Mr. A. M. Shultz has recently fitted up his grocery in elegant shape, and has added largely to his stock of groceries, provisions, dried fruit, &c., &c. He has also secured the services of that popular grocery dealer, Mr. N. G. Huntington, who hereafter will be found at his store, ready and willing to wait on customers. Mr. S., thoroughly understands the grocery business and these having deal with him or his gentlemanly clerk, will find them fair and honorable men. Give them a call and be satisfied.

By reference to the advertisement it will be seen that our Catholic friends propose celebrating the Fourth of July in an old-fashioned manner, on the grounds near the church. The programme which they have laid out is a sufficient guarantee that a good time will be had. Read the advertisement.

A new well was struck on the Lyman P. Smith farm, near Pleasantville, on Saturday last which is said to be yielding thirty barrels per day. It is known as the Neal well. There are five or six wells producing on this farm at present, and several going down.

The frequent use of fire crackers, torpedoes, &c., in the streets is getting to be a decided nuisance. We hope the police officers will put a stop to it. There is great danger of fire by their use and the practice should be stopped.

We hear of one or two cases of sun stroke during the present warm weather.

New derricks are being put up on the Espy farm.

The Elliott Bros. are putting down a new well on the Brown farm.

A REMARKABLE STEAMBOAT RACE AGAINST TIME.

THE FASTEST TRIP IN A QUARTER OF A CENTURY.

St. Louis, June 23d.—The famous steamer Natchez, Captain Tom Leathers, which has been making a race against time from New Orleans to St. Louis, arrived here a few minutes after four o'clock this afternoon. The following figures are taken from her log: To Natchez, 17 hours, 52 minutes; Vicksburg, 26 hours; Memphis 2 days 9 hours, 40 minutes; Cairo 3 days, 4 hours, 35 minutes; St. Louis 3 days, 22 hours, 30 minutes. The race was made to beat, if possible, the time made by the J. M. White, in 1844, which was 3 days, 23 hours, 9 minutes, and which has never been beaten until to-day, although many of the swiftest boats which have run on this river during the past quarter of a century have attempted to do it. There has been great excitement among steamboatmen and citizens generally all day in regard to this race, and when the Natchez touched the wharf this evening she was immediately thronged with an excited crowd, who were very joyous over the great victory. A large amount of money changed hands on the result. W. S. Pike a banker of New Orleans, passenger on the Natchez, who claims to have kept a careful record of the trip asserts that the passage was made in 3 days, 21 hours, 38 minutes, the difference between Cairo and this point.

Rev. A. N. Craft, A. M., of Erie, Pa., an able and eloquent clergyman, will discuss the Protestant phase of the Infallibility question, at Sobel's Hall, on Friday evening, July 1st. It will be remembered that Mr. Craft was the party who was recently engaged in a discussion of the question of Spiritualism at Jamestown, N. Y. Undoubtedly he will draw a crowded house.

The arrangements for a Fourth of July celebration in this place are rapidly being completed, and we have no hesitation in saying that a celebration worthy of the day will be gotten up. The balance of the money left after paying the necessary expenses will be donated to the fire department.

Several small operators on Cherrytree Run were heavy losers by the recent fire on the Rynd farm.

Quite a wordy row occurred at the "hub" of the county, at the Treasurer's sale of land yesterday, between several prominent citizens. After making horrible threats of cutting one another's gizzards out, &c., they subsided and the affair ended in smoke.

There will be a foot race between Wm. Good and H. A. Grant at Miller Farm, 100 yards, for \$25 on Thursday June 30th.

The International convention of Young Men's Christ in Association, held at Indianapolis last week was attended by about five hundred delegates from all parts of the continent. Rev. M. Heard and C. N. Payne were the delegates from the Association of this place. They report the proceedings as being very interesting and advantageous to the cause of Christ in this country.

On the evening of July 4th, the fire department of this place are to give a grand ball in order to enable them to procure a number of articles necessary to fit up the engine in good working shape. They have issued tickets at the exceedingly low price of \$2.00 each, and a committee will shortly visit our citizens for the purpose of selling them. We hope all will aid in forwarding this movement by purchasing tickets. Besides aiding a good cause they will have a jolly good time.

The warmer weather the greater necessity there is of indulging in Simmon's ice cold soda water.

It was 94 in the shade this noon at Christ's Drug Store, 1/2 a deg. higher than any day this summer.

