We publish to-day the announcements of Capt. James B. Geggie for Assembly, John A. Christy for Treasurer, and E. G. Crawford for Prothonotary. This is the third time Capt. Geggie has been before the people as a candidate for Assembly, and polled a very fair vote last fall.

A. J. Christy, candidate for Treasurer, is well known in Venango county. E. G. Crawford, candidate for Prothonotary, is a very popular and worthy man, and if nominated, will poll a heavy vote in the county.

The Venango Mills at Franklin, are offered for sale.

We received a call this morning from Col. Duncan, member of Assembly from this County. He is looking well.

A new well was struck upon the Storey Farm on Wednesday last. It is an eighteen barrel well, and its capacity still increasing.

There was a rumor in Oil City this morning that a well had been struck on the Lee Farm, Sage Run, which is now doing 75 barrels. This announcement creates quite a furor among operators in that section.

ROOMS WANTED.—Rooms for either one or two small families wanted; if not in village will be acceptable in Wildcat or on the Egbert Farm. Inquire at the Record office.

The Pleasantville Evening News has departed this life. It was the Record's prediction at the time it started that "it was the beginning of the end."

A convention of persons interested in conferring the right of suffrage upon young men between the ages of eighteen and twenty-one will be held at Manchester, N. H., on the 27th inst.

The nomination of James A. Carnes for Assessor of the 20th Revenue District, of this State, was confirmed by the United States Senate yesterday.

Ames Van Wart, the sculptor, was married recently to a daughter of Hon. Marshal O. Roberts. The bride's father presented her with a check for \$100,000. That is a better figure than Van Wart can draw, let him be ever so well versed in art.

Wm. Halbut, of Cornwall, Vt., died last week of starvation, having eaten nothing, save what was forced in his stomach, for nearly a year, from the fear that he should become a town pauper, although worth about \$8,000, and a bachelor seventy years old.

In the Michigan State Prison, at Jackson, during 1868, twenty-seven convicts were punished with whips, thirty-four with a paddle, forty-eight by being put in a dark cell, and six by being placed on bread and water diet.

The Toronto Globe claims that Mr. Cudlip, in his recent annexation proposition, reckoned without his host, as "there is not a whisp of such a thing" among the Canadians proper. Perhaps they have passed the "whispering" point, and now are prepared to act.

The ruling passion was recently exhibited in a remarkable manner, on the occasion of a funeral. An old lady had lost her husband, and on the day of the funeral her neighbors were somewhat tardy in appearing at the solemnities. "Nabby," said she, "hand me my knitting; I might as well be taking a few stitches while the gathering is taking place."

When the "pledge" was being circulated at a temperance meeting, a decidedly inebriated individual presented himself and offered his signature. The Chairman remarked: "This is a very important step, my friend, and I trust you realize the responsibility you are assuming." "Oh, I can stand the (hic) 'sponsibility," was the response, "I've done it lots of times before."

A veteran toper has been reading a series of articles on liquor annulations show, an average of about sixty-five parts of water to thirty-five of spirits. "They don't give the spirits a fair chance," said the aged bacchanal, "they'll keep on fooling with the water till it depopulates the earth again."

Hon. Jos. Howe was elected to represent the county of Haits in the Dominion Parliament by a majority of 383. Messrs. Kellam and Levisconte, Anti-Unionists, were elected for Yarmouth and Richmond.

PERSONS drawn as jurors hereafter will be interested in the information that a fine of ten dollars in each case was imposed at the last Court upon those who neglected to attend. The Conneautville Record says: "We understand it to be the purpose of the Court to require a strict attendance of jurors in future."

THEATRE NEXT WEEK.—The Myers Anthenum Company are to play an engagement of four nights in Petroleum Centre, commencing on Monday evening next, at the Opera House. The Myers troupe enjoy a good reputation as amateurs, and no doubt will please the theatre-going people of Petroleum Centre. They closed an engagement at Corry last night.

TWO MEN DROWNED.—The Venango Spectator of this week says: "Wm. Trimble, of Clarion county, and Harrison Heckathorn, of Cranberry township, this county, were drowned in Tionesta creek, immediately below Lacytown dam, on Sunday last, while engaged in rafting lumber. Five men have been drowned at the same point within the last five years."

HOW TRAIN BECAME A "WOMAN'S RIGHTS" MAN.—A little incident occurred while Train was in Australia which will illustrate one phase of his character. A possible President was about to be born to him, and George Francis was unwilling to spoil the child's prospects of succeeding Washington by forcing it to catch its first streak of sunshine among the savages of Oceania. It was mid-winter, and a ninety days' voyage, but Train suddenly shipped his wife for Boston. The lady was alone, and the voyage was a tempestuous one; but, after narrowly escaping shipwreck, she landed safely in this country. Here the child was born, and—it was a girl! This mistake as to sex, however, will have no material effect upon the child's Presidential prospects if Train and Mrs. Cady Stanton succeed in their attempted revolution.

NOVEL END OF A BREACH OF PROMISE TRIAL. "I knew a case in which a most eligible damsel was pronounced by her friends as unfit to marry a certain young divine, because, forsooth, she 'was without a penny.'" He was weak-minded enough, after having proposed to her in form, to give way to their remonstrances, and she was strong-minded enough to bring an action against him for "breach of promise." The damages were laid at five thousand pounds, and she gained them in full. The impressionable defendant who reaped nothing but ridicule from his former advisers, throughout this trying ordeal—which included a protracted cross-examination by Sergeant Valentine, was now brought to reason. He addressed the young lady even more fervently than before: "I have behaved infamously," he owned, "but if you will only forgive and forget, we may be happy yet. The only objection which my friends had to you has been removed. They can no longer say that you are without a penny, since you have five thousand pounds of your very own." And the happy pair were married accordingly.—Chambers' Journal.

"ALUMNA."—It is not often that we have the time to spare, or the inclination, to notice any of the thousand and one preparations sold throughout the country, each, as it is claimed, being a sovereign cure for one or more of the ills that flesh is heir to. Indeed, we have frequently wondered that people ever died at all, or grew old even, when, by a small outlay they could furnish themselves with something which would keep disease at bay, and defy the assaults of time! Concerning the efficacy of one of these remedial preparations—and one which has become celebrated of late—we can speak from personal experience, and conscientiously say it is good. We refer to "ALUMNA," an article for restoring and preserving the hair, manufactured by Messrs. Seaman & Bentley, Chemists and Druggists, No. 100 Main Street, Buffalo.—Buffalo Commerce, at Mrs. N. S.
