TELEGRAPH

REPORTED FOR THE DAILY RECORD.

Washington, May 26.

Secretary Bontwell has in contemplation the appointment of Doctor Mary E. Walker to a position in Alaska. Leading men of Woman's Rights League says that it is important for the success of their cause that Doctor Walker should have an appointment as far away as possible from civilization, and they therefore approve of giving her a place in Alaska.

In regulating the daily dietary at the present season of the year, nobody should for a day neglect a supply of the wholesome and succulent spring vegetables and fruits now to be found in great variety in our market. For in them exist tonic elements of the highest value, which nature has beautifully provided for the use of man at this season. The constitution is improved, and the organic forces are renewed and elevated by their judicious employment as food for old and young.

It is thought that the total receipts of cotton at New Orleans by the first of September next will not fall short of 850,000 bales. The value in money therefore will reach one hundred millions of dollars—the largest amount ever received at any port on this continent for a single product of the country.

THE OIL MARKETS.

OFFICE OF THE PETROLEUM CENTRE DAILY RECORD, PETROLEUM CENTRE, May 27. The market to-day is very unsettled. At one time this morning offers were made at \$4.50; but this afternoon there is no disposition to buy on the part of buyers. The heavy sales in Pittsburgh to-day at 12 1/2¢ has caused buyers to withdraw and consequently there is nothing doing. We quote at \$4.25.

Shipments of oil from this point, May 26, via O. C. & A. R. Railroad were 2830 bbls.
