STEAM AND STOVE COAL

Teams coming to my yard for Coal, will have

Free Passage Over the Creek Bridge.

OPERATORS

Would do well to enquire at the office, and all find to their advantage to deal with me

Drilling Jars.

We would respectfully announce to our customers and the public generally that we keep constantly on hand

Cast Steel Drilling Jars!

Which for Strength and Durability excel any Steel-Lined Jar heretofore in use.

The Advantages we Claim

over Lined Jars are that, being ALL STEEL, they are stronger than Jars composed partly of Iron; that presenting a Steel surface to the rock, they are protected from wear on the outside, and will keep their shape longer.

We Warrant them to Drill Fifteen Hundred Feet.

We also keep on hand

Cast Iron Working Barrels.
