ACKNOWLEDGEMENT.—We are indebted to Hon. C. W. Gilliam, Member of Congress from this District, for valuable public documents.
ANOTHER NEW WELL.—A new well was struck in Wild Cat last night and is now pumping 20 barrels. It is the property of David Yanner.

The Chinese in California are very skillful in counterfeiting gold dust, and succeed in selling a good deal of the bogus article.—This was once tried in Australia, but lynching stopped it.

THE REGISTRY LAW.—The Supreme Court has sustained the Registry Law. An opinion declaring it constitutional was delivered at Philadelphia on Wednesday. Three of the Judges concur in this view.

NEW WELL.—A new well was struck on the Coxton Farm last night. It commenced pumping last night, at about 11 o'clock, and after exhausting the water was doing this morning about twenty-five barrels. It is owned by James McCray.

THE ALABAMA CLAIMS.—Both in England and America there is now a complete lull in the dispute over the Alabama claims. The London Times now thinks that the question is not of a threatening character. We have not yet had very authentic information of the reopening of negotiations by Mr. Motley. If, however, he can get a fair and reasonable protocol ready for presentation at the next session of the Senate, it will have a good chance of favorable consideration.

THE work of preparing the road through Washington street, up as far as Schonblom's corner has been commenced. Deep gutters are being prepared upon both sides of the street, to convey the water off, and a plank road twenty-four feet in width is to take the place of the ocean of mud that now stands in the street. We hope the contractors, Messrs. Sternberg & Walker will hurry up the work.

ENTERPRISING.—We are always ready to note energy and enterprise on the part of our contemporaries of the press, and in any other business. For the past two days there have been no mails down the creek, and the proprietors of the Titusville Herald this morning sent the papers down the creek by a carrier on horseback. Such enterprise and attention to the wants of its patrons is commendable.

PETRIFIED BODY.—The Titusville Herald says:—The excavation of the Indian mounds in Cornplanter township has resulted in some startling developments. The mummified body of an Indian princess, supposed to be a daughter of "Lo, the poor Indian," has been brought to Titusville, and was yesterday on exhibition in front of Auerbach's. The remains are in an excellent state of petrification, and worthy of scientific inspection.

NEW TEMPERANCE HALL PROJECT.—We were called on to-day by ladies connected with the temperance organization in this place. It is the desire of the order to erect a new hall, and propose to raise the sum of \$1,200 by subscription for that purpose.—This is indeed a commendable object, and we hope our citizens will subscribe liberally to the fund. The labors of Good Templars in this place have resulted in good in a great many instances, and the proper encouragement should be extended in behalf of the society.

A Wife Living Peacefully with Two Husbands.

There is a very remarkable case of matrimonial felicity (?) in this city which is not generally known to the public. In the west division lives a woman with two husbands, to each of whom she has been married in legal form. At the time the war broke out this woman was living with her first husband, by whom she had three children. At the breaking out of the rebellion he enlisted, and went off in the role of "a brave soldier boy." A year or two after, his wife heard that he was killed in battle. She did not hear from him personally, the war closed, and he failed to write or to report at his former headquarters in Chicago. His wife now considered herself a widow, beyond all doubt, and in course of time she got married again. But, a few months ago, to her great amazement, husband No. 1, whom she had mourned as dead, returned to his long deserted domicile, but like Enoch Arden, only to find his wife the spouse of another man. But, unlike Enoch Arden, he failed to die of a broken heart. A council of war was held by the three heads of the family, and the difficulty amicably adjusted. What to some men and women, similarly situated, would have resulted in pistols, blood, and litigation, was settled readily and satisfactorily by this amiable trio. It was mutually determined that both husbands should continue to be "illegals" of the woman, on equal terms, and she should be the wife of both husbands. Soon after the soldier husband's return home, the wife presented to him and to the world another child, the offspring of husband No. 2. But this little circumstance did not seem to disturb the equilibrium of No. 1, nor the peace of the household. And there dwells that happy family—one wife, two husbands, and four children—in a small cottage, as quietly and contentedly, to all appearances, as if nothing unusual had ever happened. Verily, this is an age of wonders, and Chicago is the place to find them. Chicago Journal.

