MONTHLY OIL REPORT.

Below we give our usual monthly oil report for the month of November. As we predicted in our report for the month of October there has been a falling off on nearly all the farms and tracts in this vicinity, especially on the McCray farm. The production of this farm for the month of October was 2,686 barrels per day, and for the month of November 1,944 barrels per day, showing a decrease of 742 barrels per day.

Some developing was done during the month on tracts lying east of this, on the Sadorus, Wilson and others. On the Wilson Farm two wells were sunk with indifferent success, and five more are going down. There are probably not over 30 wells drilling in this vicinity at present, being principally located on the J. S. McCray farm, Columbia farm, S. Boyd farm, Metropolitan tract, Cherrytree Run, and the tracts alluded to above, and not many new wells will be commenced before spring opens.

During the month the shipments from this point of crude and refined was 92,109 barrels, against 92,938 during October:

By a dispatch from Franklin we learn that a new well was struck day before yesterday on Patchell run, a tributary of French creek, two miles north of Franklin, and is pumping at the rate of two hundred barrels of heavy oil. The well is owned by Galloway, Carl & McCaslin. The property is owned by W. T. Baden, of Franklin.

The citizens of Jamestown, Pa., are elated at the prospect of the early completion of a railroad from that place to Ashabula, Ohio. This will give Cleveland a new pathway into the oil region.

The Butler Citizen says: Thorn Creek oil well is reported now down 850 feet with very favorable indications of oil. The well of the Wolf Creek Oil and Salt Company at Slippery Rock is down 900 feet, and they are advertising for proposals for drilling it to a depth of 1,200 feet.

Some time ago we chronicled an assault upon Frank Stewart, of Panama, Chautau, qua county, who was knocked down and robbed of \$1,000 by parties unknown. On Friday last two men, named James Quinlan and James Ryan, were arrested in New York, who are supposed to be the robbers. They had purchased tickets for California, and were to sail on the next steamer.

Men were engaged yesterday in laying pipe from the Boyd farm filling racks to the S. A. Woods tanks on the Central farm.

A boiler explosion occurred at the Jake Shirk well, Fagundes city, day before yesterday. Nobody hurt.
