Drilling Jars.

We would respectfully announce to our
town and the public generally that we keep on
hand

Cast Steel Drilling Jars

Which for Strength and Durability excel any Steel
Lined Jar heretofore in use.

The Advantages we Claim

Our Lined Jars are that, being ALL STEEL, they
are stronger than Jars composed partly of Iron;
that presenting a Steel surface to the rock, they are
prevented from wearing on the outside, and will keep
their shape longer.

We Warrant Them to Drill Fifteen Hundred Feet.

We also keep on hand
Cast Iron Working Barrels

A new sect has arisen in Boston, who call
themselves "Bible Christians," and who
hold that they have a new insight into the
Bible that none others before them have
gained, and that Saturdays is properly the
Lord's day instead of Sunday. A converted
Methodist minister is preaching to them,
and a lady teacher in one of the public
schools has resigned because her school is
required to be open on Saturday, and she
cannot, in accordance with her new belief,
teach on that day. The new sect, in this
particular, approximates towards Judaism.

A foolish fellow, named Thorne, proposes
to make a series of leaps, this summer, from
the heights at Niagara Falls into the scorching
pools below, at La Sarre Patch.

Reprints.—The man with good, firm health,
is rich.
So is the man with a clear conscience.
So are the parents of vigorous, happy
children.
So is the editor of a good paper, with a
large subscription list.
So is the clergyman whose coat the little
children of his parish pluck, as he passes
them on their play.
So is the maiden whose horizon is not
bounded by the "coming man," but who
has a purpose in life, whether she ever meet
him or not.
So is the young man who, laying his hand
on his heart, can say, I have treated every
woman I ever saw as I should wish my sister
treated by other men.