Messrs Wiggins & Dannels, of Pittsburgh are publishing a Directory of Meadville, French Creek, Oil Creek and Allegheny Valleys. We recommend the project to the notice of our business men, as a rare means of advertising. Their agent is now canvassing this place.

RE-UNION OF THE OFFICERS OF THE ARMY OF THE POTOMAC.—At the first reunion of the officers of the Potomac, held in New York, on the 5th inst., Lieutenant General Phillip H. Sheridan on the second ballot received the majority of votes cast, and was declared president of the society. With his characteristic modesty, the hero of the Shenandoah and Five Forks at first declined to be a candidate, but his objections were overruled by his friends. The large vote polled for the gallant soldier, Meade, upon the first ballot, is sufficient evidence of the affection of his old officers whom he so often led on to victory.

An ex parte application was made Friday to Judge Clark, in the Supreme Court of New York, by counsel on the part of John S. Prouty and other holders and owners of guaranteed construction stock in the Michigan Southern and Northern Indiana Railroad Company, to the amount of some millions of dollars, for a temporary injunction restraining the directors and Legrand Lockwood, the Treasurer, from selling or in any way disposing of the property, franchises or security of this Company, until the plaintiffs shall be paid all arrearages of interest on their shares.

Young Ketchum's refusal to avail himself of any irregularities in the legal proceedings which resulted in his conviction and sentence, is a timely rebuke to all pettifoggers and quibblers. He frankly says: "I am guilty and deserve punishment. The measure by which you propose to release me takes advantage of a technical objection to defeat the spirit of the law itself. I prefer remaining in jail to being 'absterged' out in this sort of style. Either pardon me absolutely for a crime I confess having committed, or send me back to prison."

A London letter referring to Mr. Raymond's death, says: There may be American statesmen and publicists more widely known in England than Mr. Raymond, but I am sure there is no one more respected, valued and honored by those whose good opinion gives the stamp of real fame.

Sir Henry Rawlinson, who affects archaology, has satisfied himself, and is trying to satisfy other people, that Babylon is the site of the Garden of Eden. Moreover, he claims to have discovered pub. docs. stored in Babylon which prove the fact, and which "give an exact geological description of the scene of man's first disobedience."

Tennessee has come to grief, financially. She can pay neither the principal of her debt nor the interest. Before the war her credit was equal to that of any State in the Union. She went into rebellion and this is the result.

Gettysburg Battle Field.
GETTYSBURG, Pa., July 10.
The Board of Directors of the Gettysburg Memorial Association have passed resolutions to designate with plain but permanent granite, by numerals, the positions of different divisions, brigades, &c., of each army during the battle. The Secretary of the Association was directed to invite Generals who commanded armies, divisions and brigades, to furnish information required in order truly to designate positions and events to be perpetuated, and to make arrangements for their reunion on the field in the first week of August, to confer together and determine points to be commemorated.

Kentucky grasshoppers chew tobacco.—The planters think that is cutting it pretty fine.

Oakley Hall, W. M. Tweed and several other Tammany magnates are treating for the purchase of the N. Y. Times with a prospect of success. Some time ago an offer of a million dollars was made for the paper.—Raymond wished to sell, but Jones did not. Now Jones is willing.

A Kentucky youth, having planned an elopement, was met by the father of his beloved and a big pistol, just as he stepped into the chamber window. He held the angry parent while the girl flew to the window and stepped out on the rope ladder.—The ladder broke, and she fell into the arms of two groomsmen, and while the agonized father was hurrying down stairs to ascertain her hurt, the lover jumped out the same way, hurried the girl into a carriage, drove off and was married.—[Ex.]

The Lehigh Coal and Navigation Company met the President of the Miners' Association, at Summit Hill, Pennsylvania, and agreed upon a basis of terms, which are not very satisfactory to the company, but it was the best that could be done, as the miners would not make any concessions. About one half the companies in all the Pennsylvania coal districts recommence work about the 6th instant. The Lehigh Coal and Navigation Company's men commenced on that day.

