FIRE MEETING.

Tue suggestions of our correspondent. published elsewhere, in regard to the danger of fire, are good and should be acted upon at once. This matter should be attended to without delay, else it may be too late. Would it not be well to call a public meeting to take action on the subject,

N. E .- Since writing the above we learn that a fire meeting is to be held at Sobel's Opera House, at 714 p. m. this evening, for the purpose of devising means for the prevention of fires. A general attendance of the citizens is desired. Now that the "ball is to be set in motion" la this matter, we hope to see measures taken that will effectually prevent a recurrence of fires in the

The Atlantic and great Western Railway Company appears to be hopelessly insolvent, and has been | laced in the bands of Addison G. Rice as Receiver. It is alleged that the curporation had been insolvent and had neglected and refused the payment of its not and debts for over a year; that the listiffies of the company are many millions of dollars, and that all of its assets are insufficient to pay the seme.

We return thanks to Rev. Jas. Dunn. pastor of the Catholic Church of this place, for the gift of a splendid cake. The hearts of "ye prynters" were made glad while eating the same.

We understand that a new post office has been amblished at Story Farm. The office will be known as Columbia Parm Postoffice. Mr. I. F. Immel has been appointed postmaster. We are pleased to learn that our Story Farm friends have succeeded in their efforts to get a post office, as it has long been needed at that point.

Fire Meeting at Sobel's Hail this evering. Turn out and take measures to protect your property.

THIS MEANS BUSINESS -My entire stock of goods is offered at cost.

A. S. SMITH. Dec 5 tf.

The amount of oil transported over the B. C. & P. R. R. for the month of October was 64, 960 barrels and of other freight 252 the same time 685. Number of barrels transported during the month of November, 69,280, and of other freight 242 car loads. Number cars returned during same time,

日の大声は、大きないというとは、これのは、またいのかんか

The present cold winter weather is having a tendency to make business livelier.

By a private dispatch from Harrisburg we leard but our townsman, Capt. W. W. Gibson, has been appointed Messenger at the Captiol, by the Legislature. The appointment is a good one.

Fire Mosting this evening.

Those in want of Calendars for 1870 will befarnished them by calling at this office.

The total receipts of the late Catholic Fair amounted to \$2,088 60. The expenses are estimated at \$698,62, leaving a balance for the benefit of the church of \$1,389 98.

PETROLEUM CENTRE, Jan. 5th.

EDITOR RECORD:-To your item in last night's RECORD in regard to fires in town, None of them were of a serious character. every citizen will say Amen, and there it will end. No person will go up in their dirty garret and ascertain whether their not a man in town but would be witling to pay 50 cents to some person that would see that they were made secure. I would suggest that some reliable man be appointed by the citizens here to go through the town and make it his business to see that the pipes are made safe, and that each merchant and landlord pay aid man for his services each time, which should not be less than every two weeks for pipes will come loose by the jarring of the house. If some one will take this matter in hand it may save us being borned out some cold night minus everything but our lives. Will some one set? A CITIZEN.

Says the New York Times: We have been informed by persons immediately connected with the Spanish Naval Commission in this city, that Admiral Malcambo, commanding the Spanish fleet in Cuba and in our waters, now holds \$800,000 in gold contributed by the residents in the "Ever Faithful Isle" to purchase two new steam sloops of war, and he is to receive \$800,000 more in gold for the building of two more when the first two shall be completed. Each vessel is to cost \$400,000. This would be good news for the shipbuilders partion of community if the vessels were to be constructed in New York, or even in America. But the chances are that they will not, for the Spaniards say that the American Government has given them too much trouble with the flotilia of gunboats built by Mr. Delamater, and they fear that even could the versels be built, fitted out and ready for sea to-morrow, their departure from the port would be prevented by some legal process.

MINING LPHISLATION .-- Mr. J. W. Harden, of Wilkesburre, who is a thorough Mining Engineer, says that the Davy lamp and proper discipline would have prevented all the mine explosions which have occurred. He refers to the bill before the Legislature to prevent disasters in mines and says: "No act of the Legislature can do more with advantage than to set forth the conditions against which the miner shall, within the prastleability of human ingenuity, he made safe; and that that end will be best achieved by leaving the modus operandi a function of the proprietor, aided by competent employees, and the advice of a clever and energetic inspector. That the Burometer, the Anemometer, and such like, called for in Mr. Phillips' bill, with the best safety lamp, will follow these, is most property. Loss \$13,000. certain."

