PERSONAL.-Rev. P. W. Scofield of Rinersburg, Clarion county, has been appointed to the pastorate of the M. E. Church at this place for the coming year, by the Erie Conference now in session at Cleveland. The Rev. S. is represented as an able and efficient divine.

The Rev. C. M. Heard, who has been stationed here for the past two years, goes to Ridgeway, the county seat of Elk Co. During his residence here the reverend gentleman has been a hard worker in the cause of christianity and humanity, and has succeeded in materially building up the church and society with which he has been connected. In many things he may have erred in judgment and been at fault, but they were errors of the head and not of the heart. He has made many friends both in and out of the church who will ever hold him in kindly remembrance, and the best wishes of whom will go with him to his new home for his future success and prosperity. We take pleasure in recommending him to the friendship and good will of the people of Ridgeway.

THE WALKER WELL.

We take the following from the East Brady Independent of the 14th:

This well was begun on the 23d of May; the third or oil rock was struck at the depth of 1,272 ft., on the 9th inst. Immediately after striking the vein, the "hole" began filling rapidly, and upon drawing the tools, it began to flow and the oil was thrown fifteen or twenty feet above the top of the derrick. The flow soon ceased and the workmen again went to drilling. Since then it has been throwing oil at short intervals, sometimes mildly, but most of the time acting rather "frantically," filling three pipes and forcing it out with a heavy rush, threatening to shake the derrick from its foundation. The pipes conveying the oil have to be secured with rope to prevent them from being broken off.

On Friday evening of last week, when the men quit work, they left only two pipes or "escapes," open for the oil, whilst the third "escape" was stopped by means of a wooden plug, on which was placed a weight of 1,800 pounds. During the night the tools were thrown off and the plug blown out by the force of the gas.

It is impossible to accurately estimate the production of this well, as they are still drilling, and will continue to drill until they arrive at the depth of fifteen feet below the sand, when it will be tubed and tested. The workmen have a disagreeable time, and should be well rewarded for laboring so faithfully in such an unpleasant position.

THE OLD ARMSTRONG WELL.

On Sunday morning last, about ten o'clock visitors suddenly had cause for wonder and excitement in the "old well." It suddenly began flowing, and for the space of about fifteen minutes excelled the "Walker" in amount of production. The oil flowed not alone through the tubing and "stuffing box" but through the casing and gas-conductor with immense force. The roar of the gas was heard by the dwellers far back on the hills. The well is now being pumped and is now yielding splendidly. Occasionally it flows the full of the pipe for from ten to twenty-five minutes.

Ed. Record: In relation to the new sign "Oriental Store Room," next door to your office, can you inform me whether it is the room or the stoves, or both, that partake of the oriental character?

ENQUIRER.

The room does not partake much after the oriental, but the stove is highly named "Oriental," being not only ornamented in a high degree, but also combines all the useful qualities heretofore known in stoves of this kind, and many never before introduced to the public. An examination of the stove and room will satisfy "Enquirer" or any other man as to the truth of these statements. - [Ed.]

Messrs. Adams & Johnson have set up a new bagatelle table, at the upper end of the street, and have fitted up their room in elegant style, making it a pleasant resort, to pass an hour or two in innocent amusement. Give the boys a call and enjoy a game of bagatelle.

The Masonic Relief Association of West, ern Pennsylvania, organized about three months since, headquarters at Titusville has paid the sum of \$121 to the wife of the late W. A. Thompson, of Franklin. Mr. Thompson was killed by the accidental explosion of a torpedo about a fortnight since. Patrick Brophy, a victim of the nitro-glycerine explosion in Titusville some months ago, was a member of a similar relief association, his widow receiving upward of \$500, the amount of assessment from members at that time.

The meanest man has been found. He lives in Western Crawford, and recently brought suit against a neighbor for \$61.35, for blackberries picked by the defendant's wife from the farm of the plaintiff. The evidence adduced to the effect that the plaintiff had given defendant privilege to gather the berries, but becoming miffed at the defendant for something, brought suit for revenge. He got it in a decision of no cause of action and complainant pay costs.

As a train on the Wilmington and Weldon railroad reached Warsaw, North Carolina, the other day, a Texas chap on board asked one of the soldiers at the station, "What kind of a country have you around here?" "Oh," was the response, "we have a mighty nice country; all we lack is water and good society." The Carolina man was somewhat comforted by the assurance of the Texan that hell had the same advantage.

To those who are building rigs without number,

My motto is this: "Quick Sales and Small Profits,"

For business is healthy and I think much of it;

In quality my Lumber is second to none,

And as for Shingles, I keep No. 1;

Some may not look at it in the light I do,

And for shoes I have a quality No. 2;

And to those who are particular--as some may be,

I still have another quality called No.

I have good seasoned Lumber, Dressed up nice,

Which I will sell at a low cash price;

Such as Flooring, Ceiling and Siding, both Rough

and Dressed,

Lath, Battens and Surfaced Lumber, all of the

best;

I also have Rig Lumber of all kinds,

At prices to compare with pit and hard times;

All kinds of Timber kept constantly on hand,

And a box of Cigars of a very good brand;
