Inquire of H. T. EDMAN. Dec 21-tf

Mr. Nelson of Coshocton county, Ohio, who was killed a few days ago, published a card in the local journal, over his own signature, containing the following announcements: "She died without moving a muscle, and left a countenance as cheerful and beautiful as on her bridal morning.—She left the body at five minutes past five A. M.; at ten o'clock A. M. she communicated through the planchette to me and others. To me: 'Mother not for me, I am surely happy, and I will be my guardian angel still, Eli.' Peace to her ashes, and blessings on her, and may I profit as heretofore by her guardianship."

There were seventy-four steamboat disasters on Western waters last year, involving an actual loss of over $1,000,000, on which there was an insurance of $665,000. Allen, Jennie Lewis, America and Fanny Scott, all burned in April at St. Louis, loss $175,000; Clifton, Westmoreland, Memphis, Cheyenne, Darling and Mary Steele, all burned at Cincinnati in May, loss $182,000; W. Fred. Steele, of New York, declares that storms race upon the sun with a violence of which we can form no conception. Hurricanes sweep over its surface with terrific force. Vast cyclones warp its fires into a whirlpool, at the bottom of which an earth could be like a bowlder in a volcano. Huge flames dart out to enormous distance, and fly over the sun with a speed greater than that of the earth itself through space.
