STARTED UP.—The Indian Rock Oil Co. are about starting up eight or nine old wells on their property on the flats, a short distance above Pioneer, and nearly opposite Bull Run.

U. S. Court.—In the case of the U. S. vs. Simon Levi, tried at Pittsburgh on Tuesday last for passing counterfeit money, the jury brought in a verdict of guilty, standing 11 for conviction, 1 for acquittal.

It is not very often that we "kick against" our brethren of the press copying items from the Excelsior without giving credit.

The Venango County Teacher's Institute will hold its next session in Franklin, on Monday, November 7th, at 1 p. m., continuing five days.

Evening addresses will be delivered, also, by W. J. Galbraith, Esq., of Oil City, S. C. T. Dodd, Esq., and J. H. Osmer, Esq., of Franklin.

It is hoped that all expecting to teach in this county will consider it their duty to avail themselves of this opportunity for their own improvement and for the improvement of their schools.

Members of the Institute passing over the Allegheny Valley R. R. or Oil Creek & A. R. R., or the Jamestown & Franklin R. R., in coming to the Institute, having paid full fare, will be returned free.

All friends of education are cordially invited to lend their presence and aid.

CHAS. H. DALE, County Superintendent.

In an article about the drunkenness and arrest of Daniel McFarland the New York Star has some very feeling expressions. "So thoroughly and disgustingly drunk was this tender lamb," it says, "who, according to John Graham and other distinguished authorities, never drank at all, that he could neither answer questions nor steady himself against the rail. Poor, dear man, how he missed the tender arms of the tough old jades who embraced him on his acquittal! How helpful they would have been on this interesting occasion, to assist him as he staggered from the dock to the 'below,' where he was sent by the justice.

Stamps on Receipts.

The new revenue law which went into effect on the 1st, abolished the necessity for stamps on receipts. A large number of business houses in the county had been in the habit of having two-cent stamps imprinted on their printed blanks for receipts, as in case of checks. The new law finds many with a large stock of these on hand, and applications have been made to Commissioner Delano to know how they can be used.

There are now five wells on the McCray farm in the third sand and nearly completed, as follows:

- J. S. McCray, 1. Armstrong, Christie & Brady, 1. McCray Bros., 1. Phillips & Boyles, 2.

Mt. Moriah well No. 2, McCray farm, commenced pumping this afternoon. We have not learned the result as yet.

INSTALLATION.—Rev. David Patton, will be installed Pastor of the Presbyterian Church at this place, on Wednesday evening, Nov. 2d. The services will be conducted by Rev. Dr. Eaton, of Franklin, assisted by Rev. Sinclair of Titusville, and Rev. J. T. Oxtoby of North East, formerly pastor of the society here. A more extended notice will be made hereafter.

On Two Mile Run, near Franklin, the Cochran farm is yielding 55 barrels per day; Hoover farm, 20 barrels; Pope farm, ten barrels.

It is said that census taker has not yet made his appearance in Plum township, Venango county.

Oil City and Venango City are to be incorporated as one "metropolis."

A fire on Cottage Hill, Oil City, yesterday afternoon, destroyed the residences of Abel Drake and F. G. Geigle. The fire it is supposed caught from a defective flue in Mr. Drake's house. Loss \$13,000; parital-ly insured.

By a dispatch from Brady's Bend we learn that the new "Jennings" well, on Armstrong Run, is flowing steadily, at the rate of fifteen barrels per hour. The well is not through the third sand rock. It will probably prove a 200-barrel well.

A Sunday school boy, three years old, at a city church was requested by his teacher to sing "Shall we gather at the river?" "I don't want to any more," he replied, "the milkmen sing it now."

"Give me some headache and a family fight" is the Ohio call for a glass of whisky and bitters.

Latest and Most Important War News.

Berlin, Oct. 27.

The King telegraphs to the Queen as follows: "This morning Bazaino and Metz capitulated, with 150,000 prisoners, including 20,000 sick and wounded. The army and garrison laid down their arms this afternoon. This is one of the most important events of the war. Providence be thanked.

Tours, Oct. 27.

It is rumored that fighting is going on near Orleans.

No news from Paris to-day.

Tours, Oct. 27.

There has been a great movement of troops here to-day.

The railways are wholly engaged with their transportation, and are closed to the public.

Blois, Oct. 26.

Strong columns of the enemy's cavalry and infantry attacked a French reconnoitering party on the left bank of the Loire; yesterday, but were handsomely repulsed after a short engagement.

Rouen, Oct. 26.

The enemy, on leaving Gisors, attacked Longbamps with nine hundred men and four mortars, but were beaten off by Franc-tireurs and other troops.

Vendome, Oct. 27.

It is said, there are still two thousand Prussians in Chateau Dan, eight hundred of which are cavalry.

They also have two cannon.

Voges, Oct. 27.

Vongent was evacuated by the Prussians last night. Before leaving they fired the town in several places.

SCALDED TO DEATH.—A little child aged about two years, daughter of Mrs. Mary Thomas, of Plum township, this county, fell into a tub of boiling water, on Saturday morning last, and was so severely scalded that she died on Sunday morning. It will be remembered that Mrs. Thomas' husband, M. M. Thomas, was killed early in the spring by being struck with a plow while at work, and this second severe affliction, following so quickly, indeed fits to overflowing her cup of sorrow.—Venango Citizen.

A strong minded young lady of Coryler, Indiana, who was set upon by a scoundrel while on her way home, a few evenings since, demonstrated her right to the franchise by striking out one of his eyes with her parasol.

A Kalamazoo specimen writes to a "schoolboard" in Ohio that he will take a school, as he has "taught 2 terms school & I attended Colledge 4 yrs at detroit michigan and am 26 yrs avage."

A gentleman who resides in Jennings county, Indiana, was astonished last week by the announcement that he had been bequeathed \$2,000 by a man with whom he had been at daggers points for upward of twenty years.

It is said that solar oil and petroleum can be deprived of their offensive smell by keeping them for two or three days in contact with a small quantity of chloride of lime, and after the lime settles the oil can be poured off perfectly clear. The illuminating power of the oil is said not to be diminished, and the smell is that of a pleasant ether.

An oil train and a locomotive "met by chance" on the Allegheny Valley railroad, near Pittsburgh, Wednesday afternoon, wrecking one of the cars and spilling considerable of the fluid. Nobody hurt.—Herald.

The aurora borealis was mistaken for a fire at Quincy, Missouri, the other night. The fire brigade turned out, followed by half the people, and ran several squares before they found that the fire was out of town.

In attempting to smoke a twenty-five cent coon out of a log a New Hampshire farmer destroyed \$10,000 worth of timber by fire. But he got the coon.

The neat thing in dog robes this season to have the family monogram in gilt upon the blanket. A dog without a monogram blanket is of no account.

An Ohio youth who desired to wed the object of his affections, had an interview with her parental ancestor, in which he stated that, although he had no wealth worth speaking of, yet he was "chuck full of day's works." He got the girl.

Drilling Jars

We would respectfully announce to our customers and the public generally that we keep constantly on hand

Cast Steel Drilling Jars!

Which for Strength and Durability excel any Steel Lined Jar heretofore in use.

The Advantages we Claim

Over Lined Jars are that, being ALL STEEL, they are stronger than Jars composed partly of iron, that presenting a Steel surface to the rock, they are protected from wear on the outside, and will keep their shape longer.

We also keep on hand

Cast Iron Working Barrels.
