SILVER PALACE SLEEPING CARS.

No. 4—Direct from Philadelphia without change.

No. 5—Direct to Philadelphia without change.

No. 6—Direct from Pittsburgh without change.

Monday, May 30, 1870.

Gold at 1 p. m., 113 1/2.

THE RESULT.—As near as can be ascertained, without the official count, Mercer county gives Griffith for Congress 250 majority, while the official vote in the rest of the District gives Griffith 1,544 majority in Clarion; Gillilan 369 in Venango and 393 in Crawford. This shows a majority of 1,032 for Griffith, against a majority two years ago of 1,812 for Gillilan—a change in two years of 2,844 votes. Can it be that Mr. Gillilan's speech on the Funding Bill, delivered before the House, (1) in Washington, last winter, was read by his constituency?

The W. U. Telegraph office has been removed from the brick bank building to the Rochester House block, one door above. Mr. Foster, the gentlemanly operator, has fitted the office up in elegant shape, and is now better prepared than ever to transact the business of the company.

On the Phillips & Boyles lease, McCray farm, well No. 9 was tubed to day and will commence testing this evening. The third sand was struck in No. 8 to-day. On the same lease the tools are fast in wells No. 7 and 11.

Well No. 2, Brush & Blackmore lease, McCray farm, is being tubed this afternoon preparatory to testing.

A shooting affray occurred on Saturday afternoon, near the mouth of Bennehoff Run, between a white man and a XVth amendment. It appears that the white man made a remark in the presence of the colored man's wife, which he considered an insult, and "went for" the white individual accordingly, who drew a revolver and fired. The ball struck the negro on the elbow and glanced off without inflicting a serious wound. No arrests were made.

A boy named Haskins was run over and killed on the Winton Valley Railroad, at Cory, on Thursday last.

Result in Venango County.

The return judges from the election districts in Venango county met at the court house in Franklin on Friday last, and counted the votes cast at the late election. The convention organized by electing Hon. M. C. Beebe, of Pleasantville, President, and E. W. Smiley and W. H. James, clerks.—The following is the total vote on the different officers:

Congress—Gillilan, rep., 3,167; Griffith dem 2,798; majority 369.

Assembly—McJunkin, rep, 3,166; Stone, rep, 3,160; Keenan, dem, 2,827.

County Commissioner—Dubbs, rep, 3,196 Mays, dem, 2,772; majority 424.

Auditor—Glass, rep, 3,190; Haworth, dem, 3,766; majority 414.

Jury Commissioner—McAlevy, rep, 3,066 McElphatrick, dem, 2,816; majority 250

James Robinson received 26 votes for Jury Commissioner, William Robinson 3, George Robertson 1, and Fanny B Price 1

After the result was declared, Hon John H Smiley was appointed return judge of the Congressional vote, and A J Keenan for the Assembly vote

A SMASH ON THE ERIE.—An oil train on the Erie Railway ran off the track near the "Rock Tavern," Wednesday morning. Two cars were smashed up, but the remainder of the train was only slightly damaged. While the hands were engaged in removing the debris, Henry Carnes was run over by the locomotive and almost instantly killed.

MEETING OF THE OIL PRODUCERS' ASSOCIATION AT OIL CITY.—According to published notice, the members of the Producers' Association convened in Library Hall, Oil City, on Wednesday last, and after transacting the business of the meeting, proceeded to elect officers for the ensuing year, with the following result:

President—E. G. Patterson.

Vice President—M. Emery, Jr.

" " S. S. Bousnel.

Treasurer—Wm. Brough.

Board of Managers—A. I. Deers, F. W. Andrews, Wm. Hasson, Mr. Grandin, E. E. Clapp, C. V. Culver, Geo. Boulton, Dr. Shanburgh, S. Q. Brown, Mr. Benedict.

The following is a synopsis of the monthly oil report of the Producers Association for the month of September:

Number of barrels of oil on hand at the wells at the close of the month, 121,841;

Number of barrels of oil delivered from wells during the month, 542,247; Aggregate 664,088; Deduct number of barrels of oil on hand at the close of last month, 110,174;

Balance showing the production for the month, 553,884; Average per day for the month containing 30 days, 18,462.8; Number of wells producing during the month, 2,802; Average daily production per well during the month, 6.6; Number of wells being drilled, 264; Number of wells commenced during the month, 108; Number of wells completed during the month, 130; Number of wells abandoned during the month, 57; Number of abandoned wells resumed during the month, 40.

There is a difference of almost a thousand barrels in the daily yield between the above and the Herald's report for the same month. The Herald's daily average for September being 19,419 barrels.

Quite a number of our citizens are getting all things in readiness for their accustomed annual deer hunt. The deer are very plenty in the northeastern portion of this county. Quite a number have been killed in this immediate vicinity. Old hunters say that game of all kinds will be abundant this winter—nuts of all kinds being so plenty. The deer that have been killed this season are unusually fat.—Forest Republican.

The Columbia farm B. B. C. were defeated by the Seneca Club of Oil City, in the match game played in the latter place, on Saturday afternoon last. The score stood 20 to 19.

