MONTHLY OIL REPORT.

We give below our usual oil report for the month of August. There has been a marked increase in the production of several farms, especially on the McCray farm.—For the month of July the average daily production of this farm was only 203 barrels, against 1,659 barrels for August. This does not include several wells struck recently which are not in the August report. As near as can be estimated, including the two wells struck yesterday, the present production of this farm is 2,250 barrels per day. This we think is as near actual as can be secertained. Mr. C. N Payne, Supt. of the Pipe Line, has every facility for knowing, and these are his figures. In July there were only seven wells producing, on the 1st there were 13, six new ones having been started up during the month. It is doubtful if there is another piece of territory in the entire region of the size of the McCray farm that can show as large a daily production. On the other farms and tracts there has been considerable of a falling off. On the Columbia farm there was a falling off of 35 barrels per day; on the Niagara farm 15 barrels; Woods farm 10 barrels, &c. While there were many wells shut down last month on account of the sudden "fall" in the market, the prospect during the latter part of the month of prices advancing stimulated operations again. The farms where the production is given from actual measurement by the superintendents and owners, are marked with a star; all others are estimated.

The Dalzell shows an increase of 51 barrels over July, contrary to general expectations. There were no new wells during the month, but the production was increased by the use of torpedoes.

On the first day of the month there was in iron tanks at this point and Columbia farm, 86,271 barrels:

REPUBLICAN CONVENTION.—A convention for the purpose of nominating candidates for township offices met at Sobel's Opera House at 3 p. m., yesterday afternoon, and organized by electing J. N. Gibson President, and N. B. Smiley Secretary.

Moved that nominations be made by ballot. Carried.

The following nominations were made:

Justice of the Peace—Jas. A. Gibson.

Constable—Geo. F. Lawrence.

School Directors—J. M. Dickey for 3 years; J. P. Barcroft for 3 years; Isaac S. Gibson for 1 year.

Road Commissioner—H. B. Hixon. Considerable feeling was manifested in the nomination for Road Commissioner between the friends of the two candidates in the field, H. B. Hixon and A. Randolph. Much merriment was occasioned during the taking of one of the ballots by some person moving to adjourn to Stoneboro. Mr. H. was finally nominated amid the best of good feeling.

Assessor—J. Holloway.

Treasurer—Edward Bradley.

Township Clerk—Wales French.

Township Auditor—Wesley Chambers.

Adjourned.

On next Sunday Rev. C. M. Heard, pastor of the M. E. Church, will close up his labors at this place. For over two years he has been in this place earnestly, faithfully and successfully laboring in the cause of God and for the welfare of his people, and he goes from among us with the consciousness of having done his duty. He leaves the society in a flourishing condition. Bro. Heard has won the highest esteem of a large circle of warm friends, who join in commending him and his family to the people to whom he may in God's providence be sent. COX.

War has again been declared between the Jamestown & Franklin R'y and the O. C. & A. R. R'y, occasioned by the efforts of the former to build their road up the creek. Yesterday morning Mr. Boulton, the Foreman of the J. & F. men went to work with 20 men, grading near the mouth of Cornplanter Run. After being engaged about an hour, the O. C. officials made their appearance with 75 men and prevented the progress of the work. No violence was used, but the O. C. men, by standing in the pit, stopped the others from work. The dispute is over the right of way. So says the Oil City Times.

See advertisement of a desirable house for sale, located in Wild Cat. A rare bargain is offered.

Mr. Lew R. Pike, advance advertising agent for Elwood's Female Minstrels, Ballet and Burlesque Troupe is in town billing the place for that troupe, who will appear on Wednesday and Thursday evenings of next week, at Sobel's Hall. They are highly spoken of by the press wherever they have appeared.

Considerable local and other reading matter is crowded out to-day by the extreme length of our monthly oil report.

The Louisville Courier Journal says "If it be true that Chicago has but three hundred thousand inhabitants instead of four hundred thousand, then one hundred thousand men, women and children are to be warmly congratulated that they have never been born."

The "Sons of Adam" is the highly appropriate name of the new clothing cutters union. It will be remembered, perhaps, that in the earlier days of Eden, Adam, and for that matter Eve, cut clothing altogether.

Friends and patrons, one and all.

But in these times I'm looking for light;

To those who are building rigs without number,
I would inform—this is the place to buy Lumber;

My motto is this: "Quick Sales and Small Profit,"
For business is healthy and I think much of it;

In quality my Lumber is second to none,
And as for Shingles, I keep No. 1;

Some may not look at it in the light I do,
And for those I have a quality No. 2;

And to those who are particular—as some may be,
I still have another quality called No

I have good seasoned Lumber, Dressed up nice,
Which I will sell at a low cash price;

Such as Flooring, Ceiling and Siding, both Rough and Pressed,
Lath, Battens and Surfaced Lumber, all of the best;
