FIRE MEETING .- There will be a fire meeting at the engine house, at 8 o'clock precisely, this evening. All members are requested to attend.

FIRE AT OIL CITY

A disastrous fire broke out at Oil City between 12 and 1 o'clock this morning, on Main street, which destroyed the entire block from the Johnson well, adjoining the crosses the creek, including the Snow House The Petroleum House was saved by the exertions of the citizens and firemen, and the wind being in the opposite direction. Every building from that point to the bridge was destroyed, and but very little property in them was saved. The office of the Oil City Daily Times was located in the second story of the Snow House, and was partially destroyed. The loss to the Times Printing Company amounts to \$7,000. The cutile loss will not fall much short of \$30,000, on which their is but little insurance. We ara indebted to the gentlemanly operatorof the W. U. Tel. line for the above particulars.

At present, Mr. S. A. Woods is delivering 5,000 barrels of oil to Fisher Bros. of Oil City, at \$5,90 per barrel. This contract was made last fall, for the above figure, buyers option the first six months of

NEW WELL - A new well was struck vesterday, on lease 25, Omega Oil Co's farm, which started up at the rate of twenty-five barrels per day, until the head was pumped off. It will probably prove at eight to ten barrel well. It is owned by Jones. Major & Co. The well is \$70 feet deep, and had about 30 feet of third sand rock. Several other wells will soon be completed on this farm.

A new depot is being crected at White Oak station, by the O. C. & A. R. R. 14s dimensions will be thirty by eighty feet.

A Comic View of Congress.

Panchinello's condensation of a recent congressional debate is good. It is as tolows:

There was a debate upon a proposition to bolish the mission to Rome

Mr. Brooks said most of his constituents vere Roman Catholics. Therefore there should be a mission to Rome.

Mr. Dawes said that Mr. Brooks used to be a Know-nothing. Therefore there should not be a mission to Rome.

Mr. Cox said they used to burn witches in Massachusetts. Therefore there should be a mission to Rome.

Mr. Hoar said they didn't. Therefore there should not be a mission to Rome.

Mr. Voorhees said they burnt a Roman Catholic asylum in Boston. Therefore there should be a mission to Rome.

Mr. Dawes said they burnt a negro asylam in New York. Therefore there should not be a mission to Rome.

Mr. Voorhees said Dawes was another .-Therefore there should be a mission to Rome.

Mr. Bingham said that Powell was a much better painter than Titian, and Vinnie Ream a much better sculptor than Michael Angelo. Therefore there should be a mission to Rome.

Republican chorus-You are. Democratic chorus-We ain't. Republican chorus-We did.

Democratic chorus-We didn't.

Solo by the speaker-Order. Democratic chorus-There should be (da

cape with gaval accompaniment. Republican chorus-There should not be

(ditto, ditto.) After weighing these arguments, the

House adjourned without doing anything about It.

PARKER OIL FIELD .- The East Brady Independent says: The Jennings, Finlay and Brown well, on the Connelly Farm, has proved a good one. It started off at 35 barrels, and will certainly increase its defence against the police. production.

The Moorhead well, on the same Farm, owned by Jennings, Brown and others, is being tubed and presents splendid indications.

The Annie well, owned by the same parties, is reported good for 25 barrels, and is also on the Connelly Farm.

The Continental well, owned by R. P. Crawfor & Co., on the land of D. S. Allen , is down and offers every indication of being a good well. The third sand is thirty feet thick. This well, which is 1.104 feet deep, was put down in the incredibly short space of forty-two days, by Mr. J. M. Lambing. This is very rapid work, and proves the excellent skill of the operator.

The Alpine well was torpedeed on Saturday last and produced forty barrels of oil in the first twelve bours.

EMLENTON.-Fithlan's new well, on Poplar Bottom, is pumping at the rate of a barrel an hour. The old well at the mouth of Ritney's run, bas accumulated sand to the depth of eighty fect, and is to be torpedoed and put in running order. The Yeltow Pine well will be completed in two weeks, and gives excellent promise. The new well above the bridge is nearly completed. The new well on Middletown's run is down 900 feet; progressing finely, having gone through seventy feet of second sandwith fine prospects.

The Fourth of July passed off quietly at Petroleum House, to the iron bridge which this place, yesterday. At the Catholic Church much sport was had in the various games. The base ball match between the Stevenson Farm club and the Story Farm club was closely contested, the game being won by the Story farm boys. Much merriment was occasioned at the ludierous endeavers of the boys to climb the greased pole. On the whole the day passed off pleasantly and all appeared to enjoy them-

About thirty-three members of l'etroleum Lodge I. O. of O. F., headed by the Columbia Cornet Band, left town yesterday to attend the Odd Fellows celebration at Meadville. After the celebration the Columbia Cornel Band screnaded Vice-President Colfax, at the McHenry House, who appeared on the porch and addressed them, paying a neat compliment to them on their appearance and the excellent style of their playing. It was a very pleasant little episode.

The Venango Spectator says: The Poor House Commissioners on Friday last decided to purchase the Roberts farm, on French creek, a few miles above this city, and will proceed to erect thereon the necessary buildings for a Poor House. The farm is in Sugarcreek township, contains about one hundred and seventy-five acres, and cost the Commissioners.forty dollars per acre. -It is one of the best farms in the county for the purposes designed, and with proper management can be made very nearly, ir not altogether, a self-sustaining institution, the first act, says they didn't get up a good and a comfortable bome for the homeless representation of heaven, but they played and unfortunate.
