Wm. Brough, Esq., Late See'y Petroleum Producers' Asso.

ciation, Franklin, Pa .: DEAR SIR:-The opponents of A P. Duncan, member of the State Legislature from this county, and now a candidate for State Senator, have presistently circulated a report to the effect that the Producers' Associa tion hold him responsible for the Western

Pipe Bill, also that he telegraphed to you for money to be used in preventing the passage of the Petroleum Tax Bill. As you are fully conversant with all the facts in the case, we the personal and political friends of Col Duncan, would feel under obligations to learn from you at the earliest moment the truth of the assertions so made. Respectfully yours.

J. J. BROADHEAD. FIED BISHOP, WM. F. GROVES, J. G. OGDEN, J. J. VANDERGRIFF.

FRANKLIN, May 31, '69.

Messrs. Broadhead, Bishop, and others: GENTLEMEN:- Your favor of this date is received, and in reply to your first question. I can only say that I know of nothing in the action of the Petroleum Producers' Association toward Gol. Duncan, to justify the report that it held him responsible for the passage of the Western Oil and Pipe Bill. 1: was not until after the passage of that bill in the House, that the Association, because aware of its existence, what Col. Duncan's ac ions was in regard to it previous to that time, we know only from the printed record, from which report you can form your own opinion of his course. Our efforts against the bill were directed mainly to defeating it in the Senate, and to procuring the Governor's veto, but the chief aim of the Association was to obtain the passage of a Free Pipe Bill, a measure which could practically have annulled the Western Pipe, Bill, and in this effort the Association was most carn-

estly and actively seconded by Col. Duncao. In regard to your second interrogative there is no truth whatever in the statement

that Col. Duncan applied to me for money to prevent the passage of the Petroleum Tax BH. The rumor must arise from the fact that members of the Association had been notified by parties at Harrisburg that soldiers' national monument at Gettysburg that four thousand dollars would be next July, will be a large and imposing required to defeat the Tax Bill; and had been urged to forward that amount for that purpose; a proposal which was indignantly ann unanimously rejected by the members of the Association present at the meeting

to which the proposition was submitted -Col. Duncan's telegrams to me merely reported this offer, the acceptance of which he never personally favored. I remain, gentlemon, Yours Respectfully, WM. BROUGH.

To the Republican Voters of Venango Co.; GENTLEMEN: - At the solicitation of many friends, my name was announced as a candidate for County Treasurer; before, and afterward, a namber of other names were

A divorce case will be before the Court at Fort Wayne, next week. in which the plaintiff and defendant are members of the upper-crust. It is expected that it will excel the Stewart case in Chicago. ELOPEMENT, -- The Buffalo Courler states that on Monday last, a man named Hutchinson, who has a wife and five children in that city, eloped with a young weman with whom he had been on terms of intimacy for some time past. A few days previous to the elopement, Hutchinson sent his wife and four children to Chicago on a visit. During their at scence he sold the bouse and lot which he ewned, and taking his paramour and one chilh, left, it is repoted, for Cleveland.

If a young lady wishes to have herself published in the daily papers as "beautiful. fascing ting and accomplished," all that she needs to do is to wrap up her clothes in a dirty towel, take a hundred or so of the "old man's" greenbacks, crawl out of the window about midnight, and clope with her tather's hostler. From an old advertisement published in the Georgia Journal, Milledgeville, in 1812, it is found that the Hon. Wm. H. He taught Latin, Greek, theoretical and practical mathematics, logic, chemistry, geography, English grammar and other branches too numerous to mention.

The Venango Citizen of the 3d inst. says On Thursday last a man was found dead in Rockland township, in the woods a few rods from the road, about one mile east of Sandy station. He had on a pair of checkered cassimere trowsers, checkered drawerst and a flannel shirt, and cassimere vest, a gum overcoat was found within ten feet of his body. Hair, apparently from his whiskers, was found on his overcoat. He was a man about five feet eight inches in heighth. weighing about 150 pounds. He had been apparently dead several months and was so decomposed that it was impossible to rec ognize his features. Coroner Larue held an inquest over the body, the result of which

was, that the decrease came to his death by causes to the jury unknown. It is supposed that the body is that of Michael Tawney who was in that region last fall and suddenly was missing.
