The concert given by the Musical Convention last evening was largely attended and the singing was entbusiastically applauded. In criticism of the pieces performed, we must confess we are decidedly partial to home talent, or at least, aside from the "Larboard . Watch," our home singers acquitted themselves more than creditably .-Prot. Baker is an officient teacher, and our singers have greatly profited under his instruction. "Only Waiting," as sung by our 714 P. M. Sabbath School at twelve o'clock townsman, S. S. Griswold, was one of the

> The Tennessee Republican State Convention meets at Nashville to-day, to nominate a candidate for Governor. The contest between the friends of Colonel Stokes and Governor Senter is quite spirited, with the chances in favor of Stokes.

During the cross-examination of a witness which question, with a melancholy air, he responded: "Dear. Sh-dropped off very suddenly sir." "How came he to drop off suddenly ?" was the next question. "Foul Donaldson, arrived in St. Louis Tuesday play, sir-the sheriff imposed on his unsus. picious nature, and getting him to go on a platform to look at a select audience, suddenly he knocked a small tran-door out from under him, and in falling he got entangled in a rope, from the effects of which he expired."

A report from a committee appointed at the last annual session to divide the county of Allegheny into two or more districts, submitted a report, in which they proposed to divide that county into four districts .-Their recommendatio i was adopted, and Allegheny will hereafter be in four districts. The Revolution in Cuba.

"If 'twere done when 'tis done, then 'twere well 'twere done quickly." So said Mr. Mebeth while conversing with his noble self upon the all important subject of King Duncan's murder. But the sentiment is ap; licable to more sanitary matters, and is perhaps the ruling sentiment in America.-That Cuba will shortly become United States property is not a tangible vision, not an "air drawn dagger." We can easily clutch it, and we shall find it a pearl of great price. What man would refuse to give shelter to an innocent child who came, with tears in eyes, begging for protection from a cruel, tyrancous, lawless mother. Humanity teaches us to accept Cuba, and humanity is the foundation of all civilized laws. But let us decide at once what we are going to do about the matter. The next month will witness a crisis in Cuban offairs that must be recognized by our Government. Are we prepared for it?
