The Election.—So far the returns from the several States which held their elections yesterday, are meagre, and hardly sufficient to indicate the result. New York will probably give a democratic majority of 25,000 to 30,000. Illinois, Massachusetts, Minnesota, Michigan, and Wisconsin, give republican majorities. Kentucky and Delaware, democratic. Virginia, Louisiana, New Jersey, Alabama and Arkansas, complete returns not in yet. We have made efforts to get the full returns but are unable to do so.

We have been shown a specimen of third sand rock from well No. 3, Devlin lease, Dalsell farm. The rock very much resembles that found in the Banner well, on the same farm, and is a fine specimen of oil bearing rock. This well is now 566 feet deep, and will be completed in a day or two. The well is owned by Mr. James Devlin, and is the third one put down by him on the lease, one of which was dry and the other one is yielding 10 barrels per day. Judging from the sand rock it will prove a big well.

New Firm.—Messrs. Mease & Armstrong have purchased the interest of H. H. Warner in the flour, feed and provision store, on Washington street, next door to the McClintock House, and will hereafter continue the business. The new firm propose to keep constantly on hand a large stock of flour, feed, hay, oats, grain, apples, etc., which they intend to sell at extremely low rates, and by fair dealing, hope to merit a share of the public patronage. Having a personal acquaintance with the gentlemen composing this firm, we take pleasure in recommending them as honorable business men. Give them a call.

Sweet sixteen has a new notion. She ties a veil tightly across her face after the manner of the ladies in Chili, so that every thing except the little tip end of the nose and the pretty lips are concealed from view.

Election News.

HOFFMAN'S MAJORITY 30,000.

A Gain of three Democratic Congressmen.

New York, Nov. 9—3:30 p. m. Returns from State and city come in slow but enough has been received to warrant the assertion that Hoffman's majority will reach 30,000 in the State and that it may rise up to 35,000.

Gov. Hoffman estimates that this will be his majority in the State, calculating that the 10,000 given for him in Kings county will counterbalance all that he may lose in all the districts.

The Democratic gain through the State is steady over the vote of 1868, but it will not equal gain of 1869.

The Democrats gain three Congressional districts, electing J. W. Warren in the Troy Dist. and claiming Marvin's defeat in Saratoga.

St. John, Rep., has carried Van Wyck's old dist.

Sessions runs behind his ticket in Chautauque county, though he is in no danger.

Wm Williams, Dem., is elected in the Dist. This makes Dem. gain of three. The Assembly looks close; Republicans gain three members in Kings and N. Y. if they are not counted out, and lose two in Monroe; they gain 1 in Lewis; in Queens 1; in Westchester 1; in Ulster 1 and 1 in Hamilton and Fulton; they lose 1 in Erie. It looks as if they had carried the Assembly.

New York, Nov. 8—3:25 A. M. The total in the city is, Hoffman 83,780; Woodford 32,659.

The Tribune estimates Hoffman's majority in the State at 30,000.

The total Mayoralty vote of the city with two wards missing, is Hall 66,361; Lewith 41,271. Hall's majority 24,360.

Wilmington, Nov. 8—Midnight.

Returns from the State show general Republican gains over the vote of 1868 but not sufficient to change the result.

New York, Nov. 9—noon.

Congressional District, Brooks Tammany 8,817; Wilks, Rep., 5,808; Wadsworth, 2,946; 4th Dist.—Roosevelt, Tammany, 1030 Leggett, Rep. 961; McMahon, Young Dem. 14,171; 9th Dist.—Wood, 14,798; Ellinger, 3,736; Hillyer, 4,126; 6th Dist.—Cox, 9,279 Greeley, 8,183.

New Orleans, Nov. 8.

The State of Louisiana is republican by a large majority.

Chicago, Nov. 8.

The Republicans have probably carried the State by from 20,000 to 30,000.

St. Louis, Nov. 8.

The election is passing off quietly. Negroes are voting without molestation.

Montgomery, Nov. 8.

The Republican majority is estimated at 1,600 to 1,800.

Our friend, Capt. Cass, we are happy to say, has returned all right, having escaped the dangers of Pet. Centre to which he was exposed. The friends are relieved of their anxiety, while the Capt. feels happy—Corry Republican.

Poor fellow, how he must have suffered. There was a certain man from Corry who visited this place some days since. He will need a rest for several days, and weeks for that matter, in order to get his benzine soaked carcass clear of the vast quantities of "family disturbance" imbibed by him while in the Centre. "Disturb him not but let him rest," &c.

A new well was struck on the Shaw farm near Rouseville, a day or two since which is producing about 100 barrels per day.—Evans & Thompson are the owners.

A choice lot of kerosene murders to report to-day. Henry Madson, of Albany, a school teacher—reading in bed last Saturday night—lamp exploded—dead. Mrs. Moore, of Miller Farm, near Titusville, sixty years old, starting fire—all cau exploded—dead. Mrs. Thomas Conway of Oswego, holding baby in her arms last Tuesday—starting fire—oil can exploded—shockingly burned—mother and child both dead. "Both Mrs. Conway and the infant" we read, "were badly charred over the entire surface of their bodies, their eyes being destroyed and countenances rendered unrecognizable." Next!

