The time-table of the O. C. & A. R. will be found under the markets.

The production of the banner well of the oil regions, District No. 2, remains unchanged. For the 24 hours ending at noon today the yield was the same, if not more, than that reported yesterday. The care continues to bring large numbers of people anxious to get a sight at the biggest well in the region.

We notice by the Meadville Republican that the name of George K. Anderson of Pittssville, is announced as a candidate for State Senator, from the Crawford and Erie District.

A well is being put down on the flats of the Boyd Farm, by Homer McClintock and others. The parties putting the well down are of the spiritual faith, and it is said it was located with a "witch hazel." We have but little faith in wells located after this manner, but at the same time wish them good luck.

Great preparations are being made all over the country for a proper observance of "Decoration Day." Col. Sam'l Black Post, G. A. R., of Tarr Farm, are making arrangements to visit Pittssville on that day, the 30th, for the purpose of decorating the graves of the fallen heroes. This is as it should be, and we hope to see a general attendance of the soldiers and sailors of this vicinity to unite in paying a proper tribute to the memory of their deceased comrades.

The Carpenter well, on the Shaw farm, near Rouseville, is yielding thirty barrels per day.

Thayer's circus is in Oil City to-day.

The Erie Dispatch of this morning gives an account of the victimizing of one Halliday, a merchant of Springfield, Erie county, by an ostensible Titusville merchant, on the cars between that place and Buffalo. The device used was the stater of full in vogue among railroad sharpers. Halliday was out of pocket to the tune of \$30.

Messrs Lammers & Alden are daily receiving new styles of clothing of the latest spring fashions, which they are selling at remarkably low rates. There is no need of our citizens going out of the place to purchase clothing, when it can be purchased just as cheap at home and made up in better style if anything. Our advice to those desiring to procure spring clothing would be to pay the clothing store of Lammers & Alden a visit before buying elsewhere.

The new well at Shamburg, mentioned of which we made yesterday, is owned by Kemp Bros, of Story Farm, R. R. Arm of Pleasantville, and O. F. Schenblom of this place. It is located on the Chicago Petroleum Co.'s tract, and is yielding over 100 barrels per day of good green oil, and with a prospect of increasing. The Shamburg territory is proving as good as the region around.

In the Tennessee Legislature, yesterday, the Senate passed a bill on the first reading.

### PARKER'S LANDING-THE LATEST STRIKES.

The Northwestern Independent of Saturday, contained the following fresh and interesting oil news: The Murray well on land of John Marshall, has been sunk a depth of 1,027 feet: through a third sand about thirty feet thick—has been cased, tubed and pumped for some days, producing some oil, promising to prove a paying well. It is owned by Richard Jennings, John A. Brown, of Armstrong county and others.

The Mystic is the name of a new oil well, on the McGinnis farm, about one mile above Emlenton, on the river. It is owned by James Bennet, of Emlenton, and others, and has been pumping for about ten days, and is now yielding seven or eight barrels per day.

Well No. 4, Fowler farm, on the river owned by Brown, Neal, Sawyer and others, has been sunk a depth of seven hundred and eighty feet, through a third sand said to be twenty-eight feet thick. It has been pumping for about two weeks and is now producing some oil.

Lambing No. 2, on Land of Hartley & Shannon, on river, owned by Lambing, J. B. Finlay and others, has been sunk a depth of eight hundred and seventy feet through a third sand twenty-six feet thick. It has been pumping one week, and is now producing oil, promises to prove a good well.

The oil wells in Parker's Landing region generally, after a few weeks pumping seem to fall to a considerable extent; but after being torpedooed and thoroughly cleaned out, the production is as good as it ever was.—It would thus seem that the supply of oil is not yet being exhausted in this territory, but rather the supply of mud is increasing, occasioned, no doubt, by the numerous holes which have been drilled.

ANOTHER POIC —We have been permitted to publish the first stanza of a beautiful "Ode." The balance will be furnished as soon as the author returns from Jerusalem Four Corners, whither he has gone to recuperate his wasted energies after so fearful an effort:

"A OAD TO ILE KREEK.  
Green air thi waters  
Green az bottel glass  
Behold them stretched thar!  
Fine muskellungs & lankin bass  
Used to be ketcht thar  
There the red Injuns  
Wan'at tuk delites,  
Fish, fit and bled  
Now the inhabitants  
Is worthy whites  
With nary red."

The latest novelties in the way of engagement rings are sapphires set with diamonds, one large sapphire in the centre and a large diamond on either side.

The Meadville Republican says: We learn that oil has been struck on the Homes Farm, in Woodcock township, Crawford county. In sand pumping two or three quarts of oil are brought up at each time the pump is "runned." Good oil operators say that the indications are favorable for a large yield, and there is great excitement in the neighborhood in consequence. It has for several years been the opinion of experienced oil men that the Woodcock valley contains valuable oil territory, and this strike is regarded as a confirmation of their predictions.

The Petroleum Exchange Hotel on the Boyd farm, is reopened under the management of Ed. Sutherland. Ed. will impart some of his personal popularity to the house and make it a popular resort.—Pleasantville Gaslight.

The Gaslight is mistaken in one particular. The Petroleum Exchange is located in Petroleum Centre, and not on the Boyd Farm. The hotel will continue to grow in popularity under Ed's management.

PROULY EDUCATED.—A clergyman, while wending his way to church on Sunday morning, caught sight of the two sons of one of his parishioners going into the wood evidently for the purpose of hunting. Feeling certain that anything like direct remonstrance with the young men themselves would scarcely turn them from their ways, he waited until after preaching, and sought the old gentleman, their father. After recounting the circumstance of meeting Billy and Sammy as he had done, he closed the appeal by inquiring why they had not been brought up in the fear of the Lord?—Fear of the Lord, parson, fear of the Lord! Why they he! They're so 'feard of Him now they durstn't go out on Sunday without double bar'd shot guns on their shoulders."

The house of a Mr Sherman, at Pioneer, was entered by burglars a night or two since and a portion of his wardrobe stolen together with his pocket book containing \$7 in greenbacks.

West Hickory is now producing about 400 barrels of oil per day.

The entire business part of Henderson.

### Excursion Tickets to San Francisco

We learn that the Erie Railway Company has completed arrangements for Excursions by rail to the Pacific Coast, enabling those who contemplate a trip to San Francisco, to effect a great saving in the expense of the journey, by organizing themselves in parties of twenty or more, as the following table will show:

From Corry to San Francisco and return.	20 to 24 persons, \$224.80 per ticket.
	25 to 29 " 218.80 "
	30 to 34 " 212.80 "
	35 to 39 " 206.80 "
	40 to 45 " 200.80 "
	45 to 49 " 188.80 "
	50 persons and over, 176.80 "

These tickets are valid for passage for sixty days, thus affording those who desire to do so, an opportunity to visit all the principal places of interest on the route.

With a little effort, we think that a company might be organized from this section, who will take the initiative in the matter? The books of enrollment are now open at the Depot Ticket office.

An Ohio woman who killed her husband two years ago and was sentenced to prison for life, says she is satisfied she did wrong, and wants to come out. Besides that, she says it can't do her late husband any good to keep her in there, and lastly, she has got another chance to marry.

The Boston Tribune makes the following curious announcement:

"Fifteen colored men married white wives, in this city, last year, but no white men took a colored wife. Just so far as amalgamation prevails, just so far are colored girls to be without husbands.
