Seven years ago Dr. Stronsberg, of Prussia, was the ragged tenant of a garret. Now he is a "railway king," worth \$40,000,000.

The funeral of 43 of the Avondale miners was attended at Scranton on Friday. The throng of people present was immense.

The billiard table manufactory of Kavanaugh and Decker, New York, was destroyed by fire on Friday night. Loss \$90,000, fully insured.

Gov. Geary will speak at Parker's Landing Oct. 5th, at Oil City Oct. 6th, at Titusville Oct. 7th, and at Meadville Oct. 8th.

The latest story about the Rothschilds, who some time ago would not hold United States bonds, is that they intend to invest \$100,000,000 in them.

"Ned Buntline" at the Political Temperance Convention in Chicago, pledged California, Nevada and Oregon to carry the Temperance party ticket next spring.

Citizens of New York have voted to raise \$50,000 for the widow of Secretary Rawlins, \$15,000 is already subscribed, of which President Grant contributed \$1,000.

SUNDAY TRAINS.--The Sunday trains up and down the Creek yesterday were crowded with passengers, and the cars of the up train were emptied and loaded one-half at this station. This arrangement gives opportunity to a class who cannot leave their work during the week, to take a short trip; but whether it will result in public good, or add materially to the public morals, it is rather doubtful.

THE LARGEST STOCK OF DRY GOODS IN TOWN.--It is right pleasing, indeed, to step into the Dry Goods store of J. Baum, Washington street, and look at the beautiful patterns of dress goods, and the equally as handsome cloaks and shawls. This stock is the largest ever brought into Petroleum Centre, and people are crowding in, anxious to get a look at the grand display. Go at once, one and all, and the visit will be amply repaid. See advertisement.

The New York Herald says: "For awhile there has been great clamor in a portion of the press in regard to 'vermin in the cars,' and evidently there was a desire on some one's part to make a pressure that would compel the companies to retit their vehicles. Now it is announced that a 'journalist has invented a car seat that is vermin proof.'

The Wells & Fargo coach, which left Helena, Montana, August 29, was robbed by highwaymen at Maids Summit, Utah, on the night of the 31st ult., of nearly \$30,000 in gold. The passengers were not molested and by that reason some forty thousand dollars escaped the clutches of the robbers. A large force left Corinne on the 1st inst. in pursuit of the marauders.

VENANGO COUNTY REGISTRY LIST.--The following is the footing up of the registration lists of voters of Venango county, as returned to the Commissioner's office by the township assessors. Also the vote for President in 1898 in an opposite column:

Table with columns: Registered, Vote of 1898. Rows include Allegheny, Canis, Cherrytree, Cooperstown, Cranberry, Clinton, Embleton, Franklin, 1st and 3d Wards, Franklin, 2d Ward, Frenchcreek, Irwin, Jackson, Oakland, Oil Creek, Oil City, Petroleum Centre, Pleasantville, Pithole, Plomer, President, Pinegrove, Rockland, Richland, Rynd Farm, Sandycreek, Sugarcreek, Scrubgrass, Venango City, Plumer, Utica, and Total.

LEGISLATION FOR MINERS.--It is stated that the coal miners intend to meet in convention to prepare a memorial to the Legislature, asking that owners of mines be compelled to take every precaution in sinking shafts designed to prevent destruction of life in the event of other occurrences like that which resulted in the Avondale disaster. A deep feeling pervades the entire mining district on this subject, and it is to be hoped that it will result in bringing about the end desired. Let us have no more holocausts in the Wyoming Valley.

Proceedings of Republican Meeting.

At the Republican meeting, held in the Opera House, Saturday evening, James G. Elliott was called to the chair, and a Secretary appointed. James H. Smith stated the object of the meeting, when it resolved itself into a club, and proceeded to elect officers for the campaign. The following are the officers elected: J. M. Dickey, President; W. H. Longwell, Vice President; S. Reynolds, Secretary; J. M. Wright, Cor. Secretary; James Patterson, Treasurer; E. J. Ray, J. H. Smith, and M. B. Parker, Finance Committee.

The following gentlemen were appointed a Vigilance Committee for the campaign: W. W. Gibson for Woods Farm; M. E. Hess for Hess Farm; J. M. Dickey for Boyd Farm; Mr. Lillian for Bennhof Run and vicinity; J. P. Barcroft for Storey Farm; H. E. Whittelsey for Pierson Farm; E. J. Ross for Egbert Farm, B. H. Northrup for NeElbony Farm; James McKinstry for Stevenson Farm; H. H. Hull, S. Armstrong and John C. Bump for Pat. Centre.

The Club resolved to meet with the Republicans of the township on Thursday, Sept. 17, at 3 P. M., at Sobel's Opera House, to nominate a township ticket.

The Club adjourned to meet Thursday evening next.

Lammers & Alden are selling off present to cut at cost.

