Drilling Jars.

We would respectfully announce to our cus-
tomers and the public generally that we keep our
supply on hand.

Cast Steel Drilling Jars!

Which for Strength and Durability excel any steel
kind for use in the oil well.

The Advantages We Claim

over Iron Jars are that, being ALL STEEL, they
are stronger than jars composed partly of iron
that preventing a Steel surface to the rock, they are
protected from wear on the outside, and will keep
their shape longer.

**We Warrant Them to Drill
Fifteen Hundred Feet.**

We also keep on hand

Cast Iron Working Barrels.