Wm. H. Sanford, Cashier of the Central National Bank of New York city, has decamped, and is a defaulter to the tune of one hundred thousand dollars. Speculation in gold led to defalcation. He leaves a wife and children in destitute circumstances in Westport, Ct. His character for years has been irreproachable. The bank announces the defalcation will not damage its standing.

An exchange says it is an extraordinary fact in this world that every man or woman that wants something done for nothing goes straightway to the publisher of a newspaper. He is the free bridge over which merit and demerit propose to pass the stream of trouble. He is the free horse that every man proposes to ride into the green pasture of prosperity.

It is intimated that Vallandigham is not very enthusiastically in favor of General Rosecrans as the Democratic candidate for governor of Ohio. Vallandigham made the acquaintance of Rosecrans under unfavorable, not to say unhappy, circumstances.

R. D. TAYLOR, of Concord, Ky., says the Gargling Oil cured a horse of his, injured while ploughing by attempting to step over a stump, almost severing his thigh from the body; also that he has used it in his family for fifteen years, and is the best remedy for Cuts, Burns, Bruises, Frost Bites, Strains, Rheumatism, etc., he ever used.

From CHURCH & BROS., Cochran Landing, Ga., Nov. 10, 1866.—We are pleased with your medicine. It has been the means of curing a great number of different diseases upon persons, as also upon horses. We think it cures all you recommend it to do. We want you to send us the larger proportion of the variety for "Family Use," in small bottles.

From DR. J. P. TERRELL, Warren, Ind., March 1, 1866.—I am engaged in the practice of medicine, and find your Gargling Oil an extremely efficient remedy in all cases where an external application is indicated. From DR. G. B. NEAL, Morris, Iowa, Dec. 30, 1866.—I have practiced medicine in this county seven years and cheerfully recommend your Gargling Oil as the best liniment in use.

From DR. T. W. ELLIS, Ga., Jan. 6, 1867.—If I could receive both boxes of the Gargling Oil it would not be too much, as I think I could soon find use for it all, the inquiry being frequent since it is supposed that I have it for sale. From DR. Wm. S. McCall, Chamol, Mo., Nov. 8, 1866.—Your Gargling Oil is taking the place of all the liniments of the day. If you desired them I could procure dozens of certificates from those who have been cured by it.

Messrs McLain & Bros., Wholesale Druggists, Wheeling, Va., say, under date of July 24, 1867, that they can safely recommend your Gargling Oil for more diseases than it is recommended for. From J. K. FISHER, Uniontown, Pa., June 21, 1867.—Your Gargling Oil is doing much better here than formerly, since its virtues have become known, and the bottles put up for Family Use, without stain, are much sought for.

Extract from a letter from Hon NATHAN INNESBY, County Judge of Shelby Co., Iowa, dated Hurlin, April 13, 1867.—It is decidedly preferred to any liniment sold in this section. Extract of a letter from SAMUEL S. HUPP, dated Fallsburg, Ohio, July 17, 1866.—In June last, Henry Shallebur had a yearling colt that had what was supposed to be Dysentery for more than ten days so that it could not eat, and the throat swollen almost shut, and the use of three or four applications of the dollar bottles did the desired effect. From A. G. NIEL, Lewisville, Coshocton Co., O., March, 1862.—I have used your Gargling Oil for the scratches on my horse, and it cured it with the first application.

From ENOS MATHEW, Middleport, N. Y., July 25, 1867.—I purchased a bottle of your Gargling Oil of your agent, A. S. Byker, at Middleport, and as yet have used but half of it. I think it has given me more relief in a case of severe Rheumatism, of long standing, than any thing I have ever used before.

Extract from a letter from J. O. PRATT, dated Quincy, Chautauque Co., N. Y., August 12, 1864.—I have been acquainted with your medicine (Gargling Oil) for the last fourteen years. It has proved a sure cure for Foot Rot in Sheep for which I sold the last bottle and have called almost daily for more. Please forward as soon as convenient.

Always inquire for Merchant's Celebrated GARGLING OIL, And take no other.