At Avondale, when the dead bodies were brought from the mines, they were scrutinized by Mr. Phillips, the outside Superintendent, and, with rare exceptions, were recognized, and the name and late residence of the man was announced to the crowds outside. Very rarely did any violent demonstrations of grief follow, but in every case the friends of the victim came forward and took possession of the corpse. The owners of the mine had provided coffins, and the remains, being placed in them, were delivered to the friends for burial.

TELEGRAPH

REPORTED FOR THE DAILY RECORD.

Afternoon Dispatches.

WASHINGTON, Sept. 11.--Gen. Sherman's commission as Secretary of War appoints him until the end of the next session of Congress. The law does not prevent him from holding the two offices of General and Secretary of War, but he must elect which salary he will accept.

Judge Jere S. Black, of Pennsylvania, has brought suit in the sum of \$25,000 against the Louisville and Nashville Railroad Company for injuries sustained some time during the early part of the summer. Had the railroad company been prompt in paying the physicians who attended Judge Black during his sufferings, he would probably have been more indulgent.

It is stated that General Sherman will act as Secretary of War ad interim. The name of Major General Greenville M. Dodge, late of the Army of Tennessee, and at present Chief Engineer of the Union Pacific Railroad, is prominently mentioned in connection with the succession to the office.

Some enterprising chaps contracted for the use of the fence around the new post office enclosure, New York, for the term of two years, for \$15,000. On Tuesday Bonner covered it with an advertisement of a new Ledger story, and the lease holders, if they obtain their rates, as they probably will, expect to realize the handsome sum of \$220,000 out of the fence contract.

Benj. Brown, a graduate of Harvard, will give \$5,000 towards defraying the expenses of the Oxford boat crew, if they will come to this country and row a match with the lately defeated Harvards. Mr. Brown suggests the Hudson or the Charles river. This is a very handsome offer.

J. Ross Brown discredits the reports via London of the massacre of twenty-one missionaries in the province of Seechun, China. One French priest was killed, and one escaped. A number of Chinese converts were murdered. Prince Kuang has ordered an investigation of the affair.

Lammers & Alden have a new stock of all late styles of Hats and Caps.

Some one blamed Dr. March for changing his mind. "Well," said he, "that is the difference between a man and a jackass; the jackass can't change his mind, and the man can.--It's a human privilege."

The Lowell Courier says: "We are prepared to announce any number of candidates for Congress in this district at ten dollars each. Announcements that 'gentlemen are not candidates,' half price."

A prudent man advised his drunken servant to put by his money for a rainy day. In a few weeks his master inquired how much of his wages he had saved. "Faith, none at all, sir, it rained yesterday, and it all went."

Commodore Vanderbilt has been running on the New York Central line a special train from Buffalo to Cold Water, a distance of 63 miles, in 65 minutes, stopping 2 minutes at Batavia, thus making just a mile a minute for a distance of 63 miles.

A good natured traveler fell asleep in a train a short time ago, and was carried a few miles beyond his destination. "Pretty good joke this, isn't it?" said he to a fellow passenger. "Yes, a little too far fetched," was the rejoinder.

Commodore Vanderbilt does not monopolize the summer and winter wedding business. Judge Kennedy, of Warren county, New Jersey, aged seventy years, has just married a lady aged thirty-two.

The Hon. James L. Wilson, who is spoken of as the successor of Senator Grimes, of Iowa, in answer to the question, would he be a candidate for the Senate, replied that he would not--that he did not wish to be counted among the contestants. When asked if he would not accept the position elected to it by the General Assembly, he said: "Well, that is in a horse of another color. But very few men would cast a position of that kind, counting to that unsolicited manner, behind them. Yet I do not desire any political position. I have been long from home and am heartily tired and disgusted with political life in Washington, and now choose to remain with my family."

A plaster cast of the face of the late Secretary of War, General Rawlins, was taken on Friday, at the Congressional Cemetery, by Fisk Mills. The body was brought from the tomb, and placed under an archway of flags at the entrance, where the cast was taken.

The trotting horse John Stewart, at New York, on Friday made twenty miles within an hour, for a price of \$5,900. Time, 59 2/3 seconds.

A RARE CHANCE.--Mr. Barker, having engaged the services of Mr. E. Howard, whose reputation as a colorist ranks with the first artists of the country, is prepared to furnish photographs beautifully colored or finished in India ink. Those desiring such work, either from life or copied from small pictures, should embrace the opportunity at once, and call at Barker's photographic gallery, on Washington street, Petroleum Centre. aug25-1m

The little Princess Felicia, said to be the smallest girl of her age on the continent, is still the great sensation in Paris. She is only fifty centimetres high. On her arrival in Paris she was immediately taken to the Empress, who put her into a work-basket and carried her to the Emperor's room. The girl was placed on Napoleon's writing table, on which she promenaded and danced for awhile, and closed the performance, by turning a somersault. She is only seven years old, and the physicians who have examined her predict that she will yet grow eight or ten centimetres, when she will be about two feet high.
