## 1870.

This is the lat week of the ynar 1870. Before another day thall bave pansed away wwento have trupapirud during the yeart just drawing to e close, wbleb are faraliar to all our readers, and to enumerate them
would seem guperfluous. Our own land and would seem auperfluous. Our own land and
nation has been blessed with peace and nation has been blessed with peace and
prouperity and the reacurces and wealth of the ciuntry thave bean developed to a greatvrextent thau io any preceeding year.Whilo we bave boen blessed with peace,
and all its comforie and influences, the old world has beet made the acene of bloodebed aud vileence. Nation batiling agaiast na-
tion, vot for the preservation of great prineiples ensential to the tappioese of humanity, but to natiate the pride and ambition of despots aud tyrante. As a resart of this
etruggle, one empire to numbered with the thlogst that were, and on its ruise bas been raised a Republic, the tuture of whieh it is hard to predict. The year 1871 will witsesa its downfall or successful eatabilisbment
Tbe proatration of Frauce, snd the faet that Prusisis bas rugagemeats which are likely to attrath ber alleotion for some time, has given an opportanity lor Lumaia to demand
wito impertiaence, the abrogation of the Paris crealy of 1850, nad the complications tion, ore bot likely to te kettled without tiun, ore bot likely to te Eettied without
uppealing to the aristrament of the aword. TLus at the tiose of 1870, the prospeot of a kedaral war, han $5^{4}$ like a pull over Earope,
pradaeiug dikinay and uncertainty in tie un adool the peopie, and a dread an to the eventh of the fulur:
