Drilling Jars.
 We would respectfully announce to our custom-
 ers and the public generally that we have now
 ready on hand

Cast Steel Drilling Jars
 Which for Strength and Durability exceed any other
 kind of jar heretofore in use.

The Advantages we Claim
 over Lead Jars are that, being ALL STEEL, they
 contain no soft composition, partly of iron
 but presenting a steel surface to the rock, they are
 protected from wear on the outside, and will keep
 their shape longer.

We Warrant them to Drill
Fifteen Hundred Feet.

We also keep on hand
Cast Iron Working Barrels.
Fisher, Norris & Co.
