The "corner" in oil is about the only subject under discussion among oil men to-day. The "bulls" have dispatched to Titusville and Miller Farm about 225 empty cars, and claim they have enough cars to enable them to take all their purchases inside the 10th of the month, providing the "bears" can get the oil, which they very much doubt. On the other hand the "bears" are confident they can give the "bulls" all the oil purchased or force a settlement of the difference. We understand that Mr. Henry Barley of Titusville, who is one of the heavy "short" sellers to the "bulls," has purchased the McCray & Payne Pipe Line, and in connection with others of the "bears" who control some 20,000 bbls. of oil on the Boyd farm, expect to give the "bulls" a lively tussle. It is hard to tell how the movement will end. To-day it looks most favorable to the "bulls." They certainly have the "drop" on the other party as far as cars are concerned, having the Valley Empire Line and O. C. & A. R. R. cars at their disposal.

ACCIDENT.—A young man named Edward Kunkel, residing at Cherrytree village, while out gunning yesterday afternoon accidentally discharged his fowling-piece in such a manner that the entire charge of shot entered the right arm pit, passed through the shoulder blade and lodged beneath the muscles of the back, making an ugly but not fatal wound. The shot were extracted and the young man is doing as well as could be expected under the circumstances.

An oil dealer lost a set of teeth from a rapidly moving train at Scranton by putting his head out of the train and opening his mouth too wide.

S&D ACCIDENT.—On Monday a freight oil train on the A. & G. W. road took fire at Adamsville station, 19 miles west of Meadville. By prompt and active labor on the part of the train men, and others who assisted, the fire was soon extinguished.

As a precautionary measure, however, the stoppers of the oil tanks had been pulled out as soon as the alarm was given—this was done under the impression that the fire could not be checked. After the fire had been put out, the conductor of the train, Mr. DeWitt started to walk along the line of cars for the purpose of examining into the condition of things. He had not gone far when the light in his lantern went out. Taking a match from his pocket and lighting it, Mr. DeWitt was at once enveloped in flames, caused by the blaze of the match igniting the exhalations of oil which was running along in streams from the open tanks. Mr. DeWitt was badly burned, and is now lying at Adamsville, attended by Dr. Giler. The hope is entertained that he will recover.—Meadville Democrat.

THE CONCERT.—This evening Madame Susie Dunkerson, assisted by a full company of talented artists, gives a concert at Sobel's Opera House. The programme consists of selections from the most popular operas of the day, songs, choruses, glee, &c. Madame D. has been training for several months in this place preparatory to starting out on a professional tour. She has an exceedingly fine voice and will undoubtedly draw a crowded house. Monday night the company will perform at Oil City.

The war between France and Prussia; the troubles in Cuba, or the "corner" in oil has not interfered with the trade of Messrs. & Armstrong, flour and feed dealers, next door to the McClintock House, Washington street, who still continue to supply our citizens with flour, feed, hay grain, apples, potatoes, &c., at most reasonable rates. They have recently enlarged their store rooms and made new arrangements with dealers in Cleveland and Buffalo, whereby they can supply the constantly increasing demand for articles in their line. Give them a call before purchasing elsewhere.

NEW WELL.—Kemp Bros. well, located on the Keenan farm, back of the Columbia farm, commenced testing at seven o'clock last night, and this morning was pumping at the rate of eight to ten barrels per day. It will probably be a good ten barrel well. Owned by Kemp Brothers of Columbia farm.

London, Dec. 2.

Private dispatches to the Stock Exchange and Lloyd assert that General Trochu succeeded in cutting through the Prussian's lines in the North of Paris in such force that the Germans were driven from all their positions with a general rout. A great battle is going on west of Paris.

Berlin, Dec. 2.

The following dispatch from General De Taelpling, commander of the Seventh Prussian Corps, has just been received dated Thursday:

A great sortie occurred here yesterday. The French moved out against the Prussians and Wurtemburgers early in the morning, supported by a heavy cannonade of three forts.

General Trochu and Ducrot commanding leading 120,000 men.

At 11 o'clock the French were repulsed by the Sixth Corps and retired. Subsequently at 3 p. m. the Wurtemburgers, who had been reinforced by cavalry and artillery, were attacked by the French. The latter were again repulsed. The German loss was trifling.

London, Dec. 2.

A dispatch from Paris dated Nov. 30th, says: Operations by the French commenced yesterday at different points around the city. Gen. Ducrot with a force moved out of Paris and occupied Montreuil, which he was soon compelled to evacuate. The heaviest fighting was done at Campagny and Villiers Surmarne. The French are now renewing the attack on the South.

A dispatch from Tours, dated the 1st, says: News of a successful sortie around Paris has caused most indescribable excitement.

Tours, Dec. 2.

The Monsieur of this city has the following details: On the morning of the 29th ult. the first sortie of the French garrison of Paris was begun at Chosy Le Roi, L'Hay and Chevilly. The battle in that neighborhood lasted all night of the 29th, and till the next night. General Ducrot then crossed the Marne, and occupied Meziel. Subsequently he evacuated that point and engaged the enemy at Champaigny fighting his way to Berle.

OIL ON BUFFALO CREEK.—The Armstrong Republican says: We are gratified to learn that oil was struck at or near Worthington, seven miles from Kittanning, on Wednesday last, at a depth of thirteen hundred feet. The oil was thrown as high as the derrick while drilling was going on. This well is owned by Peter Graff, Esq., Dr. Maxwell and others, and is on entirely new territory and will no doubt cause considerable excitement in the neighborhood and among our operators. We congratulate the owners of this new strike upon their success, and hope that they may be amply rewarded for their patience energy and perseverance.

THE "EVENING STAR."—This and its companion, the "Morning Star" car are said to be the finest cars that ever ran on wheels. Both passed through Meadville to-day; the former on the half past two train west, and the latter on the twelve o'clock train east. They were built at Jersey City, under the Pullman patent, and are most magnificent vehicles. The cars are most luxuriously fitted up, sumptuously upholstered, elegantly painted, gas lighted, in fact possess every luxury and convenience a traveler could desire. They cost \$25,000 each and are an honor to the Erie Railway Company.—Meadville Republican.

SCOTCH PLEA FOR MARRIAGE.—The following gem will touch the right place in every loving heart. Read it and put it away in your casket of pearls:

Jenny is poor, and I am poor, Yet we will wed—so say no more; An' should the bairnies to us come, (As few that wed but do have some,) No doubt but Heaven will stand our friend, And bread as well as bairnies send. So laces the hen in farmer's yard; To live alone she finds it hard; I've known her weary every claw; In search of corn among the straw; But when in quest of nicer food, She clucks among her chirping brood, With joy we see the self same hen That scratched for one could scratch for ten; These are the thoughts that make me willing To take my girl without a shilling; And for the self same cause you see, Jenny resolved to marry me.