Hon. C. W. GILFILLAN recently introduced a bill in the House of Representatives granting a pension to Sarah Houston, widow of Lieutenant Robert Houston, lately a member of the 63d Regiment of Pennsylvania Volunteers. The bill passed the first and second readings, and was then referred to the Committee on Invalid Pensions.

"La Belle Helene," the wife of an actor in Ames' circus, has separated herself, her child, diamonds, and \$1,000 in cash from her husband, who is the victim of a Cincinnati coal merchant, thinks that a divorce is the only thing that will be any comfort to him now.

In the Episcopal Diocesan Council for Wisconsin, a day or two ago, the following canon was adopted: "Every communicant of the Church marrying outside of our communication, or married by any other than a clergyman of the Church, shall stand ipso facto excommunicated."

CRUDE AND REFINED.

A French almanac says that the man who is born in the month of June will be of short stature, passionately fond of women and children, but will not be loved in return. The lady born in this month will be a giddy personage, fond of coffee; she will marry at twenty-one, and be a fool at forty five.

Miss Louisa Stratton of Cass county, Indiana, challenges any man in the State to a ploughing match with her. She proposes a two horse team, each competitor to drive and hold the plough. Miss Lucy is evidently one of those who think that he or she who by the plough would thrive, himself (or herself) must both hold and drive.

Cowper says that "the tear that is wiped with success, may be followed, perhaps by a smile." If it is a woman's tear, the perhaps is unnecessary; you can always dry it with a dress.

A man in Bremen has made a figure of a woman which can, owing to ingeniously contrived machinery talk. This proves of all the wastes of time we ever heard of, the most wasteful.

Milwaukee has had a "beer fair" at its risk whereat each brewer occupied a tap stand, and each visitor was called upon to vote for the beer "that liked him best" on leaving the fair. At the close the brewer receiving the largest number of votes received a massive gold medal, and those less fortunate silver ones of value in proportion to their standing in the popular estimation. Not heepees!

A man in Terre Haute, Ind., has obtained a divorce because his wife swore at him so terribly. He says a wife may be a blessing, but his wasn't the kind he wanted.

There was a little flutter of surprise among many attendants at a fashionable wedding in Pittsburgh, Pa., on Friday, when at the conclusion of the ceremony, one of the groomsmen led his fair companion forward, and they too were made one in the most "delightful" manner.

McFarland has returned to New York, and promises to make startling revelations before long. He is preparing a card denouncing his alleged insanity, and insisting that he will be able to prove that he has not been out of his right mind in the least degree.

The editor of the Indianapolis Times writes the obituary of that paper, in which he says:

"The brilliancy of our career has only been equalled by its brevity. But we retire with one piece of knowledge we never possessed before. We are satisfied that we are fully competent to close the affairs of any paper on the shortest notice.

The business management of the paper would have been eminently successful, but there wasn't any business to manage.

For our reformed friends we have only an affectionate and tender farewell, with one word of advice: give up the reform business; it don't pay. We speak from experience in this matter. The "dear people" don't want reformation. If they do let them get it by action, and not by silly childish complaints."

The man who wrote that, every thing else being equal, has sense enough to conduct a successful paper.

Grand Rapids is just now greatly excited over a divorce case in high life. As the story goes, the couple have been living happily together for about twenty years, and raised a family of four children. Some time ago the husband became acquainted with a woman from Jefferson. The acquaintance grew into intimacy, until he at once and unexpectedly to the wife and every one announced to the mother of the children that they were divorced. The sequel is that he expects to be married in a few days to the Jefferson acquaintance, and these who were his friends are very much disgusted, and threaten that neither he nor his wife will be tolerated in respectable society.

A new well was struck on the Brown farm, Cherrytree Run, a few days since, which is yielding six barrels per day. It is owned by Lockwood, Bates and Fisher.

The vote for State Senator in Crawford county, yesterday, is undecided at this writing, but the indications are that G. B. Delamater is nominated by a small majority. In Titusville, Anderson received 906 votes to Delamater's 87.

\$5 REWARD!

Lost between Skinner Farm and the Record office, a MEERSCHAUM PIPE with silver rim. The above reward will be paid if the Pipe is left at this office. j28 St.

A FOOT RACE FOR \$50 will be run at Miller Farm, on Thursday, June 30th, after the horse races, between H. A. Grant, alias Shoo-Fly, and Wm. Good, the latter to have 60 feet start on 100 yards.