ACCIDENT.—This afternoon, while Mr. R. Shoemaker, an employee of the railroad, was engaged in coupling cars, his foot got caught in the track and a wheel of the car passed over it, badly crushing the bones and probably necessitating amputation. Mr. S had been in the employ of the company but a short time.

The Bellefonte Watchman says: The Clearfield fair consisted of a calf, a goose and a pumpkin. We are told that it rained so hard the first night that the goose swam off, the calf broke loose and ran up the pumpkin, and a thief prowling around stole the calf. And that ended the fair.

Latest and Most Important War News.

London, Nov. 8.

A cable dispatch to the World, dated London 8th, says:

A number of letters from World correspondents were received to-day from which we extract the following:

Fearful distress and discontent prevail in Germany, growing out of the prolongation of the war, of which the journals dare not speak no mercy is shown by this military Government.

The whole country is morally and materially in the most deplorable condition, and it is doubtful how long public indignation can be restrained by military discipline.

Everywhere is desolation.

Tens of thousand are in mourning.

Prussia may yet greatly injure France, but, but she is so exhausted she cannot conquer her.

King William must go on under the same condition as did the Emperor after the battles of the 14th, 16th and 18th of August, when he dared not return to Paris without achieving success to efface the previous disasters.

William also seeks success before daring to return to Berlin, otherwise the Prussian power will collapse like the dreams of the Emperor.

Viena, Nov. 8.

A correspondent asserts that the French government acts as if it was unconscious of defeat.

Its tone and manner are the same as they would have been if the French army had been victorious and were now before the city of Berlin.

London, Nov. 8.

Metz has been made the capital of German Lothringen (Lorraine)

The Times has reason to believe that the bombardment of Paris will not begin for two weeks.

King William is reluctant to destroy so grand a city, and is giving the French every opportunity to negotiate for peace.

A COAL OIL SWINDLER.—The Bellefonte Republican of last week thus narrates the exploits of a swindler in that city:

Last Saturday afternoon, a well dressed, business-like young man, calling himself H. S. Paine, stepped into several of our business houses, where coal oil is sold, and representing himself as the agent of a Cleveland house, wanted to take orders for oil. By offering oil two or three cents below the market price, guaranteeing its quality, and proposing to pay freight on the first lot, he finally succeeded in selling to two or three of our dealers. He then wanted one of the purchasers to go to the bank with him to endorse a draft on his house for \$25 as he said he was out of funds. The gentleman so solicited, however, having had his fingers slightly burned in that fire before, politely declined. A suspicion at once entered his mind that the young man was a swindler, and he telegraphed to the house at Cleveland to know if they had any such agent. The reply soon came that they had not, but that some swindler had been drawing on them, from various points. This was sufficient grounds for further proceedings. The order for twenty barrels of oil was duplicated, Monday morning, and the young man obtained \$5. He was then arrested on charge of obtaining money under false pretences, and thrust into the jail, where he yet languisheth, in painful suspense, awaiting his trial at court.

A funny incident occurred at a New York wedding the other day. A pet Skye terrier, belonging to the bride, slipped unobserved after the party into the church.—He remained very quiet till the end of the service, but on the postceremonial kiss being administered, it entered his dog-like brain that his mistress was suffering an injury, so he attacked the unfortunate groom, Barke, yelp; screams, expletives. Tableau.

The Little Corporal Magazine for November is a beautiful number of a most beautiful juvenile—good enough for the most exacting. Since its enlargement and improvement and the addition of fine full page and other engravings, The Little Corporal is worthy of a circulation of at least a hundred thousand. The remaining numbers of 1870 are offered free to all who subscribe now for the next year. Don't fail to give your children this sterling juvenile magazine. It is published in Chicago, Illinois, by Sewell & Miller, at one dollar and a half a year, 15 cent for a single copy.—Beautiful and generous premiums are given for clubs.

To-morrow evening there will be a Social Assembly at the Danforth House, Pithole City. Col. S. M. Alford, the popular landlord of the house, knows just how to get up a good old-fashioned social time, and undoubtedly there will be a godly number in attendance.

Singing School.

We are happy to announce to the public of Petroleum Centre and vicinity, that Prof. Schoolman, of Titusville, formerly of Philadelphia, has at last been induced to visit this place. He has been engaged by Rev. James Dunn to give the Catholic Church choir a thorough musical drill; and under the Professors instruction, the choir is making rapid progress. He received a first-class education in Philadelphia and guarantees the same to all who put themselves under his instruction. He is, we believe, the only instructor in the oil regions, who teaches the science of harmony and theory of musical composition. We feel sure that if the merits of the Prof. were fully understood, a great many of our citizens would be more than glad to secure his services.—All persons who wish to take private lessons in singing, or on the violin, flute, Piano, organ, &c., will find in him a competent teacher. Terms \$20 a quarter, payable half in advance. For further particulars address
