Gold Hunting.

Yesterday, on the 11 o'clock freight train, there arrived in town a man whose name is supposed to be Whitford, having with him his little daughter aged about six years. Upon arriving at the depot he left the girl, taking with him her shawl, which he tried to pawn at the Central House for liquor. Upon being refused he left and has not been seen since. The girl staid in the depot until evening when she was taken in charge by Mr. Cross, and has been at the Central House since. She gives her name as Anna Jane Whitford; is a very intelligent child, and says she has lived with her father for the last six months about six miles out from Titusville on the plank road, and has not seen her mother during that time. On the 4th she staid in the depot at Franklin during the day. This notice is made in hopes that it may catch the eye of some of the child's relatives or friends.

There is to be a match game of foot ball on the grounds near the Catholic Church this evening. The match will be for the articles left from the Fourth of July celebration. The match is open to all boys. Lots of sport is anticipated.

A new well was struck on the Huidekoper tract, near Shamburg, day before yesterday, which is said to be yielding fully one hundred barrels per day. This tract adjoins the tract owned by our townsmen, Messrs. Arnold and Phinney. The striking of this well will add largely to the value of their property for oil purposes.

What a pile of misery pillers would save themselves if they would remember the beautiful poem commencing: "Him who takes not isn't his'n 't surely get his-self in prison."

FIRE AT AN OIL WELL.—The Hobby well on the Russell farm, above Emlenton, was destroyed by fire on Thursday morning, June 23. The engine house, machinery, etc., were burned, and a tank containing about 20 barrels of oil was upset to prevent it from catching fire and spreading. Fortunately a shipment of oil had been made the day before. The well had been torpedooed on Wednesday and there was every prospect of an improvement in the production. Alex. Rankin, an employe at the well was severely burned.—Venaugo Spectator.

OIL TARIFF OF THE OIL CREEK & ALLEGHENY RIVER RAILWAY.—The following schedule of rates went into effect Monday, July 4th: All points to Corry, 50 cents per barrel; all points to Irvington, except Tidoute, 50 cents, per barrel; Tidoute to Irvineton, 40 cents, per barrel; Tidoute to Oil City, 40 cents; stations between White Oak and Henry's Bend, to Oil City, 35 cents; stations between Oleopolis and Oil City, 30 cents; Titusville, Miller and Gregg's 50 cents; Pioneer, 45 cents; Boyd farm, 28 cents; stations between Oil City and Petroleum Centre, to Oil City, 25 cents.

PURE CUSSEDNESS.—For about a week past the O. C. & A. R. Ry., has been every now and then obstructed by pieces of wood, rail, etc., being put upon the track near Tryonville. Day before yesterday, special policeman McKenzie who was watching for the offender discovered a boy placing a piece of rail across the track. The little scamp was immediately arrested. He is but 10 years old, and shirks for himself, being illegitimate and deserted by his unnatural parents. He confessed to having placed the obstructions on the railroad track of his own accord, with no motive but "pure cussedness." Mr. McKenzie took him to Meadville, from whence he will probably be sent to the House of Correction.—Corry Republican.

Japan abounds in natural horrors. The great volcano of Assmayama, in the interior of the Island of Nippon, which has been quiet for centuries, is in violent eruption, accompanied by frequent earthquakes.—Villages are being swallowed up, and general terror prevails among the inhabitants. About two hundred miles from Yokohama there is a marine volcano also at work. Some portions of crater are the above the sea. Clouds of steam issue therefrom, and the water in the neighborhood is in a boiling condition.

Miss Cross residing in Balltown, near Pitohole, killed a rattlesnake yesterday five and one half feet long with eleven rattles. In attacking and dispatching the monster, the young lady exhibited an amount of pluck seldom met with among the fair sex. During the excitement of the engagement Miss Cross in striking at the snake with a board accidentally hit her sister, a married lady, on the head, cutting a gash in the skull two inches long.—Pleasantville Gaslight.

Akin's Hall has recently been fitted up and opened as a variety hall by Messrs. Snowdon & Turner. A first-class company performs every evening. If you desire to pass a pleasant evening drop into the Varieties and see fun.

About 11 o'clock this forenoon the boiler at Patterson & Dickey's well, Shamburg, exploded with terrible force, going clear through the derrick and landing some distance beyond. There were seven men at work in the derrick at the time the explosion occurred, and miraculous to state none were killed, three of them, however, being quite severely injured. Mr. George Fogans was cut about the head; Mr. M. Feeley badly bruised, and man from Titusville, whose name we did not learn, was very badly hurt about the head. All the above will recover. We learn the above facts from Mr. J. M. Dickey.

H. C. Wichter has consolidated his two grocery stores. He can be found hereafter at the store at the upper end of the town. His new advertisement will appear to-morrow.

At the trot on Fashion Course on July 4th, the following were the entries: Lady Thorne; George Palmer; George Wilkes; Lucy and American Girl. Goldsmith Maid for some reason did not go. The race was for a purse of \$5,000, \$2,500 to the first; \$1,200 to the second; \$800 to the third, and \$500 to the fourth. The race was won by Lady Thorne in three straight heats, George Palmer took second money. Time made was 2:53 1/4; 2:23; 2:24 1/4.

Henry McShelton, a brave soldier boy, who was supposed to have been killed at South Mountain, in September, 1862, has just appeared, in an excellent state of preservation, to his friends in Ohio. He says he was taken prisoner, held until the close of the war, and then, having a wish to see more of the world, went to sea, shipping from New York. Since then he has not been on American soil until a few days ago.

Not long since there was found, three and one-half miles south of Fort Recovery, Ohio, on the farm of Mr. Sutherland, a musket, supposed to have been one of the guns used by General St. Clair's men in their dreadful defeat, as it was found directly upon the ground over which they retreated. On taking out the breechpin the cartridge was found to be perfect, having been in this

The Treasurer's sale of land for taxes has been adjourned to Monday, July 11th. All the lands have been sold, but if any remain not paid for on the 11th, they will then be resold.

The following is now the wail of some of the fast men in this locality:

"All around my hat I wear the green willow,

And through the long night till the breaking of day,

With tears of grief and sorrow I wet down my pillow,

For my love has gone to Titusville, the summer months for to stay."

In our issue of yesterday we inadvertently omitted to mention the firemen's ball, which came off on the evening of July 4th, and was decidedly the finest affair of the season. Upwards of forty couples were present, comprising the first citizens of the place and their ladies. The music was excellent, and the dancing was kept up to the "wee wee wee" hours. Every one present expressed themselves as highly delighted with the evening's entertainment, and will be pleased to learn that the firemen propose to give another ball in a short time.
