of dogs are taxed the same as horses, and in addition the dog must be collar marked with a corresponding number. Penalties are affixed for non-compliance. This regulation is to free the towns of worthless, snarling curs; while those that are kept are choice breeds, and pure blood, which rarely, if ever, go mad. We believe some such regulation would be a good thing for this vicinity.

THE TENURE-OF-OFFICE ACT.

The army of greedy office seekers have had their hearts made glad by the settlement of the difficulty between the House and the Senate upon the Tenure-of-Office act. Those who hoped that the Tenure-of-Office law and General Grant's determination would stand between them and removal have had this hope rudely crushed.—Wherever there is no more effective barrier to stay the onslaught of greedy aspirants—"Johnson's appointees"—as some of the Republican organs style these unfortunates, they may as well settle their official affairs, for their days are numbered. The curious and deeply, terribly, interested, will look with anxiety at the long list of appointments which will now grace the telegraphic columns of their newspaper, until the bloody task is completed, and there are no more heads to fill. To the victims we tender our condolence; to the cheerful successors, our congratulations. Such is life.

BUSINESS MEN AND PUBLIC OFFICERS.—It is stated that Moses H. Grinnell, the New Collector for the Port of New York, in compliance with the requirements of the act of 1793, has made a bona fide sale and transfer of his interest in a merchant fleet of thirty vessels. Mr. Grinnell's active interest in the business of the firm bearing his name ceased several years ago. He has not yet entered upon the duties of the post and the applications for places in the custom house have reached, according to report, only about eleven thousand to the present time.

The bill abolishing the canal contract system passed the New York Assembly on Thursday.

Gen. Senter has annulled the registration of Shelby county, Tennessee.

The steamers Saxons and William Penn, from Europe, have arrived at New York.

Mr. J. S. Benjamin, late of Dayton, O., is about establishing, in Louisville, an extensive edge tool manufactory.

Wednesday evening a difficulty occurred in the northeast portion of Louisville, between J. C. Oldam and C. F. Mape, in which the former was badly cut in the face and about the body, and the latter comparatively unhurt.

Some time Wednesday evening, William Henderson, living at 206 Wells street, Chicago, while intoxicated, fell with his head over the curbing of the sidewalk, and broke his neck. When discovered life was entirely extinct.

Wednesday evening four small boys were badly wounded in Louisville by the explosion of a flask filled with powder, into which one of the party had amusingly thrown a lighted match.

The Kansas Gazette says the typhoid and scarlet fevers are very prevalent in Momeco and vicinity, the latter resulting in the death of a good many children, at times three and four a day.

The De Soto House, at La Crosse, Wisconsin, was burned Wednesday night. Loss not known. One or two other fires occurred the same night, supposed to be the work of incendiaries.

The emigrant clipper ship Baltic was seized by the United States Marshal in New York on Thursday, for violation of the passenger act, under penalty of \$160,000.—She was about to sail for Liverpool, and not giving bonds for that amount was not permitted to sail.

OLD FELLOWSHIP at Oil City.—The Republican of this week says: "The Independent Order of Odd Fellows will dedicate their New Hall in this place on the 26th of April. It will be seen by referring to their advertisement in another column, that they have permission to invite all encampments, Lodges and the Brotherhood, at large to be present and participate in the dedication.

This Lodge, Oil City Lodge 589, is in a flourishing condition and has a very large membership. We look for a good time on the 26th, as there is large brotherhood at Franklin, Titusville, Meadville, and Clarion. Old Fellows may well be proud of the workings of their order, though secret and unseen always for good. The world can never know the extent of their goodness, because secret; nor the vast amount society owes to the order; but eternity will reveal the effect of the order on the human family. Those who denounce secret societies should weigh well their words ere they pronounce harshly.

The Free Pipe Bill.

The bill known as the Free Pipe and Tank law, extending the general mining manufacturing and quarrying act of 1863 and its amendments to oil operations in Venango, Warren, Forrest and Crawford counties, having been recalled from the Senate by Mr. Davis, of Philadelphia, he moved its consideration for the purpose of killing it. The Speaker having decided that six days having elapsed since its passage by the House, the motion for its reconsideration was now out of order.

Mr. Davis then moved an indefinite postponement, which was opposed by Duncan, of Venango, and Clark, of Warren, who alleged that the present bill was sustained by the oil men, and that the Western Pipe bill was universally condemned.

Mr. Ames, of Crawford, who originated the Western Pipe bill, favored the indefinite postponement of the bill.

Mr. Wilson, of Allegheny, said the Western Pipe bill was more than unpopular to the business men of Allegheny county than any other measure ever passed in justice to the people and the oil interests.

Mr. Davis' motion to indefinitely postpone was adopted, yeas 41, nays 39.

Venango County Court Record.

Franklin, April 1, 1869. Thomas Montgomery vs. John P. McKinley. Plaintiff takes non suit. J. W. Guernsey vs. Anglo-Saxon Petroleum Co. Continued by consent. Henry Altesbach vs. S. Kreise. Summons in case. Tried; jury find for plaintiff, damages \$250 and a fourth cent.

M. Farringer vs. W. A. Muga. Discontinued.

The working miners of the anthracite region of Pennsylvania have organized an association, or "General Council," to which is committed the supervision of the interest of that branch of labor. A journal has been projected, and is to be published as soon as the needed arrangements can be completed. Six counties are represented in the Council, and others, included in that coal field, may be added. When any four of these counties vote for a suspension, the Counties will order a general strike for six months.

Local Notices.

THE best place in town to get a pair of Boots made of the best Stock, that will wear well, and warranted to fit, is at J. A. PINK'S Fashionable Boot Shop, Washington Street, Petroleum Centre, Pa. Give him a trial. sep 14

"ALBAMA."—It is not often that we have the time to spare, or the inclination to notice any of the thousand and one preparations sold throughout the country, each, as it is claimed, being a sovereign cure for one or more of the ills that flesh is heir to. Indeed, we have frequently wondered that people ever died at all, or grew old even, when, by a small outlay they could furnish themselves with something which would keep disease at bay, and defy the assaults of time! Concerning the efficacy of one of these renowned preparations—and one which has been celebrated of late—we can speak from personal experience, and conscientiously say it is good. We refer to "Alabama," an article for restoring and preserving the hair, manufactured by Messrs. Sewell & Bentley, Chemists and Druggists, No. 129 Main Street, Buffalo.—Buffalo Commercial Advertiser. No slow sales for Sewell's Cough Cure. A. D. MILLER & CO., Wholesale and Retail Druggists, Agents for Petroleum Centre, Pa. Feb 17.

Hats, Caps, Boots and Shoes.—A large assortment at REYNOLDS, BRODHEAD & CO'S, No. 11 Centre Street, opposite the Post Office, Oil City, Pa.
