No. 6—Direct to Pittsburgh without change.

Monday, May 31, 1870.

Gold at 1 p. m., 121 1/2.

STILL ANOTHER BIG WELL!

CADY & THOMPSON WELL NO. 1,

McCRAE FARM, PUMPING NEAR 300 BARRELS PER DAY!

THE McCRAE FARM NOW PRODUCING ALMOST 1,200 BARRELS PER DAY!

BEST, BETTER, BESTEST!

As we stated in our issue of yesterday, Cady & Thompson well No. 1, commenced pumping about 7 o'clock last evening, oil coming to the surface almost immediately.

The well is now producing nearly 300 barrels per day. She had 42 feet of third sand rock, and is something over 700 feet deep. It is owned by Cady & Thompson.

The McCrae farm is now yielding nearly 1,200 barrels per day.

The Phillips & Boyles well, struck yesterday, is yielding near 250 barrels per day.

This well has a large gas light, which lighted up at night illuminates the hills for a long distance around.

At the meeting of the members of the Presbyterian Church, last evening, it was decided to call the Rev. David Patton, of Greenville, Pa., as their pastor. The vote on the question was unanimous.

The County Commissioners have given out a contract for repairing that portion of the Titusville road from the flats in Wild Cat Hollow to the Cherrytree township line. They have also let a contract for repairing the road between this place and Story farm. Both of these are long-needed improvements, and the Commissioners are doing a public service in having them repaired.

A little boy named Powell was drowned in Oil Creek, near Titusville, on Monday.

DAIZELL FARM.

This farm adjoins the McCray and is considered full as good territory as that farm. The flats of the Daizell were bored over years ago, and many good wells were struck and it has produced oil in greater or less quantities ever since. This farm is owned by the Daizell Petroleum Co., of which Mr. C. F. Hall is Superintendent. The following is the condition of the wells on the farm:

On the 21 were lease of Jonathan Watson & Co., No. 1 is yielding 15 barrels per day; No. 2, (Banner well) averages 350 barrels; No. 3, 25 bbls; No. 4, 25 bbls; No. 5, rig going up for new well.

On the Patterson & Dickey lease No. 1 is yielding 6 barrels per day; No. 2, 10 barrels; No. 3, 2 barrels; No. 4, rig up and ready to commence drilling.

Jas. Devlin lease—No. 1 is yielding 10 barrels per day; No. 2 has been abandoned and rig moved to No. 3, on which drilling commenced yesterday.

Paine & Egbert No. 1 and 2 are yielding 2 barrels per day; No. 3, is down 400 feet and No. 9, 550 feet. These gentlemen are also cleaning out another old well preparatory to starting it up.

Hawes & Frick No. 1 is yielding 6 barrels per day. No. 2, about 1/2 barrel per day.

Mr. Benjamin Patterson has three wells pumping which yield together about 6 barrels per day. He is putting up another rig and will commence drilling soon.

J. L. Hoffman and others have a new well on the west side of the creek which is now down 340 feet.

J. A. Porter has rig up for new well and will commence drilling soon.

On the flats of this farm there are a number of old wells which will undoubtedly be started up soon.

We learn that other parties propose taking up leases on the hill and putting down wells at once.

PERILOUS DIVE OF FIFTY FEET—THORNE'S JUMP TO-DAY.

A large crowd assembled at the Niagara Railroad Bridge yesterday afternoon expecting to see the jumpist, Frank Thorne make another leap therefrom. As he did not appear, a young man named Lannen, ambitious of fame mounted the bridge, in the presence of the crowd, and dived from the top, a distance of fifty feet, thereby showing more recklessness than Thorne. Being loudly cheered by the crowd, he repeated the feat. Lannen declares his willingness to dive from any point from which Thorne jumps.

After the above was written we received a call from Mr. Thorne—who, by the way appears to be a very modest gentlemanly young man—who informed us that he would on Wednesday afternoon at five o'clock, jump from the top of Watson's elevator, opposite foot of Lloyd street, into the creek. The distance is said to be one hundred and eighty feet. Mr. Thorne desires us to state that he does not give exhibitions on Sunday, and that the report that he was to jump yesterday is wholly without authority.—From the Buffalo Commercial of Monday.

An oil well at Shamburg, owned by G. J. Sherman of Titusville, was struck by lightning and destroyed last evening, together with about fifty barrels of oil.

Titusville is troubled with burglars.

The Cambria sailed 2,861 miles, the Dauntless 2,963. The former made but 25 miles on the last day, against 180 by the latter.

Mr. Thomas McDonald has sold a roan team owned by him, to ex-mayor Blackmore of Pittsburgh.

A telegraph dispatch from Buffalo says: Thorne, alias Comstock, leaped from the elevator, 135 feet, into Buffalo Creek, yesterday, and was seriously injured. He was advertised to jump from the new suspension bridge at Niagara, on the 15th inst.

