Well No. 3, Arnold, Phinney & Derousse lease, was completed yesterday morning and commenced testing last night. It is now pumping 250 barrels oldest and most reliable operators in this apiece .- Jamestown Journal. section of the oil region. It always gives us pleasure to record the good fortune of such men. May it continue.

The new well on the Brush & Blackmore, formerly Sixth Word lease, McCray farm, struck yesterday, is pumping fully 50 barrels per day. Much trouble is being experienced on account of the gas, which arises in so strong a volume as to seriously, interfere with the pumping of the well .-The valves are being changed to-day and a large increase of production is anticipated. Another well on the same lease is down 305 feet. This well is owned entirely by Pittsburgh parties.

The ironing is removed, a table-cloth spread. and a large family sit down to dine. In the evening the whole thing may be closed up again, a nice spread put on the table, and the family gather round it. The Parkersburg Gazette says: The oil well of Captain Shaw, on Gale's Ford, near Volcano, has been bored deeper. lateuse excitement was caused here this evening by the arrival of a special messengreat battle fought on the Seine on the 27th which resulted in the complete defeat of lowed by the evacuation of Versailles and Rambouillet and the rupture of the German Prince is retreating rapidly northward up-Soissons. Unofficial telegrams received from Berlin, by way of Brussels, contradict this news, but it is certain that communication between Paris, Rouen, Amiens and Valenciennes have been partially reopened and that the official preclamation of the victory of Tuesday, signed by Gambetta, has been received in the latter city.

The World's special, dated London. Sept. 30, says: Your special at Boulogne telegraphs that exciting news has been received from Ronen of a crowning defeat of the German forces on the south and west of Paris, bp the army of Gens. Ducrat and Mandon, on the 27th inst. The French were heavily reinforced on Monday by Gen Trochu, and advanced upon the German positions at Montrexil and Versailles, early Tuesday morning. The battle began at Virfiry and Vellsy, the Germans contesting the French advanced with desperate energy until they were assisted by fresh columns advancing from beneath the guns of Mount Valerain.

A number of regiments of Baden troops mutipled on the battle field and refused to go under fire. Nearly a hundred of these troops were shot by order of the German commander, but the rest held back, many of them throwing down their arms and dispersing throughout the forest.

The Germans lost 5,000 prisoners, among whom are many officers of the staff of the Crown Prince of Prussia and fifty cannons and mitrailleurs.

The Young Men's Christian Association of New York have inaugurated a practical plan of reaching the masses, which is exciting a good deal of interest among those who know of it. Small companies of five or six young men go out into the tenement houses and hold prayer meetings of ten or fifteen minutes, passing from room to room, and thus visiting a large number of families in the course of an evening. Two of the band usually precede the others, and prepare the way by getting the consent of the occupants of the rooms, and gathering others from adjacent rooms, so as to secure a good sized audience. Scarcely ever do they meet with opposition, but generally they are heartily welcomed and asked to "come again."
