### SNOW-FLAKES.

BY LONGWELL.

Out of the bosom of the air,  
Out of the cloud folds of other garments  
sluiker,  
Over the woodlands brown and bare,  
Over the harvest field forsaken,  
Silent, and soft, and slow  
Descends the snow.

Even as our cloudy fancies take,  
A sudden change in some divine expression,  
Even as the troubled heart doth make,  
In the white countenance confession,  
The troubled sky reveals  
The grief it feels.

This is the power of the air,  
Slowly in silent syllables recorded,  
Thine the secret of despair,  
Lung in its cloudy bosom hoarded  
Now whispered and revealed  
To wood and field.

The United States steamship Yacht, being fitted out in the most complete manner, with sounding apparatus and the necessary material for hauling a line of sea sounding for a submarine telegraph cable, which is to connect the West India Islands with South America, on the eastern coast, and which in time will have a branch to Aspinwall, and thence to Panama and down the coast of South America.