Tom Allen, of St. Louis, the champion queilist of America, has accepted Mace's challenge to fight for \$2,500 u side. Articles of agreement have been signed, and the principals will meet in a few days to agree upon a referee. In addition to the money to be fought for Mace will stake his champion belt against a similar trophy held by Allen, which was presented to him by bis St. Louis admirers. The money has been deposited with Frank Queen.

It is estimated that at the end of the year 1869 there was laid in the United States, in renad numbers, 110,000 tons of Hean Senstorial caucus was held. steel rails, equal to 1,160 miles of steel road and of this amount about 36 600 tons (equal to 300 miles) will be inid during the present season. These rails are in use on more than fifty different roads, and are partly of American, principally of English, and to a small extent of Prussian manufacture.-Iron

A private letter from Denver, dated Dec, 21, says; "Colorado is delightful in winter. We have not had more than ten clays that you would call wister weather. The rest of the time has been like your best October weather, with a bright sun, and so warm that overcoats are an encumbrance in the car leads. Nomber of cars return d during day time. The thermometer has been dow? to zero but oace, and then only for a couple of hours.

> The indications are that we shall have good sleighing before long. In this connecion we would inform our readers that J. J. McCrum, Titusville, has on hand at his store on Spring street, a large stock of Sleigh Beils, Buffalo Robes, &c., all of which are necessary in order to enjoy a sleigh ride.

> Bass relief-making only a slight raise' instead of "chiselling" somebody out of a large amount.

Jupiter's beits, according to astronomers are changing. Perhaps they are only to be handed over to Mars.

Dall as the times are, New Britain, Con. necticut, boasts of having, just opened three new mills, but, alas! they are "gin mills."

There were seven fires in Chicago from Saturday morning until Monday morning.

Friday night last Mike McCarty was shot dead in a saloon in Lemon t, Cook county. Iil. Three other men were in the saloon at pipes are secure. But I presume there is the time, but which did the deed is not known. The names of the three men are McCullock, Brady and Kane, and they are under arrest.

George Janquin's brewery, at Washing ton, 111., was burned on Sunday. Total loss \$20,000, insurep for \$12,000.

A fire at Clinton, Iowa, on Sunday destroyed the Fifth Avenue House, Kraus's stock of liquors, Myer's billiard saloon, Fainsworth's cigar store and Bretling,s bakery. Loss about twelve thousand dollars, insured for about half the amount.

The arguments in the Supreme Court of Pennsylvania on the Schoeppe case are assigned for the first Monday in February.

An unsuccessful attempt was made on Sanday night to rob the National Bank of Framingham, Mass.

The steamer Aleppo, from Liverpool, has arrived at Boston.

A heavy rain storm in Milhe, on Sanday, swelled the streams, carrying away railway culverts and detaining trafus.

Fears are entertained in Cincinnati for the safety of Chas. N. Nash, late cashier of the Fourth National Bank, of that city, who recently went to Arkansas to buy a farm. Nothing has been heard of him directly since his departure, and a man of his name was shot some days ago at Little Rock.

A sudden rize in Blackstone and Mill rivers at Woonsocket, R L., Semday night, caused a flood that is doing much damage. The tract of the Airline Road is three feet under water, but trains went out. Two small bridges on the Milford and Woonsocket Railroad were carried away. The Bristol Railroad was washed so as to interrupt the running of trains, but the road is all right now.

Nathaniel Brown was elected Mayor of Salem, Mass., Monday, with slight oppositlou.

A Buffalo dispatch says: At three o'eleck Monday afternoon the ber meter ranged low er than has been known in lifteen years. A gal set innabout nine o'clock, accompant ed with sleet. The water in the creek, canal and slips rose rapidly. Later a heavy snow storm set in. The gale continues with anabated fury. Telegraph lines are prostrates 'n all directions.
