

ROBERTS' PETROLEUM TORPEDO.
TORPEDOES.
 THE ROBERTS' PATENT
 BY THE
E. D. PLANNING MILL,
 211 or 213 Main and Second Streets,
 (Near the Railroad.)
 TITUSVILLE, PA.

Coming to the large and increasing demand for the Roberts' Torpedo, and the decision of the Commissioner of Patents in refusing to issue a patent, and the decision of Judge P. U. Stone and the Roberts' patent they have LOWERED the price of their Torpedoes.

OPINION OF JUDGE GIER.

As I write with difficulty I can only state the conclusions to which my mind has come after a careful examination of this case.

The complainant has exhibited a patent dated 25th of April, 1882. This is a prima facie evidence of a good title, and puts on the respondents the burden of proof that the patent is void or worthless.

I need not repeat my remarks in the case of Good-veer vs. Day (2 Wall, C. C. Rep. 239.) but now apply clearly to the present case.

As the invention of the patent is admitted, the only question will be as to the validity of complainant's patent of April 25, 1882.

It was after speculation had been reduced to practice, and after repeated experiments, that the complainant succeeded in overcoming the prejudice and ignorance of the people on the subject, and persuading the public that his invention was useful, after he had established his great utility and value, and when his genius and patient perseverance, in spite of sneers and scoffs, were completely successful, that Reed, who had before made experiments on the same subject, and was unsuccessful, imagined that he had the best right to the invention, and after purchasing one or more complainant's torpedoes, he applied on the 1st of November, 1877, for a patent for substantially the same combination of devices and machine contained in complainant's patent.

On the 10th of the same month the respondents formed themselves into a company or corporation called "The Reed Torpedo Company," for the purpose of pilating the complainant's invention, and supporting the expense of litigation, and thus defrauding him of the fruits. They have perjured, even after the preliminary injunction very properly granted by the District Judge.

Let a decree be entered for complainant for a perpetual injunction, and a master appointed to take an account according to the prayer of the bill.

R. C. GIER, Judge.

NOTE.—The passage referred to by Judge Gier in his former decision, 3 Wallace, p. 229, adopted as applicable to this case was as follows:

"It is usually the case, when any valuable discovery is made, or any new machine or process is invented, that the attention of the public has been turned to that subject previously, and that many persons have been making researches and experiments. Philosophers and mechanics may make some measure anticipated in their speculations the possibility or probability of such a discovery or invention; many experiments have been successfully tried, coming very near, yet falling short of the desired result. They have produced nothing beneficial. The invention when perfected may truly be said to be the crowning point of many experiments, not only by the inventor, but by many others. He may have profited indirectly by the unsuccessful experiments and failures of others, but it gives them no right to claim a share of the honor of the profit of the successful inventor. It is when speculation has been reduced to practice, when experiment has resulted in discovery and when that discovery has been perfected by patient and continued experiments, when some new compound, art, manufacture, or machine has been thus produced which is useful to the public, that the party making it becomes a public benefactor and entitled to a patent. And yet when genius and patient perseverance have at length succeeded, in spite of sneers and scoffs, some valuable invention or discovery, how seldom is it followed by reward! Every man of the honor, while speculators, swindlers, and pirates rob him of the profits. Every unsuccessful experimenter who did or did not come very near making a discovery now claims it. Every one who can invent an improvement or vary its form, claims a right to pirate the original discovery. We need not summon Morse, or Blanchard, or Woodward to prove that this is the usual history of every great discovery or invention."

The present case adds another chapter to this long and uniform history.—2 Wallace, C. C. Reports p. 222.

CAUTION.

The public is cautioned against employing any of the regular, unauthorized Agents of the Company, since the Roberts' Patent covers the use of the Torpedoes and all explosive materials for oil wells, and the use of such materials by other parties is a direct infringement of their rights. Any party infringing any of the ROBERTS' PATENTS will be dealt with according to law, and as acting willfully and knowingly in defiance of law and the decisions of the Courts.

The Company have re-organized their business with a view to accommodate Oil Men in every part of the Oil Region. They have employed the most efficient Agents and Assistants that can be procured for the business. Each Torpedo is labeled with date of patent, together with the price of the Torpedo, and signed by an officer of the Company, so every Operator will know a Torpedo is genuine, its price and whether it came from one office.

Operators will confer a favor by reporting to this Office any negligence of Agents.

The following named persons have been appointed Agents and Assistant Agents for the Oil Regions of Pennsylvania and West Virginia.

LIST OF AGENTS.

TITUSVILLE, CHURCH RUN AND VICINITY—STEPHEN COOP. Office, Hamilton's Cigar Store, address Titusville, Pa.; Assistant John Van Severen.

 Enumerating a few of the articles to be found at

L. M. STERNBURG'S
Lumber Yard
 Washington St., Petroleum Centre, Pa.

Friends and patrons, one and all,
 Your attention to my "Bill" I would call;
 Time is dull as money tight,
 But in these times I'm looking for light;

To those who are building rigs without number,
 I would inform—this is the place to buy Lumber;
 My motto is this: "Quick Sales and Small Profits,"
 For business is healthy and I think much of it;

In quality my Lumber is second to none,
 And as for Shingles, I keep No. 1;

Some may not look at it in the light I do,
 And for those I have a quality No. 2;

And to those who are particular—as some may be,
 I still have another quality called No.

I have good seasoned Lumber, Dressed up nice,
 Which I will sell at a low cash price;

Such as Flooring, Ceiling and Siding, both Rough and Dressed,
 Latb, Balcony and Surfaced Lumber, all of the best;

I also have Big Lumber of all kinds,
 At prices to compare with oil and hard times;

All kinds of Timber kept constantly on hand,
 And a box of Cigars of a very good brand;

My facilities for selling are surely without number,
 I always keep good teams to deliver good Lumber;
 So if you want Lumber, Rough, Dressed, Soft or Hard,
 You will find just what you want at L. M. Sternburg's Lumber Yard.
