Table with columns for train numbers (No. 4, No. 5, No. 6) and departure/arrival times for various stations like Irvine, Titusville, and Corry.

A MYSTERIOUS DISAPPEARANCE.

We regret to learn from the Pleasantville Gaslight that Mr. Jonathan Locke, formerly of Titusville, and for a year or more past engaged in business in Pleasantville, disappeared on the 6th inst. and has not since been heard from.

He is 56 years of age, has light blue eyes, weighs from 120 to 125 pounds and has but three fingers on his left hand, the little finger having been taken off when he was quite young.

Any information which will lead to a knowledge of his whereabouts will be thankfully received by Mrs. Sally D. Locke, of Pleasantville.

We copy the following White Oak items from the Forest Republican: The W. U. Telegraph Company have completed their new and direct wire to Tidoute, White Oaks and Fagundas city, Pa., and have their offices now in successful operation, charging the low rate 20 cents to and from all points in the oil region.

The new Post Office at Trunkeyville (White Oak) is now open for the transaction of business. The office is in the store of Messrs. Steffe & Doty, and Mr. C. R. Richardson is the Post master.

Our friend Baum has made a decided improvement in front of his dry goods store by the laying of a new sidewalk. He deserves the thanks of the public.

The Cleveland Herald says: About noon on Saturday a shocking casualty occurred at the oil refinery of Rockefeller & Co.—The engineer, James Roberts, attempted to put on a belt while the engine was in motion and his clothes becoming entangled he was drawn into the machinery and frightfully mangled.

Considerable interest is being manifested at Tionesta over the discovery of a copper mine. A shaft is being sunk which will be finished this week when the truth of the matter as to whether copper exists in Forest county or not will be arrived at.

Oil sold here yesterday at \$3.55, notwithstanding the fact that the Herald's highest price paid was \$3.35 and \$3.45 on the Lower creek.

Producers should not be influenced too much by the dispatches these days. They are mostly sensational and are meant to "beat" the market.

THE LAKE SHORE AND MICHIGAN SOUTHERN RAILROAD.

Judge BARBOD, in New York, has enjoined the Lake Shore and Michigan Southern Railroad from using any influence or solicitation to send passengers or freight over the New York Central and Hudson River road, in preference to the Erie, and from giving the patrons of one road any favor or advantage which it does not accord to the other also.

Washington, July 19. Baron Gerolt officially communicated to the Secretary of State the following telegram: Berlin, July 19, 1870.

To Baron Gerolt, Washington: For your guidance, I have to say that private property on the high seas will be exempted from seizure by His Majesty's ships, without regard to reciprocity.

A rumor in London yesterday that Russia intended to participate in the coming conflict lacks confirmation. The rumor caused an agitation in the stock market from which it had not recovered at the close of the day.

There is to be a foot race on Washington street this afternoon, between Grant, a colored individual, and a white man from Story farm, for a purse of \$25. First dash the white man to have eight feet start.

A first cousin of the Cardiff Giant has turned up in Ohio. On the 5th inst., in Highland county, while workmen connected with Rucker's quarry were excavating preparatory to opening a new quarry, they came upon at the depth of sixteen feet, a fossil of the race of stone giants.

A printer once had a quarrel with his employer, and after cursing to the full extent of his ability wound up with this professional anathema: "I wish he was in Texas, with his back broke, setting diamond at ten cents per thousand."

The Haverhill Gazette says: "Trying to do business without advertising is like winking through a pair of green goggles—you may know that you are doing it, but nobody else does."

Some graceless chap stole a fifty dollar Bible from a family in Cleveland. It is to be hoped that the thief stole it for the purpose of studying its contents and following its teachings. What other object he could have had is a mystery.

A colored boy named Johnson, aged six years, was poisoned at the house of his father in Titusville, on Monday last, by swallowing a quantity of concentrated ley, which had been left in a cup within his reach. The Herald says his recovery is considered impossible.

Local Notices.

Now is the best time to lay in a winter supply of hard coal. Codrington & Cornwell are the men to buy from. June 28th.

Banta's Patent Slat Lined Refrigerator.

Lined with Slate, having Air Chambers without Filling of any kind—perfectly dry and sweet—they are believed to be unequalled by any other now in use, and are of Moderate Cost.

State possesses an acknowledged superiority over Zinc for lining purposes, being free from smell, taste and corrosion, and can be easily cleaned, preserving every article in a sweet and pure state.

Trotting Match!

FOR A PURSE OF \$3,000 AT THE OIL CITY

PARK ASSOCIATION

ON Wednesday July 20.

MR. HUNT, Hornellsville, names b. g. Ashland Pet.

MR. TIERNAN, Oil City, names b. m. Mary Taylor. SAME DAY.

The Association gives a purse of \$200, \$125 \$50, and \$25 for the following horses:

James G. White, Oil City—b. h. Captain S. L. Bane, Pittsburgh—d. g. Fuller Brown.

A. Lewis, Buffalo—b. m. Josephine.

The above race is for horses that have never beaten 2:40. The entries close on the 15th of July.

CONDITIONS.

The races will be conducted under the rules of the National Association except that in the match owners drive.

A horse distancing the field will only be entitled to the first money.

Letters to be addressed to A. D. Barbour, Oil City.

P. H. TIERNAN, President. A. D. BARBOUR, Secretary and Treasurer. July 15.

Drilling Jars.

We would respectfully announce to our customers and the public generally that we keep on hand

Cast Steel Drilling Jars

Which for Strength and Durability excel any Steel Lined Jar heretofore in use.

The Advantages we Claim

For Lined Jars are that, being ALL STEEL, they are stronger than the "J" composed partly of iron; but presenting a steel surface to the rock, they are protected from wear on the outside, and will keep their shape longer.

We Warrant Them to Drill Fifteen Hundred Feet.

We also keep on hand

Cast Iron Working Barrels.

Fisher, Norris & Co.

PETROLEUM CENTRE, Nov 12th, 1869-14.
