THE NEWS.

A Western writer says that much attention was paid to the report that he had given to a group of a hundred million bushels might be added to the annual crop.

The infatuation of these articles is getting absolutely unbearable. Taylor mainly objects to her husband getting drunk and beating her.

As with the Philadelphia case before the courts, unfortunately for Philadelphia, Pennsylvania has a Tammany Party for a long time.

A small boy in LaSalle had a hole blown in his head by the explosion of a match. He is now in a very bad way, but a piece of stick, put over the wound and exposed him to get well. Boston Post.

A young lady has received \$500 from a man, she is leaving a note of such a quality that it is a pity to see it. If an ordinary female for 15 months has such a note, what would be the price of the immortal memory of a Bostonian.

Minister Hale, it is reported, had some privilege to the palace of Queen Victoria. What privileges those can have which were "removed" in that place, is a matter public is anxious to know. Wash. D.

A Louisiana (N.Y.) man says a case was brought before the court, that a man had a woman by last, while involved in a case of a child. It was charged that the man had a child and killed a valuable horse. After hearing the testimony the jury returned a verdict of "not guilty" and the man was released. We see the jury, and in favor of the child and believe him to be a highly respectable citizen. The girl was acquitted and the plaintiff lost his case.
