NEW PLANK ROAD.—A movement is on foot to build a plank road from Oil City to Petroleum Centre, and subscriptions are being raised in Oil City to further the plan. Such a road would be a good thing for both places and we hope to see it constructed soon.

Miss Fanny B. Price, supported by a full theatrical company, is to appear at Sobel's Hall, in a short time. They are highly spoken of by the press wherever they have appeared.

Since being torpedoed the Brack & Blackmore well, McCray farm, has yielded fifty barrels per day, an increase of 10 barrels.

In regard to an item which appeared in our columns a day or two since, stating that a robbery had been committed in the "lower tree and easy," we are informed that such was not the case, but that the man was intoxicated, and while in that condition was relieved of his spare change on the street. Our information came almost direct from the party himself.

Election is passing off quietly to-day.—We shall be unable to determine whether the Union is saved or not until to-morrow, at the same time we have not the least doubt but that the Goddess of Liberty, with hair unkempt and floating to the breeze, perched on the back of the grey eagle of freedom, will proclaim the glad tidings from Maine to Texas, and from the Atlantic seaboard to the golden shores of the Pacific, that Petroleum Centre and Cornplanter township are redeemed, and the roads will be repaired for the next year and kept in good order.

The Titusville Herald's monthly petroleum report for September, which appeared this morning, sets up the daily production at 19,489 barrels, against 17,777 for the month of August, being an increase of 1,712

The following communication explains itself:

COLUMBIA FARM, Oct. 10, 1870. EDITOR PETROLEUM CENTRE RECORD.—

Having understood that the "Blackfeet Base Ball Club" of your place, has let the idea get abroad that we were a little timid about playing them, I am instructed by the "Board of Directors" of the "Columbia B. B. C." to say that we are anxious to meet them at any time or place they may designate—not only them, but any club in the Oil Regions.

Our 2nd nine are also anxious to play the Rousseville, Tarr Farm, or Capt. Potter's Petroleum Centre club, particularly the latter. What do some of you say to Saturday next? Come along, one at a time.

Very respectfully yours, A. M. MORELAND, Cor. Sec'y Columbia B. B. C.

TERRIBLE ACCIDENT.—One of the menagerie wagons, connected with Campbell's show, broke down last night, between this place and Marlon. The wagon contained an American panther, measuring almost seven feet. The panther escaped from its cage, and at once assailed the driver of the wagon, inflicting terrible wounds upon his person. Fortunately another person accompanied the wagon, and through his and the drivers exertion, the panther was secured.

Dr. St. Clair, of this place, was sent for last night, and found the man who was attacked, terribly lacerated, although not mortally hurt.—Indiana Messenger.

The census made terrible work on the frontier. It reduced the population of Omaha from 50,000 to 13,000, that of St. Joseph from 40,000 to 18,000, that of Council Bluffs from 20,000 to 11,000 Leavenworth from 35,000 to 21,000 and Kansas City from 50,000 to 17,000. This is worse than war.

I require, said a sage of the Indian tribe of Penobscot, "but three things to make me happy." "What is the first?" inquired a keeper of wisdom. "Tobacco," was the reply. What is the second? "Rum."—"Well what is the third?" "Why," said the philosopher, contemptively, "a little more rum."

The summer breeze is unseen, but it cools the brow of the fevered one, sweetens the summer atmosphere, and ripples the surface of the lake into silver spangles of beauty. So, goodness of heart, though invisible to the material eye, makes its presence felt, and from its effects upon surrounding objects we are assured of its existence.