That good fellow, John Swift, has gone into a new business. Having associated himself with Mr. Henry Phelps, under the firm name of Swift & Phelps, they propose to keep on hand in their season fresh fish of all kinds, wild game, chickens, butter, eggs, fruit, vegetables, &c. Give them a call and our word for it they will do the fair thing by you.

NEW WELL.—The "big hole" on the Button lease, Central Petroleum Co's farm, mention of which we made a day or two since as being completed, commenced testing on Friday, and on Saturday was yielding five barrels per day. Yesterday, we learn it had increased to fifteen barrels.—Judging from this well it would appear that no more oil can be pumped from a 10-inch hole than from the ordinary 6-inch hole.

On Saturday night we noticed a "ben-zined" individual leaning affectionately over the railing of the Egbert farm bridge, and adding to flow of Oil Creek vast quantities of old rye mixed with lager.

Latest and Most Important War News.

News, Oct. 15.

A body of Franco-Tireurs attacked a squad of Wurtemberg cavalry in the forest of Fontainebleau, killing many of them.

The remainder of them were pursued to Melan.

The Prussian garrison retreated on the approach of the French leaving behind a large amount of provisions and stores which fell into our hands.

London, Oct. 16.

A brother of Bazaine writes to the Journal D'Amiens, denying that the General refuses to recognize the Republic, or that he held Metz for the Napoleon dynasty.

He adds: Bazaine does not consider himself a Marshal of the Emperor, but of France.

The French made a sortie from New Breischer yesterday morning, under cover of a dense fog, but were driven back.

Solons, after an obstinate defence of four days, has capitulated to the German force.

A diary written by a Parisian, which has fallen into German hands, admits that Paris is provisioned for two months longer, and the only hope of the besieged is to act on the offensive, and by a pitched battle dislodge the besiegers.

Intelligence believed to be reliable, has just been received to the effect that a great sortie was made at Paris, on Wednesday, the 12th inst., by 120,000 men, strongly supported by cannons and mitralluses.—No particulars are received.

Tours, Oct. 15.

No official news from Orleans to-day though it is generally understood there was sharp fighting there yesterday.

A citizen, who deserves well of his country, had a large family, to which additions were constantly making. One day one of his little boys was thus interrogated: "John how many brothers and sisters have you got?" "I don't know," answered the boy, "I hain't been home since morning."

They say out on the plains that if those deadhead excursion parties don't quit coming out there, they'll give 'em something worth telling about. One sweet creature in a looped skirt Tyrolese hat and heavy chignon, recently scared a buffalo so badly that his hair turned white in a single night.

A grocer at Dubuque, Iowa, who had great demand for vinegar recently discovered that he had tinned a wrong cask, and had sold a barrel of old bourbon whisky at ten cents a quart.

Williams, the forger, while in jail at Pontiac, Michigan, altered a one dollar bill into a fifty, made a one hundred dollar bill by altering a bill of a smaller denomination and then tried to bribe the jailer to let him escape.

Col. Dan Rice has concluded his circus engagements for the season, and is now at his home in Girard.

Mrs. Boffin, writing on the subject of revivals, despairingly adds by way of parenthesis: "There is no hope of any newspaper correspondents being numbered among the redeemed. Even if they felt disposed to put on the armor of truth it wouldn't fit them."

The ladies of Louisville, Ky., desire answers to the following questions: "What do men do at clubs? Are clubs immoral? How much does it cost to belong to one of them? Do they prevent young men from marrying? Are they a sign of civilization or of corruption and decadence."

An unprosperous love affair is said to have caused the suicide of Mr. Alvan Brouson, at Milford, Conn. The parents of his intended bride were opposed to the match, and he was too conscientious to set them at defiance.

A young woman of Harvard, Mass., finding that her husband had another wife living, sought out the deserted one, brought her and her two children to Boston, where they are all four now living happily together.

A short time since the Rev. C. D. Pillsbury, editor of the Northwestern Advocate, came near being drowned by the upsetting of a boat while fishing, and in referring to the accident, Emma Brown of the Wisconsin Chief, remarked that "ministers ought to learn to swim or else fish only for men."

The reverend editor delivers the retort courteous as follows: "Learning to swim may be very well; but so far as fishing for men is concerned, we wish to say we have no disposition to interfere with woman's rights."

The best thing to give the poor—employment.

What is the greatest curiosity in the world? A woman's.

And still they come—that army of passengers over the L. S. & M. S. railroad. Some time since an extra passenger train was put on, supposed to be temporary, but there was no chance to take it off, and then it was found that another extra train was wanted. This surely could not be wanted long, thought the railroad officials, but they erred, for it has been found necessary to put on another extra passenger train, three every day, and the passenger travel shows no signs of abatement yet. That railroad must be a healthy institution for stockholders.—Erie Dispatch.

A good old lady, who improved every opportunity to teach by precept and example, once remarked at a prayer meeting: "My friends, as I came along I saw a cow a switching of her tail—in this wicked world of strife she was peaceful and contented, a switching of her tail—and I said to myself: 'Go thou and do likewise.'"

The Richmond Dispatch says: "The water has accomplished what General Butler long strove, without success, to effect. Dutch Gap is now opened, the James river having broken the neck of the peninsula in its struggles to make a short cut."
