able by simply sticking to what you have wisely undertaken. Don't shift, and hit, and disappear from every point. Take something wise, laudable, promising, then stick to it. Stick to it until it is easy, until skill comes, until it brings back to you with profit and satisfaction all that you have expended.

A new well commenced pumping on the Seber farm, on the west branch of Peach Hill Run, about four miles north of Franklin. The well is 526 feet deep, and had 70 feet of third sand-rock, 25 of which is pure pebble rock. The oil is heavy and of the best quality. The well will probably be a ten to fifteen barrel one. Quite a number of wells were put down in this vicinity during the early days of the oil excitement, but were never tested on account of the continued low price of oil at that time. The striking of this well opens up a large amount of undeveloped oil territory.

At Russ & Davidson's furniture store, Spring street, Titusville, Pa., can be found the finest assortment of furniture of all kinds in the oil regions. The reputation of these gentlemen for selling a good article of furniture at a low rate is well known, and those of our citizens needing anything in their line will do well to pay them a call while in Titusville.

We are informed that the Hart well, the last strike on the McCray farm, is yielding 400 barrels per day. The well acts the same as all those on the farm have, starting up at from one hundred and fifty to two hundred barrels per day, and increasing in two or three days to over 400 barrels.

"Oh! rich and rare, oh! sweet and fair," these August days. One could almost wish they might last always.

The second son of the King of Portugal, Alfonso-Henri-Napoleon-Louis-Piere-d'Alcantara-Charles-Humbert-Amedeus-Ferdinand-Antonio-Michel-Raphael-Gabriel-Gonzalez-Xavier-Francisco-d'Assise-Juan-Auguste-Julio-Volando-Ignacius-de-Braganza-Savole-Bourbon-Sake-Coburget Gotha Duke of Oporto, who is now five years of age, is spoken of as a candidate for the Spanish Throne.

Attention is called to the large double column advertisement of Campbell's Managerie and Circus. Look out for the big show.

The old saw mill situated on Oil Creek, about three miles below Titusville, was destroyed by fire yesterday afternoon. Loss about \$1,500. Owned by F. W. & C. H. Ames, of Titusville.

A DEAD BEAT.—The Buffalo Courier says: "We call the attention of the good people of Oil City to the fact that a man, calling himself a gentleman, absconded from this city last night, leaving behind him an unpaid board bill of \$500. Owing to the over-sensitiveness of his late landlady, we are unable to give his name. He has a wife and two children, and is making for Oil City."

We are glad to learn that the Catholic School, the summer and fall term of which recently opened, is in an exceedingly flourishing condition, there being a daily attendance of over forty scholars. Miss Kennedy, the lady preceptress, is an accomplished teacher and gives universal satisfaction. Rev. Father Dunn is laboring hard to build up a school that will be a credit to the place. May his efforts be crowned with success.

Tell us not in mournful numbers life is but an empty dream while Mrs. Mary Gray lives in Greenup county, Kentucky, aged one hundred and eleven years old, with a family of children, the youngest of whom—the baby—is sixty five years old.

While the dead and wounded of the last railway accident in Virginia were lying in the darkness of the night, at the scene of the disaster, some miscreants robbed them of money, watches and all other portable valuables.

Mr. Hurlburd, Controller of the Currency, contemplates to change the entire printing of the national currency, owing to the many successful counterfeiters that are gotten out. The recent issues of the ten dollar and twenty dollar notes are calculated to deceive experts, and will prove a great loss to the general public.

The new Grand Central Hotel in New York, which opened yesterday, is claimed to cover more area than any other in the world, has been two years in building, cost over \$2,000,000, and can accommodate 1500 guests.

The McCray & Donaghy well No. 2, J. S. McCray farm, is being tuled this afternoon, and testing will commence about five o'clock. There is every indication of another big well.