Mrs. Sarah Anderson is the name of the last young woman who was scraped up and gathered to her father and mother in small pieces, merely because she attempted to fill a lighted lamp with petroleum, in Hopkinsville, Kentucky.

A fine new hotel is being erected at Brocton. It is called the "Salem-on-Erie."

Open air services are held each Sunday in Erie, and the attendance is usually very large.

They need it.

The following interesting local items are from the Corry Blade:

- Fat people pant.
Ice is in demand.
Frogs croak feebly.
Brick walls retain heat.
Blankets are laid aside.
Stagnant water breeds pestilence.
The shady side took the crowd yesterday.
Don't drink too much ice water when warm.

Latest and Most Important War News.

London, August 3—12 M. The following details of the affair at Saarbrucken have been received. The fight began at 11 o'clock yesterday forenoon. The French passed the frontier in force. The Prussians were driven from their strong position by the sharp artillery fire of the French. The latter remained masters of the position, which they won without serious loss. The Emperor and Prince Imperial witnessed the conflict and returned to Metz to dinner.

Berlin, August 3. King William is now at Mayence. To-day he issued a proclamation to the armies of Germany assuming the commandership-in-chief.

London, August 3. The following is the Prussian account of the affair at Saarbrucken: The fortifications at this place (Saarbrucken) were attacked by a column of French infantry yesterday. The enemy was repulsed.

Berlin, August 3. The following is official: A reconnaissance was made yesterday by a body of Baden light horse and Prussian hussars. The force engaged a French scouting party near Starebrunn; one officer was killed and several wounded on French side; two Prussians slightly wounded.

Paris, August 3. Reports from headquarters are received up to one o'clock this forenoon. There was no change in the military situation.

London, August 3. The following official dispatch is published: Yesterday a small detachment at Saarburg was attacked by three French divisions. After a sharp action the position was abandoned, the Prussians falling back on their supports. Loss trifling. Prisoners report the arrival of the French Emperor on the banks of the Saar at eleven in the morning.

Paris, August 3. The advance post of Bazaine's corps had a brush to-day with the enemy's sharpshooters, and several of the latter were killed. The French suffered no loss.

Berlin, August 3. The Prussian Government has summoned a levy en masse to defend the coast.

London, August 3—10 p.m. Saarbrucken was taken by the French this morning. The loss was slight on both sides.

Paris, August 3. The French Journals this morning publish the following account of the Saarbrucken affair:

Metz, August 2.—The French troops passed the frontier at 11 o'clock. They instantly encountered the Prussians strongly posted on the heights commanding Saarbrucken which were carried by a few battalions.

Paris, August 3. It is positively ascertained that Austria and Italy have entered into an alliance with France.

CRUDE AND REFINED.

The bite of the potato bug in Wisconsin makes good little boys angels in heaven.

A Boston boarding house is happily advertised by a physician's plate at the side of the door, announcing "Vacuum Cure."

Foundlings are so plenty in New York that ladies answer the door bell with great trepidation, fearing to find a small Moses on the steps.

Tough-katie Falls, near Cayuga Lake is the highest cataract in New York, the fall being two hundred and sixteen feet, without obstruction.

The numerous New York bartenders are organizing a mutual benefit society.

An Illinois physician, to ascertain if a man was really dead, burned him with a hot iron.

The revenue cutters John A. Dix at Detroit, and Andrew Johnson at Milwaukee, are getting ready to sail.

The Republic of Columbia has appropriated \$100,000 to found normal schools.

A Pottsville, Pa., dispatch says: After four months of suspension in the anthracite region, a compromise has been effected between the operators and men, and work will be generally resumed on Monday next. It will require about a week, however, for all the collieries to get fully to work.

West Hickory rejoiced in a fight between a bull dog and a wild cat the other day.—The wild cat was killed by the dog.

A well on the Seneca Oil Co.'s tract, Allegheny river, struck in June last, is still producing 30 barrels per day. It is only 354 feet deep.

JAMESTOWN DRIVING PARK.—On August 17th, 18th and 19th, races will come off at the above park. The premiums of the three days amount to two thousand six hundred and fifty dollars.

Depression in the Oil Trade.

Last week several oil refineries in the east part of the city, closed on account of the reduced price of oil in New York and Liverpool. At the present rates it will not pay to manufacture, hence this action.—This week some more of the large firms intend closing, for a short period at least. The depression in the trade is attributed to the war, which has cut off the European trade hitherto enjoyed. We trust that the stoppage is but temporary, and that the various refineries will be able to resume operations in a short period.—London (Canada) Herald.

A personal sketch of a western Senator comes as follows: "He cannot propel himself through the muddy pool of politics at a faster rate of speed than that of a rudderless pollywog through a kettle of cold mush."

Refreshing rain last night. The one-legged and one-armed soldiers, hand organ accompaniment, are in town to-day.
