

The Greatest Improvement
yet developed in
BASE BURNING STOVES,

Is now exhibited in the

ORIENTAL HOT BLAST!

NICHOLSON & BLACKMON, Ag'ts.

Among the most important improvements is the Ciphon flue, burning the gas, and heating the base. The latter is a difficulty heretofore unsurmountable and all acquainted with base burning stoves cannot fail to acknowledge this "Eureka." We also have a full line of cheap

PARLOR STOVES,

and are prepared to meet all in price and quality, including six different patterns of **Cooking Stoves.**

The **DICTATOR** we call special attention to, and we warrant every Stove. If not satisfactory return them. sept16-11.

Drilling Jars
We would respectfully announce to our customers and the public generally that we keep constantly on hand
Which for Strength and Durability excel any Steel lined Jar heretofore in use.
The Advantages we Claim
Over Iron Jars are that, being ALL STEEL, they are stronger than Jars composed partly of Iron; that possessing a Steel surface to the cook, they are protected from wear on the outside, and will keep their shape longer.
We also keep on hand
